

Press Release

CY4GATE GROUP AWARDED € 9.9 MILLION CONTRACT, LASTING 36 MONTHS, FOR DECISION INTELLIGENCE SOLUTIONS TO SUPPORT A FOREIGN INSTITUTIONAL CLIENT

Rome, September 29, 2025 – **CY4GATE** (CY4.MI), a leading national and European player in cybersecurity and cyber intelligence, has signed a **contract worth approximately € 9.9 million, lasting 36 months, with a major foreign institutional client**. The agreement covers the provision of advanced technologies and developments in the Decision Intelligence field.

In a world where data is growing exponentially and interconnections among global systems and actors are becoming increasingly complex, effective decision-making requires tools capable of collecting, integrating, and analyzing fragmented and complex datasets.

Cy4Gate Group's proprietary platforms are designed to meet this strategic need, **offering advanced capabilities for data analysis, real-time correlation, and intuitive visualization**—key elements for supporting critical decisions in complex scenarios. This contract **further reinforces market confidence in Cy4Gate's cutting-edge technological solutions** and its proven expertise in big data management, enhanced by an increasingly sophisticated and efficient use of Artificial Intelligence.

The Decision Intelligence market is experiencing rapid growth both in Italy and across Europe, driven by the rising demand for advanced solutions that can boost operational efficiency and support increasingly complex decision-making processes. The adoption of these technologies reflects the need for both companies and institutions to equip themselves with strategic tools capable of transforming huge volumes of data into timely and actionable insights. In a highly dynamic, interconnected, and systemically complex environment, the ability to make informed and timely decisions is a key competitive advantage.
