underway in Nagpur city

► From P 1

In January, Bharat Biotech MD Krishna Ella had said that the vaccine for children will be ready in the next four months—by May 2021.

"It will be the first such trial in the world in which paediatric population right from toddlers to teens will be tested for the Covid-19 vaccine," Dr

Ashish Tajne, coordinator for these trials, said.

Dr Tajne further said Nagpur was one of the sites for Covaxin's phase I, II, and III human trials. "Trials for Covaxin through intradermal route are underway in the city. Soon, trials through nasal route will also commence. However, the paediatric trial has a special importance," he said.
