**Pennar Enviro and Pennar Engineered Building Systems
subsidiaries of Pennar Industries Ltd announce receipt of orders worth Rs. 70 crores**

Hyderabad, India, January 13th 2014– Pennar Enviro Ltd and Pennar Engineered Building Systems (PEBS Pennar), subsidiaries of Hyderabad based Pennar Industries, have announced receipt of orders worth Rs. 70 crores. The companies received orders from NTPC, JSW, JBF, Texpin Bearings, Frontier Sales, Saraf agencies, e.t.c

- 1) Order from **NTPC** for a 50 MW solar power plant in Singrauli, MP
- 2) Order from **JSW** (Dolvi), for the Design, Supply, Erection and Commissioning of STP using membrane bio reactor technology.
- 3) Order from **JBF**, for the process design, detail engineering, procurement and supply, erection and commissioning of a demineralization plant of 5.5 MLD capacity in Mangalore.
- 4) Order from **Texspin Bearings** for a factory building, near Ahmedabad. The total area of the building is 14,545 Sqm.
- 5) Repeat order from **Frontier Sales, Guwahati** for pre engineered buildings.
- 6) Order from **Saraf Agencies** covering a building of 19,123 Sqm for a manufacturing plant in Orissa.

Commenting on the development Chairman Mr Nrupender Rao said, “Continuing orders procured by PEBS Pennar and Pennar Enviro in current market scenario speaks of technological design and project management capabilities of these companies. We are confident that these subsidiaries will continue to increase orders in the next few quarters”
