ASX RELEASE

13 May 2021

HGST RENEWS FOR 8TH CONSECUTIVE YEAR

4DS Memory Limited (ASX:4DS) (**4DS** or the **Company**) today announced that HGST, a subsidiary of Western Digital Corporation, requested and has now signed the 8th consecutive twelve (12) month renewal of its joint development agreement (**JDA**) (**Agreement**) with 4DS well ahead of the 30 June 2021 renewal date.

Commenting on the renewal of the JDA, Chief Executive Officer and Managing Director, Dr Guido Arnout said, “We are very pleased that Western Digital and HGST have renewed our joint development agreement following a review of our significant progress during the past twelve months. This progress includes the Second Platform Lot currently in the final fabrication stage at imec that we will receive in early June for analysis.”

About 4DS

4DS Memory Limited (ASX: 4DS), with facilities located in Silicon Valley, is a semiconductor development company of non-volatile memory technology, pioneering Interface Switching ReRAM for next generation gigabyte storage in mobile and cloud. Established in 2007, 4DS owns a patented IP portfolio, comprising 30 USA patents granted and 2 patent applications pending and or being filed, which has been developed in-house to create high-density Storage Class Memory. 4DS has a joint development agreement with Western Digital subsidiary HGST, a global storage leader, which accelerates the evolution of 4DS’ technology. 4DS also collaborates with imec, a world-leading research and innovation hub in nanoelectronics and digital technologies. The combination of imec’s widely acclaimed leadership in microchip technology and profound software and information and communication technology expertise makes them unique.
