Limited Review Report

**Review Report to
The Board of Directors
HCL Technologies Limited**

We have reviewed the accompanying statement of unaudited standalone and consolidated financial results of HCL Technologies Limited for the quarter ended December 31, 2016 and year to date results for the period April 1, 2016 to December 31, 2016 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016.

This Statement is the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on the Statement based on our review.

We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited standalone and consolidated financial results prepared in accordance with recognition and measurement principles laid down in the applicable Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Further, HCL was awarded the Silver Award for Innovation, at the Workforce 26th Annual 2016 Optimas Awards, for harnessing mobile technology to empower employees.

CUSTOMER ACQUISITION

HCL's Mode 1–2–3 strategy continues to resonate with customers. Nine transformational deals were signed this quarter, across service lines, industry verticals and geographies.

MARKET LEADERSHIP

MODE 1: CORE SERVICES

Under Mode 1, HCL delivers the core services in areas of Applications, Infrastructure, BPO and Engineering & R&D, leveraging DRYiCE™ Autonomics to transform clients' business and IT landscape, making them 'lean' and 'agile'.

Applications, Infrastructure Services and BPO

- HCL signed an end-to-end infrastructure services contract with a leading US-based healthcare payer. The company will help the customer on the digital foundation, implementing DRYiCE™ autonomic platform & unified service management accelerators to build a multi-modal service delivery ecosystem for datacenter & next-gen workplace services.
- HCL has been selected by a leading US-based insurance company to provide integrated IT services. Leveraging DRYiCE™, HCL will deliver end-to-end infrastructure services and automation solutions across datacenter, workplace services and applications testing as well as Mode 2 services across security and identity & access management (IAM).
- A leading Fortune 500 oilfield services company engaged HCL for 'design and build' of enterprise asset management solution as part of its SAP transformation program; expanding the scope of work from the earlier release where HCL was responsible for the design phase.

Engineering and R&D Services

- HCL completed the acquisition of Butler America Aerospace, LLC, strengthening its position in the aerospace & defense engineering services space. Butler Aerospace primarily serves customers in the aerospace and defense industries in the US.
-

MODE 2: NEXT-GENERATION SERVICES

Under Mode 2, HCL delivers experience-centric and outcome-oriented integrated offerings of BEYONDigital™, Modern Applications, Business Analytics, IoT WoRKS™, Cloud and Security, utilizing DRYiCE™ Orchestration.

BEYONDigital™, Modern Applications and Analytics:

- HCL has been selected by a Global 100 Europe-based financial services organization for digital transformation services, leveraging next-gen technologies to create a digital platform, and driving innovation, agility, customer centricity, experience & cost efficiencies. HCL will provide these services in a DevOps model with continuous delivery capabilities.
- HCL has signed a multi-year engagement with a major global marketing services company to enable them transform their marketing platform strategy across their diverse business demands and help accelerate their rapidly growing digital business requirements.
- HCL signed a digital web platform transformation and services contract with a leading global pharmaceuticals company in the DACH region to drive innovation and customer experience.

MODE 2: NEXT-GENERATION SERVICES

IoT WorKS™

- A Fortune 500 US-based pharmaceutical company engaged HCL for an end-to-end medical IoT solution consisting of medical device, mobile application and back-end applications, hosted on AWS cloud, helping patients who suffer from eye diseases.
- A leading US regulated electric and gas utility company expanded its IoT-based scope of work with HCL to include gas automated meter reading, from the earlier project where HCL delivered electric automated meter reading. These projects will enable the client to boost user engagement & experience by introducing new 'time of use' & 'dynamic peak pricing' plans, energy efficiency programs and demand response systems.

Cloud and Security

- HCL won an integrated Infrastructure and Applications deal with a leading US-based global tire manufacturer to transform their end-to-end infrastructure by implementing hybrid cloud and modernizing the IT infrastructure and applications, which will serve as the base platform for driving business outcomes. HCL will leverage its Gold Blue Print and globally implement the DRYiCE™ platform, OptiBot framework and a standardized ITSM platform to drive efficiencies through automation.
- A leading US-based healthcare IT solutions company augmented its relationship with HCL to extend legacy product support for its healthcare practice management products as well as migration of healthcare products into Azure Cloud to drive efficiencies & innovation.
- HCL has won a contract with a Global 2000 Europe-based hitech & manufacturing company for the delivery of global workplace services, identity & access management (IAM), datacenter infrastructure management and integration services. As part of this engagement, HCL will provide network security, endpoint security, secure remote access, certificate management, digital rights management, email & web security, server security, risk assurance and log management.

MODE 3: PRODUCTS & PLATFORMS

HCL continues to explore & enter into strategic and innovative IP-based partnerships, targeting specific next-generation opportunities.

- HCL has extended its IP partnership with IBM to define the future roadmaps for additional products in the areas of Application security, B2B data transformation, Testing automation and Mainframe management tools. These products include IBM Security AppScan, IBM Transformation Extender (ITX), IBM Systems File Manager, IBM Systems Fault Analyzer, Rational Synergy & Change, Rational Test Automation, Rational BuildForge and Rational Asset Manager (RAM). HCL has committed to invest ~\$155 million in the extended partnership.

RENEWALS

- UBS AG renewed its Finance Operations services contract with HCL. The company will continue to deliver key finance operations to UBS AG, supporting cost transparency and continuous improvements to the operating model of its finance department for the next three and half years.
- A leading Global 100 Australia-based financial services organization renewed its engagement with HCL for application development & maintenance across all areas, driving business efficiencies & innovation.
- HCL renewed its engagement with Asia's leading security stock exchange to provide technology services in a managed services construct. Leveraging DRYiCE™, HCL will provide services across IT infrastructure, end-user computing, datacenter & cloud services, workplace services, managed networks, enterprise security and GRC services.
- HCL renewed its engagement with a Swiss-based Global 100 financial services institution for providing application development services for a period of another 5 years.
- A Fortune 500 US-based medical devices company renewed its strategic R&D engagement with HCL for driving innovation towards new product development, sustaining & enhancing existing product lines, as well as delivering engineering automation for efficiencies.

RECOGNITIONS

- HCL organized an Analyst & Advisor Day in Boston in November 2016, titled "The Big Leap Ahead: Building the 21st Century Enterprise". IDC came out with an exclusive report focusing on HCL strategy and changing to a '3rd Platform' services company with a focus on digital, automation, cloud, and internet of things (IoT) transformation.
 - According to IDC, 'HCL has created a set of critical building blocks to continue growing its business with a future focus on experience-centric and outcome-oriented businesses such as BEYONDigital™, IoTWoRKS™, Cloud, and Cyber Security, that includes its DRYiCE™ automation platform, and HCL's ecosystem-driven businesses that include its products and platforms involving unique IP that can be scaled for future opportunities. IDC believes that these capabilities can enable HCL not only to move along a more non-linear curve of productivity, but also help enterprises make the big leap ahead' (Source: *Helping Enterprises Make the Big Leap Ahead*, Nov 2016, Doc #US42128316)
