### **KPIT takes a strategic stake in an Automotive Engineering Services Company**

KPIT (BSE: 532400; NSE: KPIT), product engineering and IT consulting partner to Automotive, Manufacturing and Energy companies, announced today that it has completed agreement for a strategic partnership in a Germany headquartered Engineering Services Company.

The fixed consideration will be Euro 9.3 Million. The total consideration will include additional variable consideration, which is based on achievement of certain financial parameters over the next 4 years.

The strategic partner, MicroFuzzy, has over 20+ years of proven engineering expertise on Powertrain systems and Drivetrain Electronics. It has core expertise in the areas of Software development for E-Mobility, E/E Architecture, End to End Test and Validation solutions for powertrain components. This partnership gives KPIT access to around 150+ specialized engineers.

Speaking about the Partnership, Kishor Patil, CEO & MD of KPIT Technologies said “We are very excited with this partnership. Powertrain is our largest practice within Automotive Engineering and E-Mobility is a big focus as well as a growth area. With this partnership, we will be able to enhance and bring in next generation offerings in the key growth area of E-Mobility. This further strengthens our leadership position in the Automotive Engineering domain and bolsters our presence in Germany”.

### **About KPIT Technologies Limited**

KPIT (BSE:532400; NSE: KPIT) is a global technology company focused on providing technology solutions and expertise to Automotive and Transportation Companies, Government bodies, Manufacturing, Energy and Utilities companies.
