Dear Shareholder

Annual General Meeting (AGM)

I am pleased to enclose the Notice convening the forthcoming shareholders AGM of Centamin plc to be held on 26 March 2018 at the Royal Yacht, St Helier, Jersey at 10:00 am (UK time).

The business to be considered by shareholders at the AGM is set out in the Notice which includes explanatory notes on each of the Resolutions. The Notice also includes the Management Information Circular which provides information in compliance with the NI-51-102.

Recommendation

The Board considers all of the proposed Resolutions set out in the Notice to be in the best interests of the Company and its shareholders. Therefore, the Directors unanimously recommend that shareholders vote in favour of all ordinary resolutions numbered 1, 2, 3.1 to 3.2, 4, 5.1 to 5.7, 6.1 to 6.2, and 7 and all special resolutions numbered 8.1, 8.2 and 9 as they intend to do in respect to their own beneficial holdings.

Annual Report

An interactive pdf file of the Company's annual report can be found on our website at www.centamin.com.

Remuneration report and policy

The Company is seeking an advisory vote on the implementation of the remuneration report and the Company's remuneration policy. The remuneration report and policy are on pages 102 to 129 of the annual report for the financial year ended 31 December 2017.

Final dividend

Shareholders are being asked to approve a final dividend of 10 US cents (US\$0.10) per ordinary share for the year ended 31 December 2017. If you approve the recommended final dividend, the dividend will be paid to shareholders on 6 April 2018 to shareholders on the register on 23 March 2018. The dividend will be paid in US dollars with an option for shareholders to elect to receive the dividend in pounds sterling. This sterling election must be made no later than 26 March 2018. Payments in sterling will be based on the US\$/GBP exchange rate on 27 March 2018 and the rate will be published on the Company's website on 28 March 2018.

Election and re-election

In accordance with the UK Corporate Governance Code, all Directors wishing to continue to serve on the Board will stand for election or re-election. The biographical details of each of the Directors are set out in the Management Information Circular included in the Notice. Each of the Directors proposed for election or re-election are considered to be effective in their respective roles and I believe each of the appointments and re-appointments are in the best interests of the Company. As announced on 19 February 2018, Trevor Schultz has notified the Company of his intention to retire at the AGM and will therefore not stand for re-election. I would like to take this opportunity to thank Trevor for his unwavering commitment and leadership which has resulted in building Egypt's first modern gold mine and a top 20 gold mine worldwide. Following Trevor's retirement, the Centamin board will comprise of seven members; three executives and four independent non-executives, all of whom are standing for election or re-election at the AGM.

Actions of shareholders

We would like as many shareholders to attend our AGM but appreciate this is not always possible. Even if you are unable to attend in person, your vote counts so please ensure you complete and return the form of proxy to our registrars before 22 March 2018. Details of electronic voting instructions are set out in the Notice.

Attendance at the AGM

The AGM is an opportunity to meet members of the Board and our senior management team and we welcome shareholders who are able to attend. All Resolutions for consideration at the meeting will be decided upon on a poll rather than a show of hands. The Company considers this to be a more transparent method of voting as each shareholder has one vote for every share held. There will be a short shareholder presentation at the AGM and an opportunity for shareholders to raise questions.

New Board members

I would like to take this opportunity to welcome two new members to the Board, Alison Baker and Ross Jerrard. These new Board members bring a wealth of experience within their fields and in the case of Ross, also from within the Company.

As recently announced, it is my intention to resign from my position no later than the end of December 2018, and continue my support of Centamin as a committed shareholder. I will ensure that due process is carried out by our nomination committee to identify a successor to fill the role of Independent chair to the Board which will aim to identify a new chair by June 2018.

I would like to thank the Board for their support during my tenure and I wish them well for what remains an exciting future for the Company. On that note, I thank all shareholders for their support over the years, which has seen Centamin grow from a small Australian listed exploration company into one of the largest gold producers listed on the London and Toronto Stock Exchanges and we welcome you to attend our AGM.

Yours sincerely

Josef El-Raghy

Chairman

20 February 2018

For such electronic proxy appointments to be valid, they are to be received by Computershare no later than 10:00 am (UK time) on 22 March 2018.

3.7 CREST shareholders who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the Meeting and any adjournment(s) of it by using the procedures described in the CREST Manual. CREST personal shareholders or other CREST sponsored shareholders, and those CREST shareholders who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's ("EUI") specifications and must contain the information required for such instructions, as described in the CREST Manual. The message must be transmitted so as to be received by the issuer's agent (ID 3RA50) no later than 10:00 am (UK time) on 22 March 2018. For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST shareholders and, where applicable, their CREST sponsors or voting service providers should note that EUI does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST shareholder concerned to take (or, if the CREST shareholder is a CREST personal shareholder or sponsored shareholder or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST shareholders and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings (www.euroclear.com/CREST).

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Article 34 of the Companies (Uncertificated Securities) (Jersey) Order 1999.

3.8 In the case of joint holders, where more than one of the joint holders purports to appoint a proxy, only the appointment submitted by the most senior holder will be accepted. Seniority is determined by the order in which the names of the joint holders appear in the Company's register of shareholders in respect of the joint holding (the first named being the most senior).

3.9 If you submit more than one valid proxy appointment in respect of the same share for use at the same meeting or poll, the appointment received last before the latest time for the receipt of proxies will take precedence.

3.10 Under the Companies (Jersey) Law 1991, a body corporate may only appoint one corporate representative. A share owner which is a body corporate that wishes to allocate its votes to more than one person should use the proxy arrangements.

3.11 Copies of the following documents are available for inspection during normal business hours at the registered office of the Company, 2 Mulcaster Street, St Helier, Jersey, JE2 3NJ on any weekday (Saturdays, Sundays and public holidays excepted) from the date of the Notice and at the place of the Meeting from 9:00 am (UK time) until the close of the Meeting:

- Executive Directors' service contracts and letters of appointment for the Non-Executive Directors;
- the Directors' deeds of indemnity; and
- the memorandum of association and articles of association of the Company.

3.12 Any shareholder attending the Meeting has the right to ask questions. The Company must cause to be answered any such question relating to the business being dealt with at the Meeting except in limited circumstances.

4 Non-registered (or beneficial) shareholders in Canada

4.1 Many shareholders in Canada and elsewhere are non-registered shareholders because the Ordinary Shares they own are not registered in their names but are instead registered in the name of an intermediary such as the brokerage firm, bank or trust corporation through which they purchased the Ordinary Shares. A non-registered (or beneficial) shareholder holding through the Canadian Register typically holds their Ordinary Shares either:

- (a) in the name of the intermediary that such shareholder deals with in respect of the Ordinary Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or
- (b) in the name of a clearing agency (such CDS), of which the intermediary is a participant.

4.2 The Company will not be relying on the notice and access delivery procedures outlined in National Instrument 54-101 – Communications with Beneficial Owners of Securities of a Reporting Issuer of the Canadian Securities Administrators (“NI 54-101”) to distribute copies of proxy-related materials in connection with the Meeting.

4.3 Copies of the Notice of Meeting, this Circular and the proxy form (collectively, the “Meeting Materials”) are being sent to both registered owners of the securities and to non-registered (or beneficial) shareholders holding through the Canadian Register. If you are a non-registered (or beneficial) shareholder holding through the Canadian Register, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the issuer (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

4.4 In accordance with the requirements of NI 54-101, the Company has distributed copies of the Meeting Materials to CDS and intermediaries (each as defined in NI 54-101) for onward distribution to non-registered (or beneficial) shareholders holding through the Canadian Register who are “OBOs” (as such term is defined in NI 54-101). The Company intends to pay for an intermediary to forward the Meeting Materials to OBOs, including a voting information form (as described further below).

4.5 If you are a non-registered (or beneficial) shareholder holding through the Canadian Register and you have not declined to receive the Meeting Materials, then you will receive either a voting instruction form or, less frequently, a partially completed proxy form. The purpose of these forms is to permit you to direct the voting of your Ordinary Shares that you beneficially own. If you are a non-registered (or beneficial) shareholder holding through the Canadian Register you should follow the procedures set out below, depending on which type of form you receive.

- (a) Voting Instruction Form. In most cases, you will receive, as part of the Meeting Materials, a voting instruction form. If you do not wish to attend and vote at the Meeting in person (or have another person attend and vote on your behalf), the voting instruction form must be completed, signed and returned in accordance with the directions on the form. If you wish to attend and vote at the Meeting in person (or have another person attend and vote on your behalf), then you must complete, sign and return the voting instruction form in accordance with the directions provided and a form of proxy giving the right to attend and vote will be forwarded to you.

Or

- (b) Form of Proxy. Less frequently, you will receive, as part of the Meeting Materials, a form of proxy that has already been signed by the intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of Ordinary Shares beneficially owned by you, but which is otherwise incomplete. If you do not wish to attend and vote at the Meeting in person (or have another person attend and vote on your behalf), you must complete the form of proxy and deposit it with the Computershare, as described above. If you wish to attend and vote at the Meeting in person (or have another person attend and vote on your behalf), you must strike out the names of the persons named in the proxy and insert your name (or such other person's) name in the blank space provided.

4.6 In any case, the purpose of this procedure is to permit a non-registered (or beneficial) shareholder holding through the Canadian Register to direct the voting of the Ordinary Shares which they beneficially own. Should a non-registered (or beneficial) shareholder holding through the Canadian Register who receives one of the above forms wish to vote at the Meeting in person, such beneficial owner should strike out the names of the management proxy holders and insert his or her name in the blank space provided. Non-registered (or beneficial) shareholders holding through the Canadian Register should follow the instructions on the forms they receive, including those regarding when and where the forms are to be delivered, and contact their Intermediaries promptly if they need assistance.

5 Matters to be acted upon at meetings

Resolutions 1 to 7 are each proposed as ordinary resolutions including the Resolutions at 3.1 to 3.2, 5.1 to 5.7 and 6.1 to 6.2 which will each be proposed as separate resolutions. This means that for each of those resolutions to be passed, more than half of the votes cast must be in favour of the resolution. Resolutions 8.1, 8.2 and 9 are proposed as special resolutions. This means that for each of these resolutions to be passed, at least three quarters of the votes cast must be in favour of the resolution.

for the Annual General Meeting ("AGM") of shareholders of Centamin plc (the "Company")

6 Recommendation

The Board considers that all resolutions proposed at the Meeting are in the best interests of the Company and its shareholders as a whole. The Directors unanimously recommend that you vote in favour of all the proposed resolutions as they intend to do in respect to their own beneficial holdings.

Resolution 1 – To receive the Annual Report and Accounts for the year ended 31 December 2017

The financial statements and the strategic and Directors' reports and auditor's report for the financial period ended 31 December 2017 will be presented at the Meeting. Shareholders will be given the opportunity to ask questions of the Board of Directors of the Company (the "Board") and the auditor of the Company in relation to the Annual Report at the Meeting.

Resolution 2 – Declaration of final dividend

A final dividend of 10 US cents (US\$0.10) per share in respect of the year ended 31 December 2017 is recommended by the Directors for payment to shareholders who are on the register of members at the close of business on 23 March 2018 and if Resolution 2 is approved, the date of payment of the final dividend will be 6 April 2018.

This will represent a full year total dividend of 12.5 US cents (US\$0.125) per share.

The key dates with respect to the dividend are as follows:

Centamin plc provides important information to Toronto Stock Exchange (TSX) holders of Ordinary Shares on Centamin's final dividend for 2017.

As the final dividend is dependent upon prior approval of shareholders, the final dividend will be made in accordance with the "due bill" trading procedures of the TSX and the key dates are as follows:

- Due bill period: 22 March 2018 to 26 March 2018 (inclusively)
- Ex-distribution date for due bills: 27 March 2018

Resolution 3.1 – Directors' Remuneration Report

In accordance with accepted best corporate governance practice for a company whose shares are admitted to the premium segment of the Official List of the UK Listing Authority and to trading on the London Stock Exchange's Main Market, the Company will put its report on Directors' remuneration (other than the Directors' remuneration policy report) to an advisory shareholder vote. As the vote is advisory it will not affect the actual remuneration paid to any individual Director. The report on Directors' remuneration is set out in full on pages 102 to 129 of the Annual Report.

Resolution 3.2 – Directors' remuneration policy report

The Board of Directors seeks shareholders' approval for the Directors' remuneration policy report contained in the Directors' remuneration report.

In accordance with accepted best corporate governance practice for a company whose shares are admitted to the premium segment of the Official List of the UK Listing Authority and to trading on the London Stock Exchange's Main Market, the Company will put its Directors' remuneration policy report to an advisory shareholder vote. Centamin plc is a Jersey incorporated company and is therefore not subject to the UK Company law requirements to submit its remuneration policy to shareholders on a binding vote. The Company has adopted the format of the new remuneration report and intends submitting a remuneration policy to shareholders each year for approval. It is the Board's intention to operate in line with the remuneration policy and the Board will have regard to shareholder feedback on the policy.

Resolution 4 – Increase the limit of the total fees payable to non-executive Directors

The shareholders are asked, in accordance with Article 39 of the Company's Articles which allows for Directors' fees to be increased by ordinary resolution, to approve an increase in the maximum aggregate amount of fees payable to Directors in any year from £600,000 (as approved by shareholder resolution at the annual general meeting on 23 May 2013) to £800,000. The cap does not apply to any salary, remuneration or other amount payable to a Director pursuant to other provisions of the Articles, including remuneration paid to the executive Directors.

The Company is seeking an increase in the aggregate maximum of such fees (i) to allow for the amounts paid to non-executive Directors to be increased should that be considered by the Board appropriate to better reflect the Directors' increased time commitment and responsibilities; and (ii) to ensure that there is adequate headroom for future appointments to the Board should those appointments be considered in the best interests of the Company, including the appointment of a new non-executive chair in 2018.

The proposed cap of £800,000 is in line with comparable companies and will provide flexibility both to respond to market conditions and in structuring the fees of individual Directors.

Resolutions 5.1 to 5.7 – Reappointment of Directors

In accordance with the UK Corporate Governance Code and the Company's Articles, all members of the Board will retire at this year's Meeting and, being eligible, will each offer themselves for election or re-election as Directors of the Company. Biographies of each of the directors can be found on pages 92 and 93 of the Annual Report.

The following table sets forth information with respect to each person proposed to be nominated for election or re-election as a Director, including the number of Ordinary Shares of the Company beneficially owned, directly or indirectly, or over which control or direction was exercised, by such person or the person's associates or affiliates as at the date of this Circular. No proposed Director of the Company or personal holding company of such person is, as at the date of this Circular, or has been, within 10 years before the date of this Circular, a Director, chief executive officer or chief financial officer of any company (including the Company) that,

- (a) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days, that was issued while the proposed Director was acting in the capacity as a Director, chief executive officer or chief financial officer; or
- (b) was subject to a cease trade order, an order similar to a cease trade order or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days, that was issued after the proposed Director ceased to be a Director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as Director, chief executive officer or chief financial officer.

No proposed Director of the Company is, as at the date of this Circular, or has been within 10 years before the date of this Circular, a Director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets.

No proposed Director of the Company or any personal holding company of such person has, within the 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed Director.

No proposed director of the Company has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or

Resolutions 6.1 and 6.2 – Appointment of auditor

Resolutions 6.1 relates to the reappointment of PWC as the Company's auditor to hold office until the next annual general meeting of the Company. PWC has been the auditor of the Company since June 2014 and has indicated its willingness to continue in office.

Resolution 6.2 relates to the authorisation of the Directors to set the remuneration of PWC.

Resolution 7 – Allotment of share capital

The purpose of resolution 7 is to renew the Directors' power to allot relevant securities.

The authority in paragraph (a) will allow the Directors to allot up to 384,035,995 new shares and other relevant securities which is equivalent to approximately one-third of the total issued ordinary share capital of the Company as at the date of this Circular.

Consistent with the guidance issued by the Investment Association ("IA") concerning Directors' power to allot share capital in the context of a rights issue, the authority in paragraph (b) will allow the Directors to allot up to 768,071,989 new shares and other relevant securities only in connection with a rights issue (as reduced by the number of relevant securities issued under the authority conferred by paragraph (a)), which is equivalent to approximately two-thirds of the total issued share capital of the Company as at the date of this Circular.

There are no present plans to undertake a rights issue or to otherwise allot shares pursuant to this renewed authority other than in connection with the Company's restricted employee share plan.

The Directors consider it desirable to have the maximum flexibility permitted by corporate governance guidelines to respond to market developments and to enable allotments to take place to finance business opportunities as they arise.

For the purposes of this resolution, a "relevant security" has the meaning given in the Company's Articles of Association, being shares in the Company other than subscriber shares, or shares allotted pursuant to an Employee Share Scheme (as defined in the Articles), and any right to subscribe for or to convert any security into, shares in the Company. For the avoidance of doubt any reference to the allotment of relevant securities includes the grant of such a right but not the allotment of shares pursuant to such a right. References to the allotment of "relevant securities" in the resolution shall be construed accordingly.

The power will last until the conclusion of the next annual general meeting in 2019 or 30 June 2019, whichever is the earlier.

As at close of business on the date of this Circular the Company did not hold any treasury shares.

6 Recommendation continued

Resolution 8 – Disapplication of pre-emption rights

Resolution 8.1 gives the Directors authority to allot shares in the capital of the Company pursuant to the authority granted under Resolution 7 above for cash without complying with the pre-emption rights in the Company's Articles in certain circumstances. In the light of the IA guidelines described in relation to Resolution 7 above, this authority will permit the Directors to allot:

- (i) shares for cash or sell treasury shares for cash (i) by way of a rights issue or by way of an open offer or other pre-emptive offer of securities otherwise than strictly pro rata (and on the basis that the Directors can make exclusions or such other arrangements as may be appropriate to resolve legal or practical problems, such as fractional entitlements and foreign securities laws), or
- (ii) up to 57,605,399 equity securities (as such term is defined in the Articles) representing approximately 5% of the issued ordinary share capital of the Company as at the date of this Circular (the latest practicable date prior to publication of this notice) otherwise than in connection with an offer to existing shareholders on a pre-emptive basis.

The Directors confirm in relation to Resolution 8.2 that they will only allot shares representing an additional 5% of the issued ordinary share capital of the Company for cash pursuant to the authority referred to in 8.1, where that allotment is in connection with an acquisition or specified capital investment which is announced contemporaneously with the allotment, or which has taken place in the preceding six-month period and is disclosed in the announcement of the allotment.

The aggregate nominal amount set out in 8.1 and 8.2 represents approximately 10% of the Company's issued ordinary share capital as at 20 February 2018, the latest practicable date prior to publication of this Circular. The Directors have no present intention of exercising this authority.

The Directors further confirm their intention to follow the provisions of the Pre-emption Group's Statement of Principles regarding cumulative use of such authorities within a rolling three-year period, where the Statement of Principles provide that any issues in excess of 7.5% of the issued ordinary share capital of the Company within a rolling three-year period other than to existing shareholders should not take place without prior consultation with shareholders, except in connection with an acquisition or specified capital investment as referred to above.

Issues of shares to satisfy awards made under the company's restricted share plan are, pursuant to the Company's Articles, not subject to the right of pre-emption and so any such issues will not count towards the limit set out above.

Resolution 9 – Market Purchases of Ordinary Shares

(a) Share Capital

As at the date of this Circular, the issued share capital of the Company comprised 1,152,107,984 Ordinary Shares.

Subject to the passing of the special resolution at the Meeting granting the proposed mandate to the Directors of the Company to repurchase Ordinary Shares (the "Repurchase Mandate") and on the basis that no further Ordinary Shares are issued or repurchased up to the date of the Meeting, the Company will be allowed to repurchase Ordinary Shares up to a maximum number of 115,210,798 Ordinary Shares (being 10% of the issued share capital of the Company as at the date of this Circular) during the period ending on the earlier of the conclusion of the next annual general meeting of the Company and the date by which the next annual general meeting of the Company is required to be held by the Articles or any applicable law.

(b) Reasons for Repurchase

The Directors have no present intention of exercising this authority, however, the Directors believe that it is in the best interests of the Company and the shareholders to seek a general authority from the shareholders to enable the Company to repurchase Ordinary Shares on market. Such repurchases may, depending on market conditions and funding arrangements at the time, lead to an enhancement of the net asset value of the Company and/or earnings per share and will only be made in compliance with the Financial Conduct Authority's ("FCA") Listing Rules and all applicable laws and regulations and when the Directors believe that such a repurchase will benefit the Company and the shareholders as a whole.

(c) Funding of Repurchase

Repurchases made pursuant to the proposed Repurchase Mandate would be funded out of funds legally available for the purpose in accordance with the Articles and the laws of Jersey.

The maximum price (excluding expenses paid by the Company) payable pursuant to the Repurchase Mandate is the highest of (i) 105% of the average of the closing middle market prices for the Ordinary Shares of the Company derived from the London Stock Exchange Daily Official list for such Ordinary Shares for the five business days immediately preceding the date of purchase; and (ii) the higher of the price of the last independent trade and the highest then current independent bid on the trading venues where the purchase is carried out, and the minimum price is not less than £0.01. Any share repurchase will also need to comply with the requirements of applicable Canadian securities law and the Toronto Stock Exchange. On the basis of the consolidated financial position of the Company as at 31 December 2017, being the date of its latest audited accounts, the Directors consider that if the Repurchase Mandate were to be exercised in full at the currently prevailing market value, it may have a material adverse impact on the working capital position and gearing position of the Company. The Directors do not propose to exercise the Repurchase Mandate to such an extent as would, in the circumstances, have a material adverse effect on the working capital requirements of the Company as compared with the position disclosed in the latest published audited financial statements or the gearing levels which in the opinion of the Directors are from time to time appropriate for the Company.

There were no options outstanding at the date of this Circular.

7 Voting of proxies by the Chairman

In the absence of a contrary instruction, the person designated by management of the Company in the enclosed proxy form intends to vote FOR each of the proposed resolutions, unless the shareholder who has given the proxy has directed that the Ordinary Shares represented thereby be voted against such resolutions or have their vote withheld. In order to be effective, the ordinary resolutions proposed must be approved by a simple majority of the votes cast by the shareholders at the Meeting in person or by proxy, while the special resolutions must be approved by 75% of the votes cast by the shareholders at the Meeting in person or by proxy.

8 Interest of Certain Persons in Matters to Be Acted Upon

Except as described herein, no Director or executive officer of the Company or any proposed nominee by management of the Company for election as a Director of the Company, nor any associate or affiliate of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, since the beginning of the Company's last financial year in matters to be acted upon at the Meeting, other than the election or re-election of Directors or the appointment of auditors.

- (2) The fair value of shares in the DBSP were calculated using the closing share price on the grant date, converted at the closing GBP:US\$ foreign exchange rate on that day and no other factors were taken into account in determining the fair value.
- (3) 20% of the awards granted under the PSP are dependent on a TSR performance condition. As relative TSR is defined as a market condition under IFRS 2 "Share-based Payment", this requires that the valuation model used takes into account the anticipated performance outcome and therefore applied a Monte Carlo simulation model. The simulation model takes into account the probability of performance based on the expected volatility of Centamin and the peer group companies and the expected correlation of returns between the companies in the comparator group. The remaining 80% of the awards have been valued using a Black-Scholes model. The fair value calculated was then converted at the closing £:US\$ foreign exchange rate on that day.
- (4) Josef El-Raghy is Chairman of the Company (and CEO until January 2015). Mr Pardey was appointed Chief Operating Officer on 29 May 2012 and was promoted to CEO on 1 February 2015. Jonathan Stephens was appointed Chief Development Officer on 27 February 2018.
- (5) This column reflects the amount paid to Mr El-Raghy in lieu of a contributions to a pension scheme.
- (6) The amounts shown in the "All Other Compensation" relate to amounts received in benefits in kind.
- (7) Directors' remuneration paid in foreign currency was converted at an average rate during the year. The average GBP:US\$ exchange rate for 2017 is 1.2965. Bonus accruals for 2017 applied an exchange rate of GBP:US\$1.3508.

9.7 Non-Executive Directors

All non-executive Directors have signed letters of appointment, under which their term of appointment is contingent on satisfactory performance and re-election each year in accordance with the Company's Articles of Association. Annual re-election is consistent with paragraph B.7.1 of the UK Corporate Governance Code, which requires all Directors of FTSE 350 companies to be subject to annual election by shareholders. The Company does not have an established term limit for its Directors or a retirement policy. The Nomination Committee undertakes an annual assessment of the Board and it considers that this evaluation process is an effective basis to ensure Board renewal (where appropriate). It has therefore determined that set term limits are unnecessary. The Company complies with the provisions in the Code at B.7.1.

All the non-executive Directors (with the exception of Trevor Schultz) are considered to be independent within the meaning of the Code.

The table below shows each non-executive director and the date of the last annual general meeting at which they were the subject of re-election.

The table below shows each Non-Executive Director and the date of the last AGM at which they were the subject of re-election.

(1) Details of the actions of the Board following the annual general meeting in 2017 in respect to the reappointment of Trevor Schultz are set out in the Directors Report of the 2017 Annual Report. As announced on 19 February 2018, Trevor Schultz has advised the Company that he wishes to resign his position as non-executive director. His retirement as a director of the Company will be effective from 26 March 2018 and Trevor will therefore not stand for re-election at the forthcoming AGM.

Non-executive Directors receive annual fees within an aggregate directors' fee pool limited to an amount which is approved by shareholders. The committee reviews and recommends, for Board approval, remuneration levels and policies for Directors within this overall Non-Executive Directors' fee pool. The fees which are paid are also periodically reviewed.

Directors are entitled to be reimbursed for expenses incurred by them in their capacity as Directors. Directors who are also officers or employees of the Company were not paid any amount as a result of their serving as Directors of the Company.

There are no share-based option or non-equity incentive plans in place for any of the non-executive Directors.

Remuneration philosophy

The remuneration committee is a committee of the Company is represented by three non-executive Directors, namely, Edward Haslam (Chair), Mark Arnesen and Mark Bankes. The committee has the necessary skills and compensation related experience in the mining and exploration industry. For further information please refer to the biographies above.

No member of the committee has any financial interest, other than as shareholder, in the matters decided by the committee. None of the members of the committee participates in any bonus scheme, long term incentive, pension or other form of remuneration. There is no actual or potential conflict of interest arising from the other directorships held by members of the committee.

The committee seeks to set base salaries competitively against the market, aiming to be fair but not excessive. During 2017, the remuneration committee took advice from Meis (an independent remuneration consultancy) who provided advice and compensation comparison data to the remuneration committee. Meis is engaged on an annual retainer for GBP8,000 for a 12 month period. Meis were originally appointed on the recommendation of the remuneration committee and are regarded by the Committee as providing independent advice as they have no connections with the Directors and officers of the Company other than this engagement.

The committee continued with a simple yet effective remuneration structure, the key elements being base salary, pension, bonus and the long term performance share plan ("PSP").

The committee undertook salary reviews for the executive Directors. The independent salary review took into consideration the Directors' personal performance, their roles and responsibilities as well as inflation and cost of living changes. Industry benchmarking data provided additional guidance to the committee in support of their decisions.

The committee agreed an increase of 3% for the Company's CEO, Andrew Pardey and the Chairman, Josef El-Raghy, effective from 1 January 2018 in line with the average cost of living increase.

Andrew Pardey (CEO) will continue to participate in the PSP in 2018 with an expected grant of up to 150% of base salary to be awarded. Josef El-Raghy (chairman) does not currently participate in the scheme and as a shareholder with a 0.91% interest⁽¹⁾ in the Company, he remains aligned with the interests of shareholders.

The Deferred Bonus Share Plan provides an effective remuneration tool for senior management but is not available to Directors. The PSP, which is available to directors and senior employees, provides an effective long term incentive scheme. Details of the Company's long term incentive arrangements are set out in Appendix A. Eligible employees are participating in the DBSP and PSP.

The remuneration policy therefore seeks to:

- position remuneration packages to ensure that they remain competitive, taking account of all elements of remuneration and be reflective of the performance of the Company;
- use external benchmark data on a transparent and open basis using comparator groups that reflect the industry and size of the Company;
- provide incentive arrangements for relevant employees that are based upon pre-agreed performance criteria against which individuals will then be tested. Such incentives should be relevant and stretching;
- provide long term incentives that encourage the involvement, in the long term, of the performance of the Company; and
- encourage executives, and in particular executive Directors, to build and then maintain a meaningful shareholding in the Company.

Our remuneration policy for executive Directors is consistent with that across the Company and intends to attract and retain high performing individuals and to reward success. Base pay and benefits are set competitively taking account of the individual's performance and market data.

Compensation levels for the NEOs over the period remained reflective with the trend of total return on investment charted for the Company in the performance graph (set out below and in the Directors' remuneration report), reflecting the higher proportion of "at risk" compensation for the NEOs.

For details of the Company's remuneration policy, remuneration report, comparative remuneration data and incentive arrangements, please see the Directors' remuneration report contained in the Annual Report.

(1) The fair value of the shares awarded under the DBSP were calculated by using the closing share price on grant date, converted at the closing £:US\$ foreign exchange rate on that day. No other factors were taken into account in determining the fair value of the shares awarded under the DBSP.

(2) Variable vesting dependent on one to three years of continuous employment.

9.14 Restricted Share Plan awards granted during the period⁽¹⁾:

Gold Production: Fair value at grant date US\$ ⁽¹⁾	1.97
Vesting period (years)	3
Expected volatility	45.68%
Expected dividend yield (%)	3.6%

(1) The vesting of 20% the awards granted under this plan are dependent on a TSR performance condition. As relative TSR is defined as a market condition under IFRS 2 "Share-based Payment", this requires that the valuation model used takes into account the anticipated performance outcome. We have therefore applied a Monte Carlo simulation model. The simulation model takes into account the probability of performance based on the expected volatility of Centamin and the peer group companies and the expected correlation of returns between the companies in the comparator group.

The remaining 80% of the awards are subject to Reserve, EBITDA and gold production performance conditions. As these are classified as non-market conditions under IFRS 2 they do not need to be taken into account when determining the fair value. These grants have been valued using a Black-Scholes model.

The fair value calculated was then converted at the closing £:US\$ foreign exchange rate on that day.

APPENDIX A – SUMMARY OF KEY TERMS OF THE SHARE PLANS

Centamin introduced a long term incentive scheme which was approved by shareholders at the AGM on 18 May 2015. The scheme was introduced to provide a suitable recruitment and retention tool for any new or promoted executives and incentivise executive Directors and senior management. The plan, which complies with best practice guidelines, is to provide a platform, as part of the remuneration policy, to be used to provide a long term reward tool for participants.

Summary of the performance share plan ("PSP"), formerly known as the restricted share plan

The PSP provides the right for the Company to grant awards to employees of the Company or any of its subsidiaries.

Eligibility	Awards may be granted under the Plan to all persons who at the date at which the award is granted under the Plan are employees of the group, though at present it is envisaged that Awards will be reserved for senior management in the group. The Remuneration Committee decides to whom awards are granted, the number of ordinary shares falling under an award and the precise nature of the performance conditions. No awards may be granted more than ten years after the date on which the Plan was adopted by the Company.
Granting of awards	Awards may be granted under the Plan at any point during the 28 day period following adoption of the Plan, the 42 day period following the announcement of the annual, quarterly or half year results of the Company or at any other period in which the Directors of the Company deem that awards should be granted due to exceptional circumstances. In no circumstances shall awards be made at a time when their grant would be prohibited by or in breach of any law, regulation with force of law, or rule of an investment exchange on which shares are listed or traded. The shares to be transferred pursuant to vested awards may either be newly issued shares, treasury shares, or existing shares to be transferred pursuant to the Company's employee benefits trust, the trustees of which are Computershare Trustees (Jersey) Limited.
Anti-dilution and scheme limits	The overall number of shares transferred or transferable pursuant to awards, when aggregated with all employee share plans operated by the Company (dilutive shares) cannot exceed 10% of the issued share capital of the Company in any ten year rolling period when added to the dilutive shares. The overall number of shares transferred or transferable pursuant to awards for the benefit of executives, when aggregated with all executive share plans operated by the Company (executive dilutive shares) cannot exceed 5% of the issued share capital of the Company in any ten year rolling period when added to the executive dilutive shares. For the purposes of these limits, treasury shares will count as newly issued shares where required by institutional investor guidelines. Awards or other rights to acquire shares which have lapsed or have been renounced do not count towards this limit. The aggregate market value of any award received by an award holder may not (assessed on the value of the shares at the date of granting the award), exceed 150% of the award holder's total remuneration as at the date of the grant of the award. In circumstances the Remuneration Committee determine as being exceptional, that limit may be increased to 250% for a particular award.
Award price	Award holders are not required to make any payment to participate in the Plan and no price is payable by the award holders to enable shares to be transferred.
Exit events	In the event of a takeover, scheme of arrangement, winding up or compulsory acquisition of the Company, the vesting of an award may be accelerated. A proportion of the shares subject to an award equivalent to the proportion of the vesting period which has passed at the date of the exit event (rounded down to the nearest month) shall vest, subject to the extent the performance conditions have been met, to be determined at the discretion of the Remuneration Committee. In the event of an internal reorganisation of the group which results in a new holding company and where the shareholders of the new holding company, immediately after it has obtained control, are substantially the same as the shareholders of the Company, awards may not vest or lapse but will be replaced by new awards over shares in the new holding company.
Leavers	Where an award holder leaves employment with the group, their award will immediately suspend and will lapse upon the expiry of 30 days from the date of leaving, unless the Remuneration Committee determines that the award holder should be entitled to retain their award. Where the Remuneration Committee permits the leaver to retain their award, a proportion of the award will vest over a proportion of the award shares which is equivalent to the proportion of the vesting period which has passed at the date of leaving (rounded down to the nearest month) subject to the extent the performance conditions have been met, to be determined at the discretion of the Remuneration Committee. The resulting shares will be issued or transferred to the award holder on the date they would have received them, had they not left (subject to the same transfer in two equal tranches). An award granted under the Plan is not transferable. Awards will also lapse if an award holder is declared bankrupt or attempts to assign their award.
Status of shares	The shares acquired under the Plan will rank pari passu with the Company's issued ordinary shares.
Alteration of awards	If there is a variation of the share capital of the Company, including a rights issue, consolidation, sub-division or reduction of share capital that effects the value of awards under the Plan, the Remuneration Committee may adjust the awards in a manner that they deem to be fair and reasonable.
Amendments to the Plan and assumption of awards	The Plan may at any time, on the recommendation of the Remuneration Committee be amended or added to in any respect, provided that prior approval of the Company has been obtained in a general meeting for alterations or additions to the rules of the Plan which are to the advantage of award holders in respect of the rules governing eligibility, entitlement to acquisition of shares under an award, to whom awards can be granted, Plan limits and individual limits on participation and the adjustment of awards on a variation of share capital. Awards granted under previous schemes operated by the Company may be assumed into, or satisfied under, the Plan. Minor amendments to benefit the administration of the Plan, to take account of a change in legislation or to obtain or maintain favourable tax, exchange control or regulatory treatment for award holders or group companies would not require approval in a general meeting.
Malus claw back provision	This clause has been included so that an award holder who ceases to be an eligible employee for cause (see definition below) in the period after the award has vested but before the settlement of the deferred shares (i.e. during the two year holding period) shall immediately forfeit his/her rights in the award from the date of cessation. Cause is defined as "ceasing to be an Eligible Employee by reason of dismissal for gross misconduct, fraud or materially adversely affecting the group's reputation".

Following the adoption of the restricted share plan, the Company has granted the following awards:

June 2015: 5,145,000 conditional awards to employees of the group of which 2,615,000 remain eligible to participants under the plan.

June 2016: 4,999,000 conditional awards to employees of the group of which 3,749,000 remain eligible to participants under the plan.

June 2017: 3,459,000 conditional awards to employees of the group.

In total, 40 employees participate in the PSP, including heads of department and senior personnel based onsite, as well as members of the senior management team located at the head office.

June 2018 performance conditions

The awards granted in June 2018 will vest in June 2021 (with 50% of the vested shares deferred for a further two years) and will be subject to satisfaction of the performance conditions over the three-year financial period ending 31 December 2020:

- TSR: 20% of the award shall be assessed by reference to a target total shareholder return ("TSR"). If the top end of the TSR target is met (if the Company is ranked equal to or better than the upper quarter total shareholder return of selected comparator companies) all 20% of the award tranche shall vest. If the Company is ranked at the median level in a table of comparator companies by reference to TSR, 25% of the award tranche shall vest (i.e. 5% of the award). Proportionate amounts of the award tranche will vest for results in between;
- mineral reserves: 30% of the award shall be assessed by reference to mineral reserve replacement and growth over the vesting period;
- EBITDA: 10% of the award shall be assessed by reference to compound growth in EBITDA over the three-year period to December 2020. If a compound annual growth rate of 3.5% of EBITDA is achieved by 2020, all 10% of the award tranche shall vest. If EBITDA in 2020 is maintained at the levels achieved in 2017, 25% of the award tranche shall vest (i.e. 2.5% of the award). Proportionate amounts of the award tranche will vest for results in between. The performance criteria will be assessed based on the financial year ended 31 December 2020 and adjusted for any non-cash impairments;
- gold production: 30% of the award shall be assessed by reference to compound growth in gold production over the three-year period to December 2020. If a compound annual growth rate of 3.5% of gold production is achieved by 2020, all 30% of the award tranche shall vest. If gold production in 2020 is maintained at the levels achieved in 2017, 25% of the award tranche shall vest (i.e. 7.5% of the award). Proportionate amounts of the award tranche will vest for results in between; and
- dividend policy 10%: maintaining the Company's dividend policy as announced in January 2017. A third of the award will vest in each year in which the dividend policy is achieved for dividends declared for the account periods ending December 2018 to December 2021.

It is noted that as Sukari reaches optimum production rates, the relative year-on-year rate of growth slows. Maintaining production rates at this optimum level still represents an award, with an appropriate incentive to further improve production rates through efficiency and optimisation. Growth through Centamin led exploration, development and production shall be assessed by the Remuneration committee and is contemplated in these metrics.

June 2017 performance conditions

The awards to be granted in June 2017 will vest in June 2020 (with 50% of the vested shares deferred for a further two years) and will be subject to satisfaction of the performance conditions over the three year financial period ended 31 December 2019:

- TSR: 20% of the award shall be assessed by reference to a target total shareholder return ("TSR"). If the top end of the TSR target is met (if the Company is ranked equal to or better than the upper quarter total shareholder return of selected comparator companies, see below) all 20% of the award tranche shall vest. If the Company is ranked at the median level in a table of comparator companies by reference to TSR, 25% of the award tranche shall vest (i.e. 5% of the award). Proportionate amounts of the award tranche will vest for results in between;
- mineral reserves: 30% of the award shall be assessed by reference to mineral reserve replacement and growth over the vesting period;
- EBITDA: 20% of the award shall be assessed by reference to compound growth in EBITDA over the three year period to December 2019. If a compound annual growth rate of 3.5% of EBITDA is achieved by 2019, all 20% of the award tranche shall vest. If EBITDA in 2019 is maintained at the levels achieved in 2016, 25% of the award tranche shall vest (i.e. 5% of the award). Proportionate amounts of the award tranche will vest for results in between. The performance criteria will be assessed based on the financial year ended 31 December 2019; and
- gold production: 30% of the award shall be assessed by reference to compound growth in gold production over the three year period to December 2019. If a compound annual growth rate of 3.5% of gold production is achieved by 2019, all 30% of the award tranche shall vest. If gold production in 2019 is maintained at the levels achieved in 2016, 25% of the award tranche shall vest (i.e. 7.5% of the award). Proportionate amounts of the award tranche will vest for results in between.

Deferred bonus scheme (not for Directors)

This plan, introduced in 2012, allowing the annual bonus to be matched with shares which are then ordinarily released in three annual tranches, conditional upon the continued employment with the group. The plan was introduced as a review of annual bonus arrangements for management with the objectives of:

- increasing the variable pay element of remuneration;
- introducing a new retention element in the remuneration package; and
- linking part of that reward to the medium term share performance of the Company.

On 4 June 2013, the Company offered participants of existing plans the opportunity to replace awards with an initial one off award under the deferred bonus share plan. In June 2014, the participants who met the vesting criteria, received their first tranche, representing one third of the original award. An additional grant was awarded in June 2014 to new and existing participants which also vests in thirds over three years. A further tranche was awarded to eligible participants in June 2016 from existing awards held by the trustees of the scheme.

The plan is not open to Directors of the Company and any shares used for the plan are not newly issued shares.

The DBSP, now in its sixth year, provides a simple yet effective incentive to senior management and senior employees below Board level, motivating and retaining individuals over the longer term. Four employees participate in the DBSP, including heads of department and senior personnel based onsite, as well as members of the senior management team located at the head office.
