4. The figures for the second quarter (Q2) ended September 30, 2025, and the comparative Q2 ended September 30, 2024, are balancing figures derived from the difference between the respective half-year results (unaudited) and the corresponding first quarter results (unaudited and previously published). Given the limited scale of operations and the immaterial impact of applying the effective interest rate (EIR) method during the interim period, the loans have been carried at their nominal amounts. The Company shall measure these loans at amortised cost using the EIR method as at March 31, 2026, in accordance with Ind AS 109 - Financial Instruments, and any cumulative impact arising from such measurement will be appropriately recognised in the annual financial statements.
