Sub: **SSWL Bags export order worth USD 1 Mln for Russian After-Market**

Sir,

We are glad to announce that SSWL has bagged an Export order for 110K Passenger Car wheels for the Russian Aftermarket. Order value is close to USD 1 Mln and would be executed starting Nov 2014. SSWL has already successfully executed an order of 38K wheels earlier this year for the Russian Aftermarket and the new order only justifies SSWL's capability to successfully meet and exceed the customer expectations.

We expect this new order to be a precursor of more volume orders in coming months and expect to supply minimum 150K wheels annually to the Russian Aftermarket. This compliments SSWL's strategy to improve and increase its presence in the Global Aftermarket requirements.

Kindly take the same on your records please.

Thanking you,

Yours faithfully,
For Steel Strips Wheels Limited
