

31 October 2014

QUARTERLY REPORT

FOR QUARTER ENDED 30 SEPTEMBER 2014

(ARK: code AHK)

OPERATIONAL HIGHLIGHTS

During the quarter under review the Company prepared a costeaning and drilling program for its Frances Creek (NT) tenements and has let the applicable contracts for the program. It is expected that initial drilling results and interpretation thereof will be available for announcement by the end of next week.

MINING EXPENDITURE

No exploration activity took place during the quarter and mining expenditure was limited to preparation for the Frances Creek drilling program.

TENEMENT TITLES

The Company has renewed 50% of its Babinda (NSW) Licence (EL 7973) retaining the geophysics and geochemical anomalous drilling target areas.

Annual and Final Reports for EL 7988 (NSW) and renewals for ELR116 and EL 23237 (NT) have been lodged and the annual report for EL 6726 (NSW) has been lodged.

SCHEDULE OF TENEMENTS

The Company's tenements as at the end of the quarter comprise:
