Manbro Industries Ltd

PRESS RELEASE

Strategic Business Transformation at Manbro Industries Ltd. with Focus on Manufacturing of Green Building Materials, Value added Green Steel products and Old Vehicle Scrappage.

30th May 2025, New Delhi: Manbro Industries Ltd, a BSE listed company (Scrip Code: 512595), has approved a strategic realignment of its business operations. The company will foray into a new line of activities focused on manufacturing of green building materials, value added green steel products, fabricated steel products for infrastructure and old vehicle scrappage (Metal & Non-Metal Recycling).

New Business Lines Approved: The Board of Directors has approved to undertake the following new lines of business operations (Subject to the shareholders approval):

- A) Manufacturing of Eco-Friendly Building Materials:** The company to manufacture eco-friendly construction or building material i.e. AAC (Autoclaved Aerated Concrete) blocks. AAC blocks are lightweight, sustainable alternatives to conventional bricks and are used widely in modern infrastructure projects.
- B) Manufacturing of Specialty and Value-Added Green Steel Products:** The company will engage in manufacturing of branded and value-added green steel products (including TMT bars, etc) produced from recycled scrap metal.
- C) Manufacturing of Galvanized and Fabricated Steel Products for Infrastructure Sector:** This includes production of items such as electricity poles, railway crash barriers, transmission tower, solar structure and urban lighting systems catering to the needs of electricity, solar, railway, and infrastructure development projects.
- D) Old Vehicle Scrappage Business:** The company to establish an old vehicle scrappage facility in accordance with regulatory guidelines and will accordingly work for recovery and recycling of ferrous and non-ferrous metals, e-waste, lead, plastics, and other building materials.

Manbro Industries Ltd

The Company will explore and evaluate various possible routes for operationalizing the new business lines, including both organic and inorganic options such as acquisitions, mergers, and joint ventures. These initiatives are aimed at establishing viable, revenue and profit generating operations along with focus on sustainable environmental products and ethical business practices.

Speaking on the transformation, **Mr. Dilip Kumar Goenka, Director, stated:** *"This marks a major transformation in the company. The focus will be on sustainable products, including eco-friendly building materials, value-added products, and modern infrastructure solutions—aimed at creating long-term value for stakeholders. This strategic shift is in line with India's emphasis on infrastructure expansion, green materials, and sustainable industrial development."*
