Explanatory Memorandum

This Explanatory Memorandum has been prepared for the information of members of the Company in connection with the business to be conducted at the annual general meeting of the Company to be held at **3B Macquarie Street, Sydney NSW on Thursday, 24 November 2016 at 10:30am** (Sydney time).

This Explanatory Memorandum forms part of and should be read in conjunction with the accompanying Notice. A number of words and terms used in this Explanatory Memorandum have defined meanings, which are set out in the Glossary.

Annual financial report

The financial report of the Company for the financial year ended 30 June 2016, comprising the Directors' report, the auditors' report, the Directors' declaration, statement of profit or loss and other comprehensive income, statement of financial position, statement of changes in equity, statement of cash flows and notes to and forming part of the Financial Statements for the Company for the financial year ended 30 June 2016, was included in the 2016 annual report of the Company, which was sent to Shareholders along with the Notice.

Time will be allowed during the Meeting for questions by Shareholders regarding the financial report and the Directors' and auditor's reports.

Each Shareholder is entitled to submit a written question to the auditor before the Meeting if the question relates to the content of the auditor's report or the conduct of the audit in relation to the financial statements for the financial year ended 30 June 2016.

All written questions must be received by the Company no later than five business days before the Meeting. All questions should be sent to the Company and should not be sent direct to the auditor. The Company will send all questions to the auditor.

The auditor will attend the Meeting and will be available to answer questions from Shareholders relevant to:

- the conduct of the audit;
- the preparation and content of the auditor's report;
- the accounting policies adopted by the Company in relation to the preparation of the financial statements; and
- the independence of the auditor in relation to the conduct of the audit.

The auditor will also answer written questions submitted prior to the Meeting.

Resolution 1: To adopt the Directors' Remuneration Report

The Corporations Act requires all listed companies to present their remuneration report for each financial year for adoption by Shareholders at the company's annual general meeting. The Directors' remuneration report can be found as a separately identified "Remuneration Report - Audited" within the Directors' report section of the Company's 2016 Annual Report.

Time will be allowed during the Meeting for questions by Shareholders regarding the Directors' remuneration report.

The vote on this resolution is advisory only and does not bind the Directors or the Company. The Board will consider the outcome of the vote and comments made by Shareholders on the remuneration report at the meeting when reviewing the Company's remuneration policy.

Under changes to the Corporations Act that came into effect on 1 July 2011, if at least 25% of the votes cast on Resolution 1 are voted against adoption of the Remuneration Report at the Annual General Meeting, and then again at next year's Annual General Meeting (**second AGM**), the Company will be required to put to Shareholders a resolution proposing the calling of an Extraordinary General Meeting to consider the appointment of Directors of the Company (**Spill Resolution**).

Explanatory Memorandum

If more than 50% of Shareholders vote in favour of the Spill Resolution, the Company must convene the Extraordinary General Meeting (**Spill Meeting**) within 90 days of the second AGM. All of the Directors who were in office before the second AGM, other than the Managing Director of the Company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting. Following the Spill Meeting, those persons whose election or re-election as Directors is approved will be the Directors of the Company.

The Remuneration Report for the financial year ended 30 June 2015 did not receive a vote of more than 25% against its adoption at the Company's last annual general meeting held in November 2015. Accordingly, if at least 25% of the votes cast on Resolution 1 are against adoption of the Remuneration Report, it will not result in the Company putting a Spill Resolution to Shareholders.

In the event that you choose to appoint the Chairman as your proxy:

- the Chairman's voting intention is to vote in favour of this Resolution to adopt the Remuneration Report;
- the attached Proxy Form provides that if the Chairman is appointed as proxy, the Chairman is directed to vote in accordance with the voting intention set out above, unless you direct the Chairman to vote in a different manner;
- the Chairman will only vote in accordance with his stated voting intention if the relevant Proxy Form box is marked as required;
- if the relevant box is unmarked, the Chairman will not be permitted to vote the relevant shares on the Resolution in relation to the Remuneration Report;
- for all other Resolutions where the Chairman is appointed as proxy, those proxies can remain undirected and may be voted on by the Chairman on that basis.

Resolution 2: Re-election of Director – Ms Dongmei Ye

The constitution of the Company and ASX Listing Rule 14.4 requires that one third of the Directors, other than the managing Director, must retire by rotation at each annual general meeting. Ms Ye will retire at the Meeting in accordance with the constitution and Listing Rule and being eligible, has offered herself re-election.

Ms Ye holds a Master of Accounting from Macquarie University and is a Member of CPA Australia.

Ms Ye has worked with a firm of Chartered Accountants in Australia and has gained extensive experience in the areas of business restructuring and tax planning in a number of industries both in Australia and internationally. She also has extensive experience in corporate finance in Hong Kong and China and with Australian Listed Companies.

The Directors, with Ms Ye abstaining, unanimously recommend that you vote in favour of this Resolution.

The Chairman of the meeting intends to vote undirected proxies in favour of this Resolution.

Resolution 3: Approval of the of additional 10% placement capacity

Listing Rule 7.1A

Listing Rule 7.1A provides that an eligible entity may seek shareholder approval by special resolution at its annual general meeting to issue Equity Securities equivalent to an additional 10% of the number of ordinary securities on issue over a period of 12 months after the annual general meeting (**10% Placement Capacity**).

This is in addition to the existing 15% placement capacity permitted by Listing Rule 7.1.

If Shareholders approve Resolution 3, the number of Equity Securities the Company may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (as set out below).

Explanatory Memorandum

An eligible entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

The Company is an eligible entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of less than \$300,000,000.

Any Equity Securities issued must be in the same class as an existing class of quoted Equity Securities. The Company currently has one class of quoted securities on issue, being Shares (ASX Code: AIV).

While the Company does not have any immediate plans to issue shares, purposes for which shares may be issued pursuant to Resolution 3 may include the raising of capital to facilitate further exploration activities or investment opportunities.

The number of Equity Securities that the Company may issue under the approval sought by Resolution 3 will be calculated in accordance with the following formula as set out in Listing Rule 7.1A:

$$(A \times D) - E$$

Where:

- A = the number of fully paid Shares on issue 12 months before the date of issue or agreement to issue:
- (i) plus the number of Shares issued in the 12 months under an exception in Listing Rule 7.2;
 - (ii) plus the number of partly paid Shares that became fully paid in the 12 months;
 - (iii) plus the number of fully paid Shares issued in the 12 months under Listing Rules 7.1 and 7.4; and
 - (iv) less the number of fully paid Shares cancelled in the 12 months.
- D = 10%.
- E = the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of the Shareholders under Listing Rule 7.1 or 7.4.

Technical information required by Listing Rule 7.1A

Pursuant to and in accordance with Listing Rule 7.3A, the information below is provided in relation to Resolution 3:

- (a) Minimum Price: Under the Listing Rules, the minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed; or

Explanatory Memorandum

- (ii) if the Equity Securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (b) Risk of voting dilution: Shareholders should be aware there is a risk of economic and voting dilution that may result from an issue of Equity Securities under the 10% Placement Capacity, including the risk that:
 - (i) the market price for Equity Securities in that class may be significantly lower on the issue date than on the date of the Meeting where approval is being sought; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for those Equity Securities on the date of issue.

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Equity Securities under the issue, unless the only Equity Securities issued under the 10% Placement Capacity are options and these options are not exercised.

If Resolution 3 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below, assuming that any options issued under the 10% Placement Capacity are exercised.

The table below shows the potential dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the current market price of the Shares and the current number of Shares on issue as at the date of this notice of Meeting. The table also assumes that no options on issue are exercised into Shares before the date of issue of the Equity Securities.

The table also shows the voting dilution impact where the number of Shares on issue (variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Variable "A" in Listing Rule 7.1A.2		Dilution		
		\$0.008 50% decrease in Issue Price	\$0.016 Issue Price	\$0.032 100% increase in Issue Price

	Funds raised	\$970,219	\$1,940,438	\$3,880,876

	Funds raised	\$1,293,625	\$2,587,251	\$5,174,501

Explanatory Memorandum

Notes:

1. The number of Shares on issue (variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.
 2. The table above uses the following assumptions:
 - (i) The current Shares on issue are the Shares on issue as at the date of the Notice of Meeting.
 - (ii) The issue price set out above is the closing price of the Shares on ASX on 7 October 2016.
 - (iii) The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity and any options issued under the 10% Placement Capacity are exercised.
 - (iv) The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1.
 - (v) The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
 - (vi) This table does not set out any dilution pursuant to approvals under Listing Rule 7.1.
 - (vii) The 10% voting dilution reflects the aggregate percentage dilution against the issued Share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
 - (c) Date of Issue: Subject to paragraph (g) below, Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:
 - (i) 12 months after the date of the Meeting; and
 - (ii) the date of approval by Shareholders of any transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking).
- The approval under Listing Rule 7.1A will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 or 11.2.
- (d) Purpose of Issue under 10% Placement Capacity: The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:
 - (i) as cash consideration to raise funds for the acquisition of new assets or investments (including the expenses associated with such acquisition or investment), continued exploration and project development expenditure on the Company's current assets and/or for general working capital; or

Explanatory Memorandum

- (ii) as non-cash consideration for the acquisition of new assets and investments, in such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.
- (e) Allocation under the 10% Placement Capacity: As at the date of this Notice, the allottees of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the allottees of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the allottees at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
 - (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
 - (iii) the effect of the issue of the Equity Securities on the control of the Company;
 - (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
 - (v) prevailing market conditions; and
 - (vi) advice from corporate, financial and broking advisers (if applicable).
- (f) Previous Approval under Listing Rule 7.1A: The Company has not obtained shareholder approval under Listing Rule 7.1A at a previous Annual General Meeting.

Voting Exclusion

A voting exclusion statement is included under Resolution 3 in this notice of Meeting. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 3.

Resolution 3 is a **special resolution**. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 3 for it to be passed.

Resolution 4: Consolidation of Capital

The Company proposes to consolidate its share capital through the conversion of every five (5) Shares into one (1) Share. Under section 254H of the Corporations Act, a company may consolidate its shares if the consolidation is approved by an ordinary resolution of shareholders at a general meeting.

Reason for the Consolidation

The Company currently has 808,515,840 Shares on issue, which for a company of its size, is a very large number and subjects Shareholders to several disadvantages, including:

- (a) poor market perception;
- (b) vulnerability to speculative day-trading and short selling, which generates Share price volatility; and
- (c) discouraging quality, long term institutional investors, equity funds and lending institutions seeking stability and long term growth.

The Board believes these factors can be minimised by the Consolidation.

Explanatory Memorandum

Effect of the Consolidation

If the proposed Share consolidation is approved by Shareholders, the number of Shares on issue will be reduced from approximately 808 million to approximately 162 million. As the consolidation applies equally to all Shareholders, individual Shareholdings will be reduced in the same ratio as the total number of Shares (subject only to the rounding of fractions). It follows that the consolidation will have no material effect on the percentage interest of each individual Shareholder in the Company. The aggregate value of each Shareholder's holding (and the Company's market capitalisation) should not materially change (other than minor changes as a result of rounding) as a result of the Share consolidation alone (that is assuming no other market movements or impacts occur). However, the effect on the price per Share at the time of conversion should be to increase to reflect the reduced number of Shares on issue. Assuming no other market movements occur for reasons other than the consolidation a share should trade at five (5) times the price at which it previously traded.

In accordance with Listing Rule 7.22 upon the consolidation of Shares taking effect, the number of Options on issue are required to be consolidated in the same ratio as the Shares and their exercise price must be amended in inverse proportion to that ratio. Accordingly, the approval of Resolution 4 will have a flow on effect for all Options issued by the Company.

Holding Statements

Taking effect from the date of the Consolidation, all existing holding statements will cease to have any effect, except as evidence of entitlement to a certain number of securities on a post Consolidation basis. New holding statements will be issued to security holders, who are encouraged to check their holdings after the Consolidation.

Capital structure

The effect of the consolidation on the Company's capital structure, including Options, is as follows:

Securities	Pre-Consolidation		Post Consolidation	
	Number	Exercise Price	Number	Exercise Price
Ordinary shares	808,515,840	-	161,703,168	-
Unlisted Options (31/7/2017)	700,000	\$0.03	140,000	\$0.15

1. This assumes no further securities are issued and none of the existing Options are exercised or lapse between the date of this Notice of Annual General Meeting and the date the consolidation takes effect. The post consolidation ordinary share total adopts a simplistic conversion approach, the exact conversion and number of ordinary shares on issue may differ as a result of rounding.

Explanatory Memorandum

Timetable

The timetable for the consolidation if Resolution 4 is approved is as follows:

Taxation Implications

Shareholders are encouraged to seek and rely only on their own professional advice in relation to their tax position. Neither the Company nor any of its officers, employees or advisors assumes any liability or responsibility for advising Shareholders about the tax consequences for them from the proposed Share consolidation.

The Share consolidation will occur through the conversion of every five (5) Shares into one (1) Share. No capital gains tax event is expected to occur as a result of the Share consolidation and therefore there should be no taxation implications arising for the Shareholders.

Fractional Entitlements

Fractional entitlements, which will occur where a Shareholder holds a number of Shares which cannot be evenly divided by five (5), will be rounded up to the nearest whole Share.

Directors' Recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 4.

The Chairman intends to vote undirected proxies in favour of Resolution 4.
