UDTL Press Release

Issued by UDTL Corporate Brand Management Team

DELHI, January 17, 2020, Much awaited **Truck Mounted winch with Crane** from United Drilling Tools Limited. Truck engine powered winch operating lowering and retrieving tools in tubing of oil wells, scrapping and jarring operations, temperature and pressure surveys etc., is now available with truck mounted with crane. Winch is mounted on a heavy duty truck chassis which has a single or double drum on Reel Skid, is equipped with operator cabin and rotated with 360° clear vision and with total control of the situation. Heavy duty cranes can also be mounted on the same truck chassis for handling /placing equipment with heavier retrieving tool operations. With Independent rotation movement the winch and crane versatile products that has given excellent results in winch operations off-shore, and has resulted in our remarkable growth.

MR. PRAMOD KUMAR GUPTA, CMD OF UDTL SAID: UDTL is devoted to continue change/development in technology to manufacture its product as per latest worldwide need and demand of the customer. UDTL is also committed to high precision and quality products to serve the global oil and gas industry needs.
