DECOROUS INVESTMENT AND TRADING COMPANY LIMITED

CIN: L67120DL1982PLC289090

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2026

1. COMPANY OVERVIEW

Decorous Investment and Trading Company Limited (the "Company") is a company domiciled in India, with its registered office situated at R- 489, GF – B, Ground Floor, New Rajinder Nagar, Central Delhi, New Delhi - 110060 was incorporated on November 22, 1982 under the provisions of the Companies Act, 2013 (erstwhile Companies Act, 1956) with main objects to invest in properties, debentures, securities, to do the trading of Gems, stones, business of promoters and investment consultants etc. Its Equity Shares are listed on Bombay Stock Exchange Limited (BSE).

At the meetings of Board & Shareholders held on 23rd Day of August, 2014 & 29th day of September, 2014 respectively, MOA & AOA were amended and Certificate of Registration of the Special Resolution Confirming Alteration of Object Clause(s) dated 17.11.2014 received from ROC by Company to carry out the principal business of Gems & Jewellery, Bullion, etc.

During the year, the Company has carried out the business activities of Consultants, Service Providers, Purchase and Sale of Jewellery, etc.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 General information and statement of compliance with Ind AS

These standalone financial statements ('financial statements') of the Company have been prepared in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented. These financial statements were approved for issue by the Board of Directors in the board meeting held on **29th May 2026**.

2.2 Basis for preparation of Financial Statements

These financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2.3 Use of estimates

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India and also these financial statements are in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make judgment, estimates and assumptions that affect the reported amounts of revenue, expense, assets and liabilities, and the accompanying disclosures and the disclosure relating to contingent liabilities as at the date of the financial presented.

DECOROUS INVESTMENT AND TRADING COMPANY LIMITED

CIN: L67120DL1982PLC289090

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2026

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected. Any revision in accounting estimates is recognized prospectively in the period of change and material revision, including its impact on financial statements, is reported in the notes to accounts in the year of incorporation of revision.

2.4 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Revenue from services rendered is recognized based on agreements/arrangements with the customers as the service is performed in proportion to the stage of completion of the transaction at the reporting date and the amount of revenue can be measured reliably. Revenue is recognized only when evidence of an arrangement is obtained and the other criteria to support revenue recognition are met, including the price is fixed or determinable, services have been rendered and collectability of the resulting receivables is reasonably assured.

Dividend income is recognized when the right to receive payment is established.

Interest income is recognized using effective rate of interest method.

2.5 Employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, performance incentives and compensated absences which are expected to occur in next twelve months. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by employees.

2.6 Property, Plant and Equipment and Intangible Assets

Property, plant and equipment is stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

Gains or losses arising on retirement or disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

Depreciation has been provided based on estimated useful life assigned to each asset in accordance with Schedule II of the Companies Act, 2013.

Handwritten signature

Handwritten signature

Handwritten signature

DECOROUS INVESTMENT AND TRADING COMPANY LIMITED

CIN: L67120DL1982PLC289090

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2026

Intangible assets purchased are measured at cost as at the date of acquisition, as applicable, less accumulated amortization and accumulated impairment, if any. Intangible assets consist of rights under licensing agreement and software licenses which are amortized over license period which equates the economic useful life ranging between 2-5 years on a straight-line basis over the period of its economic useful life.

Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

2.7 Impairment of Assets

(i) Financial assets

The company recognizes loss allowances using Expected Credit Losses (ECL) model for the Financial Assets which are not fair valued through Profit or Loss. Loss Allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other Financial Assets, ECLs are measured at an amount equal to 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at Lifetime ECL. The amount of ECL that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment Gain or Loss in the Statement of Profit or Loss.

(ii) Non-financial assets (Tangible and intangible assets)

An asset is deemed impairable when recoverable value is less than its carrying cost and the difference between the two represents provisioning exigency. Recoverable value is the higher of the 'Value in Use' and 'fair value as reduced by cost of disposal'. Test of impairment of PPE, investment in subsidiaries / associates / joint venture and goodwill are undertaken under Cash Generating Unit (CGU) concept. For Intangible Assets and Investment Properties it is undertaken in asset specific context. Test of impairment of assets are generally undertaken based on indication of impairment, if any, from external and internal sources of information outlined in para 12 of Ind AS-36.

Non-financial assets other than goodwill suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

Handwritten signature: Anil Gupta

DECOROUS INVESTMENT AND TRADING COMPANY LIMITED

CIN: L67120DL1982PLC289090

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2026

2.8 Provisions and Contingent liabilities

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

2.9 Income Taxes & Deferred Taxes

Tax expense recognized in Standalone Statement of Profit and Loss comprises the sum of deferred tax and current tax.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations. Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Deferred tax is recognize on temporary differences between the carrying amount of asset and liabilities in the financial statement and the corresponding tax bases used in computation of taxable profit under Income Tax Act, 1961.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and deferred tax liabilities are off set, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.10 Cash and Cash Equivalents

Cash and cash equivalents are short-term (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

Amit Gupta

Handwritten signature
Reelika Mishra

DECOROUS INVESTMENT AND TRADING COMPANY LIMITED

CIN: L67120DL1982PLC289090

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2026

2.11 Functional & Presentation Currency

These Financial Statements are presented in Indian Rupees (INR), which is also Company's Functional Currency.

2.12 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares.

Basic EPS is calculated by dividing the net profit for the period attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period.

Diluted EPS is calculated by dividing the net profit for the period attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

2.13 Operating lease

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially remain with the lesser, are recognized as operating lease. Operating lease payments are recognized on a straight line basis over the lease term in the statement of profit and loss, unless the lease agreement explicitly states that increase is on account of inflation.

2.14 Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

The net cash flow from operating activities is determined by adjusting net profit or loss for the effects of:

- (i) Changes during the year in inventories and operating receivables and payables,
- (ii) Non-cash items such as depreciation, provisions, deferred taxes, and unrealized foreign exchange gains and losses, and
- (iii) All other items for which the cash effects are on investing or financing cash flows

Amal Gupta

Reetika Mishra

DECOROUS INVESTMENT AND TRADING COMPANY LIMITED

CIN: L67120DL1982PLC289090

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2026

2.15 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a Financial Liability or equity instrument of another entity.

(i) Financial assets:

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost.

Subsequent Measurement

For purpose of subsequent measurement financial assets are classified in two broad categories: -

- (i) Financial Assets at fair value
- (ii) Financial assets at amortized cost

Where assets are measured at fair value, gains and losses are either recognized entirely in the statement of profit and loss, or recognized in other comprehensive income.

A financial asset that meets the following two conditions is measured at **amortized cost**:

- **Business Model Test:** The objective of the company's business model is to hold the financial asset to collect the contractual cash flows.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through **OCI**:-

- **Business Model Test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

All other financial assets are measured at fair value through **profit and loss**.

Amir Kapur

DECOROUS INVESTMENT AND TRADING COMPANY LIMITED

CIN: L67120DL1982PLC289090

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2026

(ii) Financial Liabilities

All financial liabilities are initially recognized at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. Financial liabilities are classified as measured at amortized cost or fair value through profit and loss (FVTPL).

A financial liability is classified as FVTPL if it is classified as held for trading, or it is a derivative or is designated as such on initial recognition. Financial Liabilities at FVTPL are measured at fair value and net gain or losses, including any interest expense, are recognized in statement of profit and loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss. Any gain or loss on de-recognition is also recognized in statement of profit and loss.

2.16 Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company determines classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH 2026

Note 20: Valuation of Inventory

There is no inventory held by company during the year.

Note 21: Loans and Advances

In the opinion of the Board of directors the value on realization of loans, advances and current assets in the ordinary course of business is not less than the amount at which they are stated in the Balance Sheet and provisions for all known liabilities has been made.

Company has given advances against purchase of property to various third parties during the previous years. Following are the details of amount o/s as on 31.03.2026:

(Amount in Rs. 000's)	
Particulars	Principal o/s as on 31.03.2026
Abhishek Mishra	5,000.00
Kavita Mohan	3,700.00

Further, the company has given loans to various parties during the current year and previous years. As per the signed agreement between company and the party, interest is to be paid on quarterly basis, if not paid within the timelines as agreed in the agreement, then interest on interest @12% shall carry for the period of delay. Following are the details of amount o/s on 31.03.2026 for various parties:

(Amount in Rs. 000's)				
Particulars	Principal o/s as on 31.03.2026	Interest o/s on 31.03.2026	Interest Delayed up to 31.03.2026	Delay for interest up to 31.03.2026 (in days)
SSPN Finance Ltd.	9,500.00	3,339.84	3,114.84	275
Enhanced Business Advisors LLP	6,311.63	109.30	58.18	275
Maa Pahari Mercantiles Pvt. Ltd.	6,300.00	1,375.62	1,233.87	275
M R C Agrotech Ltd.	2,000.00	410.00	365.00	275

Among the companies mentioned above, the Company has not received any amount towards repayment of loan or interest accrued from **SSPN Finance Ltd.**, **Maa Pahari Mercantiles Pvt. Ltd.**, and **M R C Agrotech Ltd.** since F.Y 2023-24.

However, Transactions are through Banking Channels and nothing in Cash
 Company have sent multiple Demand/ Recovery Notice(s) via Email & Speed- Post demanding payment of all the Total Dues, etc and also has engaged the professional services of an Advocate/ Lawyer to send Legal Notices, to file Recovery Suits, etc., and we have send Legal Notices to the said Parties.

The matters/ issues are under constant Follow-up.

Management has stated that all of the above are Considered Good.

Further interest remaining due and payable for earlier years	NIL	NIL

** The information has been given in respect of such vendors to the extent they could be identified as "Micro and Small Enterprises" enterprises on the basis of information available with the Company.*

Note 23:

Balance of sundry debtors, creditors and loans & advances are subject to direct confirmations, reconciliations and adjustments, which are made available.

Note 24: Discounting of security deposits for leases

Security deposits for leases have been recognized at discounted value and the difference between undiscounted and discounted value has been recognized as 'Prepaid expense for Rent', which has been amortized over respective lease term as rent expense under 'Finance Cost'. The discounted value of the security deposits is increased over the period of lease term by recognizing the notional interest income under 'other income'.

Management has observed that the tenure of lease term of Security Deposit for rent expense has expired in the FY 2020-21. Hence, it has come to the original cost i.e., Rs. 5,00,000 in the F.Y.2020-21.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2026

33. Additional Regulatory Information

Ratio	Numerator	Denominator	Current Year 2025-26	Previous Year 2024-25	Deviation
Current ratio (in times)	Total Current Assets	Total Current Liabilities	15.71	33.00	-0.52
Return on equity ratio (in %)	Profit for the year less Preference dividend (if any)	Average total equity	2.71%	1.57%	72%
Net capital turnover ratio (in times)	Revenue from operations	Average working capital (i.e. Total current assets less Total current liabilities)	0.69	0.74	-0.07
Net profit ratio (in %)	Profit for the year	Revenue from operations	28.34%	17.68%	60%
Return on capital employed (in %)	Profit before tax and finance costs	Capital employed – Net worth + Lease liabilities + Deferred tax liabilities	3.72%	2.11%	76%

Reasons for Deviation in Ratios for more than 25% as compared to the preceding year:

Current Ratio

The decrease in the current ratio during the year was primarily attributable to a higher increase in current liabilities, particularly current tax liabilities and trade payables, as compared to the increase in current assets. Although current assets increased during the year, the proportionately larger rise in short-term obligations resulted in a decline in the current ratio.

Return on Equity

The increase in Return on Equity during the year was primarily by higher Profit After Tax, due to increase in revenue from operations and improved operating efficiency, which led to a stronger profit margin. This resulted in better utilization of shareholders' funds, thereby improving ROE compared to the previous year.

Net Profit Ratio

The increase in net profit ratio during the year was primarily due to higher profit after tax driven by improved revenue from operations and better control over overall expenses. This resulted in improved profitability margins despite increase in cost base, leading to better efficiency in conversion of revenue into net profit.

Net Capital Turnover Ratio

The Net Capital Turnover Ratio decreased during the year primarily due to a proportionately higher increase in net working capital compared to revenue from operations. Although revenue from operations increased during the year, the increase in current assets, particularly cash and other financial assets, led to higher working capital, resulting in lower efficiency in utilization of net capital employed.

Return on Capital Employed Ratio

The Return on Capital Employed increased during the year, mainly due to higher earnings before interest and tax (EBIT). This improvement was driven by growth in revenue from operations and better cost efficiency, resulting in improved profitability and more efficient utilization of capital employed.
