Chairman's Message

Commenting on Q1 FY18 performance, Mr. Sunil Agrawal, Chairman and Managing Director, Vaibhav Global said:

"We continued to deliver healthy performance in the quarter under review with strong retail volume growth of 10% YoY. Reported revenues grew 5% YoY despite the adverse impact of currency translation. In constant currency terms, our retail subsidiaries in the US and UK that account for about 90% of revenues, delivered revenue growth of 10.2% and 14.3% respectively – in line with management's guidance. In addition, a largely stable cost structure and organizational efficiencies aided EBIDTA and PAT and growth of 27% YoY and 38% YoY respectively.

In the past year, we have undertaken multiple initiatives to strengthen our business model. We have judiciously used internal cash accruals to ramp-up our manufacturing facilities and e-commerce platforms. We have also developed deeper relationships with customers – with extended household coverage, launch of Budget Pay across all sales channels, mobile app for Shop LC and TjC, improved programming content involving on-air guest experts and a robust supply chain logistics. In addition, we recently undertook quality and supply chain initiatives at Shop LC as we focus on improving overall consumer experience in our retail operations.

We are confident of maintaining the growth momentum during the rest of the year. We expect our deep value proposition to deliver volume growth across all mediums in both the markets. With the improving business scenario, we are well-poised to enhance value for all our stakeholders."
