Production commences at new Facility in Dhannad, Indore

Equipped with world class technology

Expeller Pressed high grade Organic Soy Refined Oil (physically refined)

& Organic Soy Lecithin

12th July 2018, Indore, Madhya Pradesh: Shaan Agro Oils & Extractions Pvt. Ltd. is 100% subsidiary of Shanti Overseas (India) Ltd. amongst leading manufacturers and exporters of Organic Soymeal in India since 2015. It has announced that the new oil refinery plant has commenced its production operations which is involved for the manufacturing of the Expeller Pressed Organic Soy Refined Oil (physically refined) & Organic Soy Lecithin. This new plant is located at Dhannad, Indore, Madhya Pradesh.

Details of the New Plant –

- Annual Installed Capacity – 15,000 MT of Oil Refinery
- Technologically advanced facility with world class infrastructure
- State-of-art machinery of German Technology
- Strategically located closer to raw material source
- Logistically well connected with road and rail enables reduction in transportation cost and decrease in spillages

About Shaan Agro Oils & Extractions Pvt. Ltd

Shaan Agro Oils & Extractions Pvt. Ltd is 100% subsidiary of Shanti Overseas (India) Ltd. the date of incorporation is 14th February 2017. It has commenced production facilities from 11th July 2018. The total premises of Shaan Agro is of 50,000 sq ft has been acquired from Shanti Overseas on lease for the period of 11 years. Expeller Pressed Organic Soy Refined Oil (physically refined) & Organic Soy Lecithin are the two products manufactured and marketed by Shaan Agro.

Total Refining capacity is of 50mt per day and 15,000mt approx. annually whereas production capacity of Organic Soya Lecithin is 2mt per day and annual capacity of 600mt (approx). Our basic source of raw material is from Shanti Overseas which reduces the cost and time to bring the raw materials to the facilities.

In current scenario plant is in operational mode where still some work of layout and utilisation is under process which will get completed in next 2 to 3 months.

Organic Soy Lecithin will be marketed in Europe, UK and USA while Organic Soy Refined Oil will be marketed in India. As of now, we will market our Soy Refined Oil in bulk supplies. After reviewing the demand cycle we have planned customised packaging in our own brand name.

Overview of the New Plant of Organic Soy Meal & Expeller Pressed Soy Refined Oil & Organic Soy Lecithin-

Announcement by the Whole Time Director Mr. Ayush Kacholia:

"We are very happy to announce that we have commenced operations of soya refined oil and soya lecithin at our facility located at Dhannad in Indore. This marks a great achievement for us as we have been able to start this facility well within the time that we have estimated. The main aim of incorporation of Shaan Agro Oils & Extractions Pvt. Ltd. is to diversify our product line from Feed grade to Food grade. Our objective is to provide list of value added products both in domestic as well as in international market. By diversification, we will be able to cater the need of world market, making our presence worldwide. Hence, we will increase our margins and turnover values.

Certifications:

Shaan Agro's facilities are complying all the rules and regulations of Govt. of India. Right from obtaining factory licence, self-sealing permission till the pollution control norms have been taken care. For exports we have applied FASSAI, KOSHER, NPOP/NOP, EU, HAACP, GMP, ISO22000 etc.
