Confirmation of ASX Listing Rule 6.1 and Waiver of ASX Listing Rule 1.1 Condition 12

In accordance with Section 6 of Guidance Note 17, the Company provides the following statement for release to the market outlining the nature and effect of the waiver and the entity's reasons for seeking the waiver:

On 24 October 2025, 49 Metals Limited made application to ASX seeking confirmation in respect of Listing Rule 6.1 and an in-principle waiver from Listing Rule 1.1 Condition 12 (**Waiver**). The Waiver was subsequently approved by the ASX on 12 November 2025.

The Waiver relates to the proposed issue of Performance Rights to each of the Company's directors and the Company's Chief Financial Officer/Company Secretary (together, the **Recipients**).

ASX Listing Rule 6.1 provides that the terms that apply to each class of equity securities must, in ASX's opinion be appropriate and equitable.

ASX Listing Rule 1.1 Condition 12 provides that for an entity to be admitted to the official list of ASX, the exercise price for any options on issue in the entity must be at least 20 cents (**Minimum Exercise Price Rule**). The Minimum Exercise Price Rule applies in respect of all forms of convertible security (not just options) and will apply to the proposed issue of Performance Rights, which are intended to be convertible for nil consideration. As such, the Company sought the grant of a waiver from ASX Listing Rule 1.1 (Condition 12) to issue the Performance Rights with an exercise price below 20 cents.

The Company sought the Waiver from ASX as it considered that the proposed issue of Performance Rights to the Recipients (or their nominees) is appropriate and in the best interests of shareholders as it:

- provides a key mechanism to attract and retain suitably qualified and experienced executives to lead the Company post-listing on ASX;
- ensures the remuneration structure of the Recipients is strongly aligned with the Company's growth objectives and the creation of shareholder value; and
- reflects customary market practice for newly listed entities in incentivising senior management.

The Waiver was sought to provide the Company with flexibility to implement these incentive arrangements in a manner that both supports the Company's strategic objectives and promotes alignment between senior management, consultants and shareholders.
