**CY4GATE HAS BEEN AWARDED A CONTRACT WITH A TOTAL VALUE OF
APPROXIMATELY € 9.9 MILLION LASTING 18 MONTHS,
FOR DECISION INTELLIGENCE SOLUTIONS FOR A FOREIGN INSTITUTIONAL CLIENT**

Rome, 17 July 2025 - **CY4GATE (CY4.MI)**, a national and European cyber security and cyber intelligence player, has signed a contract worth a total of € 9.9 million, lasting 18 months, with a leading European institutional client for the acquisition of technologies and developments in the Decision Intelligence field.

In a global context characterized by pervasive interconnections and exponential growth in available data, the speed and accuracy of decision-making processes depend on the ability to collect, integrate, and analyze heterogeneous sources.

The proprietary platforms developed by the CY4GATE Group—capable of enabling advanced analytics, real-time correlations, and intuitive visualizations—meet this strategic need, offering a competitive advantage to those who must guide critical decisions in complex scenarios.

The recently signed contract demonstrates the market's trust in CY4GATE's cutting-edge technology and its expertise in processing big data, thanks also to the increasingly precise and efficient use of Artificial Intelligence engines.

The Decision Intelligence segment is experiencing significant growth in Italy and Europe, driven by the demand for advanced tools that optimize operational efficiency and decision-making process management. By accelerating the adoption of these technologies, businesses and institutions are equipping themselves with a key asset to confidently address the challenges of an increasingly dynamic, interdependent, and highly complex ecosystem.
