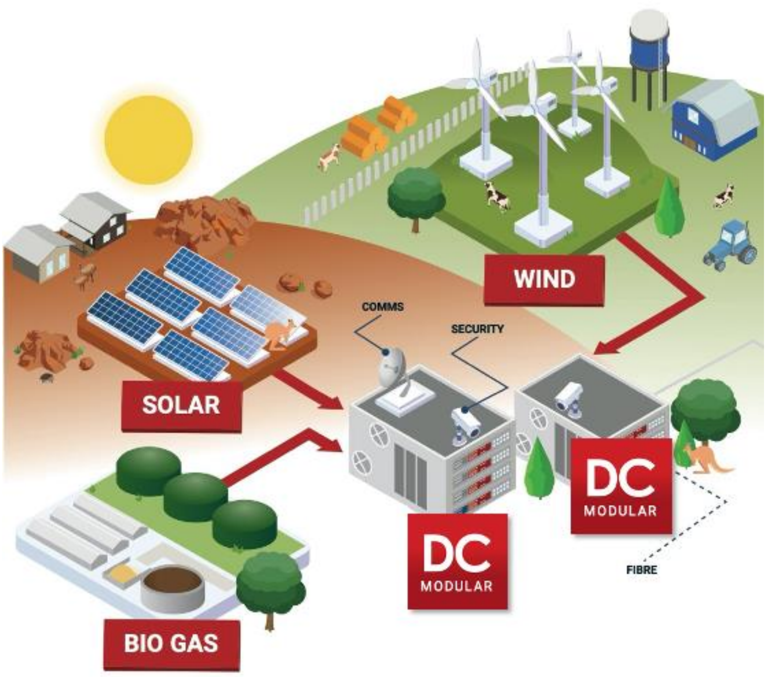
ABOUT DC TWO

Established in 2012, DC Two offers a suite of vertically integrated services covering every part of the data centre and cloud technology stack. The Company offers a number of managed and integrated cloud services delivered from datacentres in Perth and Darwin and is currently rolling out DC Modular - a containerised "data centre in a box" innovation. DC Two also develops software assets to support our internal operations and provide enhanced control and flexibility, through automation and self-service, to our customers and technology partners, wherever they are.



ABOUT DC MODULAR

DC Two have developed a high density and transportable data centre that enables quick and easy deployment in any location. Based on durable ISO standard sea containers and non-ruggedized insulated variants, the transportable data centre only requires power and data connectivity and is suitable for high performance or supercomputing specific workloads.
