Pampered Punjab farmers protest easily

So, any move that threatens to even remotely undermine this privilege is bound to irk at least the elite in the state's farming community, while the political dispensation would avoid antagonising the mandi lobby because their networks enrich the state coffers, through compulsory levies collected from the Centre's grain procurement agencies.

Now, picture this: As much as 26% of the Centre's grain (wheat and rice) procurement this marketing year is from Punjab, although it contributed just 13% to the pan-India output. Above 80% of Punjab's wheat/rice output was procured by the government at minimum support prices in 2019-20 crop year (July-June), while government purchases were much less in all other states, barring Haryana. Only 44% of the paddy produced in the country was procured by the government agencies in 2019-20, whereas wheat procurement in Uttar Pradesh, a major producer state, was just 10% of its output. Needless to say, for most part of the year, mandi prices remain below the MSP.

Punjab's electricity subsidy for farmers was as much as 1.1% (₹5,670 crore) of its nominal gross state domestic product in FY19, while the country's stood at just over 0.5% of GDP, excluding the interest on late payment. The state's power subsidy has since risen by 13% on year to ₹6,402 crore in FY20 and is now estimated to touch ₹7,180 crore in FY21.

The Punjab State Farmers' and Farm Workers' Commission, set up by the current state government in 2018, too, flagged certain peculiarities. According to the report, while the total short-term credit required in Punjab, based on its roughly 10 million acres of cultivated land, is estimated at ₹24,000 crore per season, the crop loan outstanding of all banks in the state is around ₹60,000 crore. The state has about 26 lakh farmers, while banks together have issued more than 40 lakh Kisan Credit Cards. Over a period of 11 years (2004-05 to 2015-16), the credit off-take has risen by around 8 times whereas production increased only 1.11 times.

While the report raised concerns about the quality and use of credit, and the inadequacy of a monitoring system, the data presented by it unmistakably point at the vast access the state's farmers have to the formal credit channels.

Citing a Niti Aayog analysis last year to push for tighter scrutiny of loans, a top finance ministry official had told FE that crop loans to Chandigarh stood at 1.997% of the Union territory's cost of production (which comprises cost of farm inputs and that of hired labour) in FY18, while those to Punjab were to the tune of 1.59%. In contrast, Jharkhand received crop loans of only 1.1% of the costs, West Bengal 17%, Maharashtra 32%, Bihar 33% and Uttar Pradesh 42%. At the aggregate level, crop loans were to the tune of 72% of the costs. Of course, some other states and Union territories (Kerala, Himachal, Tamil Nadu and Delhi), too, cornered a high share of crop loans.

As for procurement in Punjab, it continues to be wholly routed via APMC mandis. FE has already reported that the state levies an aggregate tax of 8.5% of the minimum support price at which the FCI and other agencies buy grains. This is against the pan-India average of 6% of MSP. The state alone collected ₹1,750 crore, out of ₹8,600 crore collected across India as mandi fees alone, of trade in all farm commodities in FY20.

Of course, as procurement of wheat in Madhya Pradesh and paddy in Chhattisgarh, Odisha, Andhra Pradesh and Telangana has increased in recent years, Punjab's relative share has declined a bit, though in terms of absolute volume, it is around the same level in the last four years.

Before the GST's launch, various levies paid by FCI added up to even higher 13% of the MSP paid to farmers on a pan-India basis. The levies ranged from a relatively modest 3.6% in Rajasthan to 11.5% in Haryana, 14.5% in Punjab and 13.5% in Andhra Pradesh, the major pro-

ducers of grains. The agriculture marketing reforms through the two new Bills passed by Parliament is expected to help the Centre reduce the tax burden on it on account of the Food Security Act/PDS, if FCI and other agencies start procuring at the market rates circumventing the mandis.

Prime Minister Narendra Modi has already made it clear that the MSP system would continue. Stating that the current laws tied the hands of farmers, he has said the reforms would enable them to be self-sufficient with access to multiple buyers.

However, even as Modi assured farmers that the Centre would continue to procure at MSPs, the Punjab government has already passed three Bills to reject the Centre's Bills.

Trump to add China's SMIC, CNOOC to defence blacklist

It was not immediately clear when the new tranche, would be published in the Federal Register. But the list comprises China Construction Technology and China International Engineering Consulting, in addition to Semiconductor Manufacturing International (SMIC) and China National Offshore Oil (CNOOC), according to the document and three sources.

SMIC said it continued "to engage constructively and openly with the US government" and that its products and

services were solely for civilian and commercial use. "The Company has no relationship with the Chinese military and does not manufacture for any military end-users or end-uses." Shares in SMIC closed 2.7% lower on Monday. —REUTERS

स्माइल-2 कार्यक्रम के तहत शिक्षकों के घर जाकर होमवर्क देने का विरोध

कार्य/नवज्योति, अजमेर

शिक्षा विभाग के स्माइल-2 कार्यक्रम के तहत शिक्षकों के विद्यार्थियों के घर जाकर होमवर्क देने व वापस लाने का अब विरोध होने लगा है।

राजस्थान प्रार्थमिक एवं माध्यमिक शिक्षक संघ के महामंत्री महेन्द्र पाण्डेय ने बताया कि विभाग द्वारा ऐसे विद्यार्थी जिनके पास स्मार्टफोन नहीं है, उन्हें शिक्षकों द्वारा घर-घर जाकर होमवर्क देने और वापस घर से होमवर्क लाने के निर्देश किए हैं।

उक्त आदेश से एक तो शिक्षकों को विशेषकर महिलाओं को कोरोना काल में स्कूल से बाहर जाकर घर-घर घूमने को मजबूर होना पड़ रहा है। दूसरे शिक्षक और अभ्यापिकाएं तो मास्क लगाकर, सेनेटाइज होकर बच्चों के घर पहुंचते हैं, लेकिन घर पर अभिभावक और बच्चे मास्क लगाकर नहीं रहते हैं। मास्क लगाने की कहने पर तर्क दिया जाता है कि घर पर मास्क लगाने की क्या जरूरत है। ऐसे में शिक्षकों के कोरोना संक्रमित होने की संभावनाएं बढ़

अभिभावकों को दी जाए जिम्मेदारी

पाण्डेय ने बताया कि सरकार द्वारा बालकों के स्कूल नहीं आने पर मिड-डे-मील के तहत पोषाहार वितरित किया जा रहा है। बालक और उनके अभिभावक कोरोना गाइडलाइन की पालना करते हुए स्कूल आकर पोषाहार ले सकते हैं। ऐसे बालकों के अभिभावक भी पोषाहार लेकर गए, जिनके पास एंड्रॉयड फोन नहीं है। संगठन द्वारा मांग की जा रही है कि जब अभिभावक पोषाहार लेने विद्यालय आ सकते हैं तो होमवर्क लेने-देने के लिए अभिभावकों को स्कूल बुलाना गलत नहीं होगा।

रही है। इस संबंध में संगठन ने शिक्षा मंत्री को पत्र लिखकर शिक्षकों के घर जाकर

होमवर्क देने और वापस लाने की बाध्यता को समाप्त करने की मांग की है।
