WEAKNESS COULD PERSIST IN SECOND HALF OF FISCAL

Manufacturing contraction drags GDP growth in Q2

Private consumption holds up but govt spending down

SURABHI
New Delhi, November 30

ECONOMIC GROWTH AT a robust 6.3% in the second quarter of the fiscal came in higher than many forecasts, aided by sharp growth in the services sector. But the steep contraction in manufacturing sector and the wide divergence between growth in GDP and gross value added came as a surprise.

Analysts believe that the weakness in manufacturing could persist in the second half of the fiscal as well, prompting many agencies to scale back their growth forecasts for the fiscal given the additional overhang of global headwinds.

Official data released on Wednesday revealed that the manufacturing segment registered a de-growth of 4.3% in the July to September 2022 quarter as against a growth of 5.6% a year ago. Manufacturing grew by 4.8% in the first quarter of the fiscal.

While GDP grew by 6.3% in the second quarter of the fiscal, GVA growth trailed at 5.6%.

Madan Sabnavis, chief economist, Bank of Baroda noted that manufacturing has been

EXPENDITURE COMPONENTS OF GDP FOR Q2 FY23 AT CURRENT PRICES

clearly affected by low growth for the SME sector (as per Index of Industrial Production) and fall in profits that has affected value added for the organised sector. "We do expect GDP growth to be around 6.8% for the year, with a downward bias depending on the changing economic environment. But the downside will not be more than 0.2-0.3%," he said.

Rajani Sinha, chief economist, CareEdge also termed the contraction in manufacturing sector as worrying. "The manufacturing sector has continued to suffer from high raw material prices and uneven recovery in demand. This was also reflected

in the decline in profit margins of corporates in the second quarter," she noted.

"Going forward, the most critical aspect would be a further pick-up in the domestic demand scenario as the external environment would remain challenging. The pick-up in private capex cycle would be contingent on continued improvement in the domestic demand scenario. The fall in global commodity prices should provide comfort to the manufacturing sector," she said, while pegging GDP growth at 6.9% for the full fiscal. A better picture on the sector's performance will come from high frequency indicators

but questions remain on whether the pent up demand will sustain growth.

"Going ahead, even as recovery in domestic economic activity is yet to become broad-based, protracted global drags, shrinking corporate profitability, demand-curbing monetary policies and diminishing global growth prospects weigh on output. This will put pressure on domestic growth, which is yet to be broad-based and still lacks the next lever of secular growth," said Madhavi Arora, lead economist, Emkay Global Financial Services, adding that downside risks are increasing for 7% growth forecast for the fiscal 2022-23.

However, the growth in private final consumption expenditure is being seen as a silver lining. Private final consumption expenditure grew by 9.7% in real terms and at over 20% in nominal terms. At current prices, PCE amounted to 61.6% of the GDP in the second quarter of the fiscal.

"GDP growth was boosted by the performance of private consumption expenditure and gross fixed capital formation, whereas government expenditure displayed a discouraging contraction in Q2 FY2023, on account of the modest de-growth in the Centre's non-interest revenue expenditure," noted Aditi Nayar, chief economist, ICRA.

States' capex may be 23% lower than FY23BE: Icra

TAKING INTO ACCOUNT the trend of lower-than-budgeted capital outlay as well as back-ended spending in recent years, rating agency Icra on Wednesday said the combined spending of the 18 states reviewed could be 23% lower than the FY23 budget estimate.

The combined revenue spending of the 18 states increased by 15.3% in H1 FY23 from H1 FY22 and was equivalent to 42% of the FY23 BE. With a healthy growth in revenue receipts relative to revenue expenditure for 14 of the 18 states in H1 FY23, the combined revenue deficit of the 18 states narrowed to a mild ₹0.3 trillion from ₹1.3 trillion, respectively, Icra said.

Despite this, their combined capital outlay stood at ₹1.59 trillion in H1 FY23, a muted 2.2% higher than H1 FY22. The capital outlay in H1 FY23 was a modest 2.6% of the combined FY23 BE.

ABHISHEK ANGAD
Ranchi, November 30

A TEAM OF the Jharkhand Police has been camping in Raipur since November 28 to arrest Brahmanand Netam, the BJP's candidate in the upcoming Bhanupratappur Assembly bypoll in Chhattisgarh, who is an accused in a 2019 POCSCO case registered in Jharkhand.

The case relates to the gangrape of a girl, who was nine when she was first raped, after which she was allegedly trafficked and sexually assaulted by multiple accused in several locations across at least four states — Jharkhand, Chhattisgarh, West Bengal and Odisha.

"Of the 10 accused in the case, we have arrested five so far and chargesheeted them. The trial began on May 20 this year. The remaining five, including Brahmanand Netam, will be arrested soon," East Singhbhum SSP Prabhat Kumar told *The Indian Express*.

The five accused, including Netam, who are yet to be arrested are all from Chhattisgarh. Though they were not named in the FIR filed in 2019, their names were later added, based on the Jharkhand Police's investigation, as "accused not named in the FIR".

Police said that though Netam is an accused in the case,

his role in the crime is still being investigated. "It is an ongoing investigation," said SSP Kumar.

In 2019, then East Singhbhum Superintendent of Police (SP) Subhash Chandra Jat wrote a supervisory note to the Investigating Officer, asking for all the accused to be arrested.

"The Investigating Officer is ordered to arrest the remaining accused after verifying their names and addresses. And in case they are absconding, then confiscate their properties," the SP wrote.

According to court and police records, the child, now 18, was first raped allegedly by her brother-in-law in 2013, when she was nine. The then SP's 2019 note says the minor's sister did not believe her account and instead allegedly beat her up regularly. She then narrated her ordeal to one of her neighbours, who got her employed at a shop in Jharkhand's East Singhbhum district.

The note read: "The store owner too raped her. Following this, the neighbour, with the help of the store owner, then took her to Raipur. There, they put her up in a flat where one of the accused promised her a job. Instead, she was raped by eight persons."

Court records say she was later brought back to Jhark-

The five accused, including Netam, who are yet to be arrested, are all from Chhattisgarh. Though they were not named in the FIR filed in 2019, their names were later added, based on the Jharkhand Police's investigation

hand, where another woman assured her of a job, but she was raped allegedly by a policeman.

"The woman kept the minor at her home for 10 days, where two to four persons would rape her everyday... Later, she was taken to Rourkela (Odisha), where too she was raped. The accused had kept her at a hotel in East Singhbhum and were planning to take the minor to Kharagpur (West Bengal), when the hotel owner alerted the police," the SP's note said.

According to the police, the girl kept mobile numbers of the accused in a diary. "She would also draw a line for every person (who raped her)," the note said.

On November 28, the Jharkhand Police that's camping in Chhattisgarh issued a notice to Netam, asking him to appear before them. Sources in the police say that while Netam didn't

appear or reply to the notice, he sent word that he would cooperate after the elections are over on December 5.

The notice read, "This is to inform that a case against you (84/2019) is registered... under sections of gangrape, rape, POCSCO Act, and under Immoral Traffic Prevention Act, among others. Hence, please cooperate in the investigation and be present on November 29 at 10 am in Camp Kanker Police Station."

Netam did not respond to a request for comment from *The Indian Express*.

On Wednesday, the Congress attacked Netam's candidature.

Ajay Chandrakar, chief spokesperson of the Chhattisgarh BJP and a former minister, told *The Indian Express*, "The Jharkhand Police didn't take any action against Brahmanand Netam in the last three years, and suddenly, the Congress brings up this issue during the election. The police have given him a notice, and he has responded that he will be present. If the matter is serious, then the police should arrest him, but they aren't. The Congress is distracting people from the tribal community."

Bhanupratappur, a ST reserved constituency, votes on December 5.

Mylab, Serum Institute bring out kit, automated devices for TB detection

GEETA NAIR
Pune, November 30

MYLAB DISCOVERY SOLUTION on Wednesday launched the first made-in-India kit and automated devices for tuberculosis (TB) and multi-drug resistance detection. Mylab and Serum Institute of India are also launching a CyTB test for the detection of latent TB, which is highly prevalent in India and remains undetected.

The government has been scaling up efforts to eliminate TB by 2025, and committing resources and detecting TB early is critical to achieving this target, Hasmukh Rawal, co-founder and managing director, Mylab, said. The PathoDetect RT-PCR-based kit along with the Mylab Compact device system completely automates the testing of multiple samples within two hours and can scale up testing and surveillance of TB in the country, he said. The system eliminates the microscope and manual intervention, and speeds up the testing process, he

Hasmukh Rawal, co-founder and MD, Mylab

said. It is a portable system that can be taken into the interiors of the country, he said.

Apart from detecting TB, the Mylab kit can simultaneously detect multi-drug resistance to Rifampicin and Isoniazid in a single test, Rawal said. Until now, India had to conduct two tests — one to detect TB first and a second to check drug resistance — and this was available only for one Rifampicin. The Mylab kit can also

test for resistance for Isoniazid, the other commonly used drug for treating TB, Rawal said. The cost of the test would be around ₹650 and was similar to the existing test cost.

For latent TB cases, Mylab and Serum Institute of India have collaborated to work on a test where an intradermal injection is given to a person and watched for 24-48 hours for any swelling, which indicates the presence of tuberculosis. This test would be targeting close family members of TB patients and the local community. This test has received all approvals and would soon be commercialised, Rawal said.

Mylab has received regulatory approval from the CDSCO, TB Expert Committee and ICMR for the kit and automated devices. The test kits have been designed to work in ambient temperatures compared to existing PCR options which need 2-8 degree cold storage. They also do not require any special infrastructure for operations.

Scholarship for minorities: Students of Class 1-8 out, only Class 9-10

EXPRESS NEWS SERVICE
New Delhi, November 30

THE GOVERNMENT'S PRE-MATRIC scholarship to students of minority communities studying in Classes I to VIII is being discontinued, and only those in Classes IX and X will now be eligible for this scholarship by the Ministry of Minority Affairs from 2022-23.

A notice posted on the National Scholarship Portal stated that this is being done in line with the pre-matric scholarship scheme of the Ministry of Social Justice & Empowerment and Ministry of Tribal Affairs.

"The Right to Education (RTE) Act, 2009 makes it obligatory for the Government to provide free and compulsory elementary education (classes I to VIII) to each and every child. Accordingly, only students studying in classes IX and X are covered under the Pre-Matric Scholarship Scheme of the Ministry of Social Justice & Empowerment and Ministry of Tribal Affairs. Likewise from 2022-23, the

coverage under the Pre Matric Scholarship Scheme of the Ministry of Minority Affairs shall also be for classes IX and X only," the notice stated. "The Institute Nodal Officer (INO)/District Nodal Officer (DNO)/State Nodal Officer (SNO) may accordingly verify applications only for classes IX and X under the Pre Matric Scholarship Scheme of the Ministry of Minority Affairs," it stated.

In a statement in Parliament in March this year, the then Minority Affairs Minister Mukhtar Abbas Naqvi had said that after 2014-15, 5.20 crore scholarships had been disbursed throughout the country to minority students, as against 3.03 crore scholarships before 2014-15.

Between 2014-15 and 2021-22, Naqvi said, a total of 3,36,11,677 pre-matric scholarships were granted to Muslim students, 53,13,905 to Christian students, 35,90,880 to Sikh students, 12,98,637

to Buddhist students and 4,58,665 to Jain students — at a cost of ₹9057.08 crore to the Centre.

The total cost of all scholarships granted to minority students was ₹15,154.70 crore for the same period.

The Ministry had allocated ₹1,425 crore for pre-matric scholarships for 2022-23 to minority students.

The government's announcement to restrict the pre-matric scholarship to only minority students of Classes IX and X drew a sharp response from the All India Muslim Personal Law Board and the Jamiat Ulama-i-Hind.
