PHINIA partners with LTIMindtree for Strategic Transformation of Infrastructure and Application Services

Warren, NJ & Mumbai, India – April 2nd, 2025: PHINIA Inc. has partnered with [LTIMindtree](#) [NSE: LTIM, BSE: 540005], a global technology consulting and digital solutions company. PHINIA is a global, market-leading premium fuel systems, electrical systems, and aftermarket solutions and components provider. Through this partnership, LTIMindtree will provide seamless support and transformation of PHINIA's IT infrastructure, while enhancing application maintenance and development services.

As a part of this partnership, LTIMindtree will leverage the power of AI as well as automation tools to assist PHINIA with managing operational risk and reducing application complexity while enabling business efficiency and agility through AI led IT transformation.

Matt Logar – VP and CIO, PHINIA, said, "This partnership with LTIMindtree is a key enabler of our vision to transition to a more modern, secure, and simplified technology environment that supports PHINIA's global growth and enhances the services we provide to our customers. As we continue to evolve our IT capabilities, having a trusted partner with deep domain expertise and a focus on innovation will help us accelerate our transformation and unlock new opportunities to enhance efficiency, improve manufacturing operations, and deliver greater value to our customers."

Rajesh Sundaram, EVP & Chief Business Officer, LTIMindtree, said, "We are excited to partner with PHINIA in their transformation journey. We understand the nuances and complexities of the various segments in which PHINIA operates. As key enablers in their IT modernization efforts, we are committed to streamlining business processes and simplifying outcomes for the end customers".

PHINIA has a strong brand portfolio that includes DELPHI®, DELCO REMY®, and HARTRIDGE™. With over 100 years of manufacturing expertise and industry relationships, PHINIA develops fuel systems, electrical systems, and aftermarket solutions for a wide range of applications, including commercial vehicles, industrial applications, and light commercial and passenger vehicles.
