

## 4DMedical provides further information on US hospital SaaS contract

**Melbourne, Australia, 13 April 2023:** Respiratory imaging technology company 4DMedical Limited (ASX:4DX, “4DMedical”, or the “Company”) today provides some further information on the contract with the University of Miami released on 5 April 2023.

The Company advises that the minimum guaranteed fees to be paid to the Company under this contract are in the range of AUD\$1 million to AUD\$1.5 million for the five-year term. These fees are not repayable in the event of early termination by the University of Miami.

The minimum fees provide the University of Miami with defined volumes and types of SaaS scans. By mutual agreement, the Company will earn additional fees for additional scans beyond those covered by the minimum fees.

### About 4DMedical

4DMedical Limited (ASX:4DX) is a global medical technology company that has created a step change in the capacity to accurately and quickly understand the lung function of patients with respiratory diseases.

Through its flagship patented XV Technology®, 4DMedical enables physicians to understand regional airflow in the lungs and identify respiratory deficiencies earlier and with greater sensitivity as they breathe. This technology powers 4DMedical's FDA-cleared X-ray Velocimetry Lung Ventilation Analysis Software (XV LVAS®) – the first modality to dynamically quantify ventilation throughout the lungs, and its Computed Tomography-enabled counterpart software, CT LVAS™.

XV LVAS® and CT LVAS™ reports are prepared using 4DMedical's Software as a Service delivery model using existing hospital imaging equipment or the Company's revolutionary XV Scanner.
