It offers an exciting opportunity for investors to subscribe to the offer within the specified period and enhance their stake in the company at a potentially attractive price.

Mumbai, April 28, 2025: Remedium Lifecare Limited (BSE: 539561) has announced the launch of its much-anticipated Rights Issue, which has received approval from the Bombay Stock Exchange (BSE). This strategic initiative marks a significant step in the company's journey toward becoming a vertically integrated, research-driven pharmaceutical leader. The Rights Issue will open on April 30, 2025, and close on May 14, 2025.

The capital raise comes on the heels of Remedium's recent ₹182.7 crore agreement with a prominent UK-based pharmaceutical company, underscoring its commitment to international expansion. The funds raised will be utilized to strengthen working capital, Investment in R&D capabilities, scale up the production of high-value pharmaceutical intermediates, attract top talent, drive digital transformation, and accelerate global market penetration.

Speaking on the development, Mr. Adarsh Munjal, Managing Director of Remedium Lifecare Limited, commented: *"This Rights Issue represents a significant milestone in our journey to become a globally recognized, innovation-led pharmaceutical company. The capital infusion will strengthen our strategic partnerships across domestic and international markets, with a particular focus on Europe and Asia."*

He also added that *"It offers an exciting opportunity for investors to subscribe to the offer within the specified period and enhance their stake in the company at a potentially attractive price."*

A substantial portion of the proceeds will be directed toward the establishment of advanced research laboratories specializing in Central Nervous System (CNS) disorders, metabolic conditions, and oncology—three of the most critical and high-demand therapeutic segments worldwide. The capital raise will also support prepayment, improving financial resilience.

This initiative not only amplifies Remedium Lifecare's operational and research capabilities but also supports India's growing reputation as a reliable pharmaceutical manufacturing and supply chain hub. Through continued investments in high-quality infrastructure and cutting-edge R&D, the company is aligned with the national 'Make in India' initiative, while contributing to job creation and sustainable sectoral growth.

Backed by a robust growth strategy, strong global partnerships, and an expanding innovation pipeline, Remedium Lifecare is well-positioned as an attractive opportunity for investors seeking long-term value in India's rapidly expanding pharmaceutical and healthcare landscape.
