Dear Amcor Shareholders

September 29, 2021

Graeme Liebelt
Chairman

Ron Delia
CEO

Amcor delivered an outstanding fiscal year 2021 (FY21), defined by growing momentum and record results. Our teams delivered growth and increased EBIT margins despite a highly dynamic operating environment with global supply chain disruptions, high raw material inflation and continued effects from the pandemic.

We advanced our strategic agenda across multiple key dimensions – investing for organic growth in our most attractive segments, accelerating innovation, commercializing more sustainable product platforms and integrating the Bemis acquisition. The foundations of our business are stronger than ever, which means we are uniquely positioned for future growth and continued success.

Safety first

Safety has long been a core value at Amcor. This past year we continued advancing toward our ultimate goal of an injury-free workplace: we experienced 23% fewer injuries compared to the prior year and 53% of our sites worldwide were injury-free for at least 12 consecutive months.

The health of our colleagues and their families was especially front and center due to COVID-19. Throughout the pandemic, we stayed true to three guiding principles: keeping our people safe and healthy; keeping our business running; and supporting our communities. Our sites remained operational thanks to high employee engagement and disciplined adherence to thorough protocols.

Our teams also contributed with hundreds of initiatives to donate resources, time and essential supplies to local communities around the world. We are extremely proud of and thankful for how our people live the value of safety every day.

Record results

The business achieved record results in FY21: year over year, adjusted EBIT was 8% higher and adjusted earnings per share grew by 16%, both on a comparable basis.

As the year progressed, we saw strong momentum building across our businesses through a combination of organic growth, disciplined margin management and cost control. Both our Flexibles and Rigid Packaging segments contributed to margins expanding to 12.6% despite supply chain constraints and steep raw material cost increases. Rigorous focus on elements under our control was key in delivering \$1.1 billion of free cash flow while increasing capital investments to grow in higher value, faster growing segments.

We generated \$75 million in synergy benefits from the Bemis acquisition and expect to exceed the original \$180 million three-year target by at least 10%.

Delivering value

Our strong results translated into free cash flow of \$1.1 billion and enabled more than \$1 billion in cash returns to shareholders through a higher annual dividend and the repurchase of \$350 million in shares – about 2% of total shares outstanding.

Amcor continues to generate value for shareholders in three ways:

- **Organic earnings growth** supported by disciplined capital expenditure.
- An attractive, growing **dividend** paid quarterly.
- **Strategic acquisitions** and regular **share repurchases**.

Through those three factors, Amcor provided shareholders with a total return of 21% in fiscal year 2021, exceeding our long-term average range of 10%-15% per year.

Stronger foundations

With the integration of our transformational Bemis acquisition essentially complete, Amcor now enjoys a truly global footprint in flexible packaging and an even more compelling customer value proposition – especially in high value market segments.

Across both rigid and flexible packaging, we are in a stronger strategic position than we have ever been and hold leadership positions in every major geographic region. These market positions combined with our unique capabilities will unlock new growth opportunities and drive sustainable value for all stakeholders.

Continued demand from our customers and their consumers for more sustainable, responsible packaging solutions presents a substantial growth opportunity. Amcor is uniquely positioned to seize it thanks to our expanding portfolio of innovative solutions and our close partnership with some of the world's biggest brands.

We have continued to invest in our innovation capabilities, expanding our network of research and development centers globally. We recently announced plans to construct two new innovation centers in Asia and Europe to give our customers access to best-in-class facilities wherever they are in the world.

We have also been looking outside to augment our own capabilities and open avenues for additional growth. To this end, we established a new partnership with Michigan State University's School of Packaging – the first, largest and most prestigious school in the US dedicated to packaging – to help ensure we are fostering the future generation of talent in our industry. We also created a new corporate venturing team, who made their first investment in ePac Flexible Packaging, a leader in the high quality, short run length digital printing segment for flexible packaging.

Bright outlook

Amcor finishes the year having made considerable progress towards our ambition of being THE leading global packaging company. Our continued success confirms our strategy is sound, resilient and working.

Looking ahead, our unique combination of scale, footprint, segment participation and capabilities pave the way for further growth and value creation for shareholders. There is clear momentum building across our business and we expect another year of strong results in fiscal 2022.

We hope you can see the investment case in Amcor today is the strongest it has ever been, and we thank you for your continued support.

Very truly yours,

Executive Compensation Highlights

Amcor’s executive compensation framework has played a key role in aligning the organization following the Bemis Transaction, in addition to incentivizing delivery of synergies, earnings growth and value creation for shareholders. The key highlights are as follows:

- An outstanding fiscal year 2021 result; a reduction in safety recordable cases by 23%, an increase in adjusted EPS by 16%, cash flow of \$1.1 billion, and approximately \$75 million of cost synergies from the Bemis Transaction (with total synergies expected to exceed original \$180 million target by at least 10%).
- Continuing review of the compensation structure to better reflect a company that has an increasing presence in the United States, which is also a key source of executive talent.
- Variable compensation is 100% performance-based and at-risk ensuring strong alignment to shareholder value creation.

WHAT WE DO	WHAT WE DON'T DO
✔ Variable incentives are 100% performance-based and 100% at-risk ✔ To ensure alignment with shareholders, the shareholder value creation model is the basis for the performance conditions used for incentives ✔ For the LTI to vest in full, it requires adjusted EPS to grow by 10% per annum, returns to be 12% or more, and upper quartile relative total shareholder return performance ✔ Stock ownership requirements for Executive Officers ✔ Clawback policy applicable to awards in event of fraud, dishonesty, breach of obligations and certain restatements	✗ No multi-year employment agreements or excessive executive severance ✗ No repricing of options without shareholder approval ✗ No excise tax reimbursement for payments made in connection with a change in control ✗ No hedging of equity awards ✗ No payment of dividends on unearned performance-based awards ✗ No evergreen provision in our 2019 Omnibus Management Share Plan

Sustainability

Sustainability at Amcor

We are excited about the progress we made in fiscal year 2021 to accelerate momentum around responsible packaging and respond to the challenge of keeping products out of the environment at the end of their use. This progress has been achieved through the combination of advances in innovation for packaging design, collaboration for waste management infrastructure and education for greater consumer participation.

Our expertise in developing more responsible packaging, combined with our global presence, makes us the partner of choice for market-leading, sustainability-focused brands and is a key opportunity that fuels our continued growth.

One such example is our partnership with Mars Food for the application of HeatFlex – a designed to be recycled solution in the retort pouch segment that is transforming the recyclability of packaging in flexibles. Launched as a pilot early in 2021, we brought the industry’s first food-safe microwaveable rice pouch to market in a ground-breaking move that represents significant progress toward our commitment to deliver more sustainable products.

In addition to our \$100 million annual R&D spend, we are investing in innovation pilots and developing talent in packaging sustainability in cooperation with Michigan State University to create continuous value for all stakeholders and to deliver innovative, more sustainable packaging solutions.

Sustainability informs every aspect of Amcor’s activities – from employment practices to sourcing and manufacturing. Through our EnviroAction program, we are continuously reducing our carbon footprint, cutting down on waste and minimizing water usage. By 2030, Amcor will reduce its greenhouse gas emissions intensity by 60% compared to the 2006 baseline.

We are pleased that, this year, Amcor was recognized for our sustainability leadership by FTSE4Good, Ethibel Excellence Investment Register, the Institutional Shareholder Services ESG program, Ecovadis and the MSCI and achieved an A- score in climate change from the Carbon Disclosure Project (CDP).

Sustainability remains our most significant long-term organic growth opportunity

Responsible packaging is the answer

Board Composition

Director Independence

The Board has determined that all Directors, except Mr. Delia, are “independent” as that term is defined in the applicable listing standards of the New York Stock Exchange (“NYSE listing standards”). In addition, the Board has determined that each member of the Audit, Compensation, and Nominating and Corporate Governance Committees, is independent pursuant to the NYSE listing standards and any relevant Securities and Exchange Commission (“SEC”) standards. In accordance with the NYSE listing standards, the Board looked at the totality of the circumstances to determine a Director’s independence including reviewing any relationships and transactions between each Director and the Company (including its independent registered public accounting firm). To be independent, a Director must be, among other things, able to exercise independent judgment in the discharge of his or her duties without undue influence from management.

Board Diversity

The Board recognizes the value of diversity. The Board believes that a diverse membership provides a variety of perspectives, improves the quality of dialogue, and contributes to a more balanced and effective decision-making process. In evaluating candidates for Board membership, the Board and the Nominating and Corporate Governance Committee consider many factors to create a balanced Board with diverse viewpoints and deep expertise. Relevant factors include diversity of professional experience, skill set, perspective, and background, including gender, race, ethnicity, cultural background and geography (Please see page 5 for additional detail regarding the composition of our Board and its diversity characteristics).

Board Refreshment

Amcor has maintained a steady, proactive focus on Board composition and refreshment, having added five new Directors since 2019, and recommending another new Director as nominee at our Annual Meeting. As a key element of ensuring a diverse Board, the Nominating and Corporate Governance Committee regularly reviews Director tenure and succession. The disciplined Board succession planning, together with annual Board self-evaluations, enables optimal Board effectiveness and ensures the appropriate level of Board refreshment to meet the Company’s strategic needs and priorities. In addition to refreshing the Board’s composition generally, the Board routinely adjusts its committee chair and membership assignments which promotes Director development and succession planning.

Board Leadership Structure

We do not have an express policy concerning whether the role of Chairman of the Board should be held by an independent Director. Instead, the Board prefers to remain flexible to determine which leadership structure is most appropriate for the Company and its shareholders based upon the specific circumstances at any given point in time. Mr. Liebelt, an independent Director, currently serves as our Chairman of the Board.

Key Areas of Board Oversight

Risk Management

Taking purposeful and calculated risks is an essential part of our business and is critical to the achievement of our long-term strategic objectives. Our Board of Directors and the committees take an active role in the oversight of our Company's most significant risks. Enterprise risk management processes are embedded in all critical business processes and are designed to identify operational, financial, strategic, compliance, cybersecurity, and reputational risks that could adversely affect the execution of the Company's plans, strategy, or effectiveness of its business model.

Cybersecurity Risk Oversight

The Board recognizes the importance of securing the information of the Company's customers, vendors, and employees. The Company has adopted physical, technological and administrative controls on data security, and has a defined procedure for data incident detection, containment, response and remediation. While everyone at the Company plays a part in managing these risks, oversight responsibility is shared by the Board, the Audit Committee, and management. The Audit Committee receives a quarterly cybersecurity report from management, which outlines the Company's cybersecurity risk management framework and includes an update on the Company's completed, on-going and planned actions relating to cybersecurity risks. The full Board receives an annual information technology report from management, which includes an update on the Company's cybersecurity efforts.

Human Capital Management

The Board believes that human capital management is critical to the Company's success. The Board and Compensation Committee oversee and engage with executives across the Company on a broad range of human capital management topics, including organizational development and succession planning, health and safety matters, diversity and inclusion initiatives, ethics and governance, and employee engagement feedback gathered from periodic employee surveys.

Safety is a core value at Amcor. The Company champions safe and responsible behavior among all employees to achieve its goal of zero workplace injuries. The Board receives monthly reports on safety performance and compliance of the Company's operations with its Global EHS standards.

Amcor is dedicated to attracting, developing, engaging, and retaining the best talent and strengthening the Company's succession pipeline for the future. The Company has developed a range of training and education programs to help employees progress across all functions and experience levels. The Board's involvement in leadership development and succession planning is ongoing throughout the year, and the Board provides input on important decisions in each of these areas. The Board has primary responsibility for succession planning for the CEO and oversight of other senior management positions. The Compensation Committee oversees the development of the process, and the Board meets regularly with high-potential executives at many levels across the company through formal presentations and informal events throughout the year. The Compensation Committee is also regularly updated on key talent indicators for the overall workforce, including recruiting and attrition, diversity and inclusion, and development programs.

Amcor values the diverse experience, strengths, styles, nationalities and cultures of all its people. The Company is focusing its diversity and inclusion efforts in three main areas: developing inclusive leaders, learning from employee resource groups, and ensuring that the Company's practices help attract, develop, engage and retain diverse top talent. The Board receives an annual report on the Company's progress towards its diversity and inclusion efforts.

All Company employees and Directors are expected to act with integrity and objectivity, striving always to enhance the Company's reputation and performance. The Company maintains a code of business conduct and ethics policy which is signed by all Amcor employees and provides a framework for making ethical business decisions.

Board Governance Practices

Board Evaluation Process

The Board recognizes that a robust and constructive evaluation process is an essential component of Board effectiveness and good corporate governance. Accordingly, the Board and each committee will conduct an annual self-evaluation, and the Board will engage in periodic external assessments, to gauge their effectiveness and consider opportunities for improvement. The entire evaluation process, overseen by the Nominating and Corporate Governance Committee, assesses the performance of each committee and the Board as a whole. The self-evaluation results and any recommendations made by the Nominating and Corporate Governance Committee to enhance the Board's effectiveness are discussed by the full Board.

Shareholder Engagement

Amcor has active engagement with shareholders and proxy advisors regarding its performance, strategy and operations. Members of senior management and our Chairman of the Board conduct an annual governance roadshow to solicit shareholder perspectives and receive valuable, direct feedback on governance, executive compensation, sustainability and related matters, communicating with the holders of a significant amount of our shares. Our engagement efforts and the shareholder feedback we receive are reviewed with our Board of Directors, and help to promote greater alignment of our governance and executive compensation practices with shareholder interests.

Recommendations for Directors

Consistent with the long-term interests of the shareholders, Directors must be able to participate constructively, drawing upon their diverse individual experience, knowledge and background to provide perspectives and insights. The Board also understands the importance of balancing tenure, turnover, diversity and skills of the individual Board members by pairing fresh perspectives with valuable experience. The Nominating and Corporate Governance Committee and the Board establish different search criteria for recruiting new Directors at different times, depending upon the Company's needs and the then-current Board composition. In every case, however, candidates are required to have certain qualifications and attributes that enable such individuals to contribute to the Board.

The Nominating and Corporate Governance Committee will consider Director candidates recommended by shareholders in the same manner that it considers all Director candidates. Director candidates must meet the minimum qualifications set forth in the Corporate Governance Guidelines, and the Nominating and Corporate Governance Committee will assess Director candidates in accordance with those factors. Shareholders who wish to suggest qualified candidates to the Nominating and Corporate Governance Committee should write the Corporate Secretary of the Company at Amcor plc, 83 Tower Road North, Warmley, Bristol BS30 8XP, United Kingdom, stating in detail the candidate's qualifications for consideration by the Nominating and Corporate Governance Committee.

If a shareholder wishes to nominate a Director other than a person nominated by or on behalf of the Board of Directors, he or she must comply with certain procedures outlined in our Articles of Association ("Articles") by the deadlines described below under "Submission of Shareholder Proposals and Nominations."

Communications with the Board

The Board provides a process for shareholders and other interested parties to send communications to the Board or any of the Directors. Interested parties may communicate with the Board or any of the Directors by sending a written communication to the address below. All communications will be compiled by the Corporate Secretary of the Company and submitted to the Board or the individual Directors.

Transactions with Related Parties

Our Board has approved a written policy whereby the Audit Committee must review and approve any transaction in which (a) the Company was, is or will be a participant and (b) any of the Company's Directors, nominees for Director, Executive Officers, greater than five percent shareholders or any of their immediate family members (each, a "Related Party") have a direct or indirect material interest (including any transactions requiring disclosure under Item 404 of Regulation S-K) ("Related Party Transaction").

The Audit Committee may delegate authority to review Related Party Transactions to one or more Audit Committee members, except for a transaction involving an Audit Committee member. Any determinations made under such delegated authority must be promptly reported to the full Audit Committee, which may ratify or reverse such determination.

Standards for Approval of Transactions

The Audit Committee will analyze the following factors, in addition to any other factors the Audit Committee deems appropriate, in determining whether to approve a Related Party Transaction:

- The position within or relationship of the Related Party with the Company;
- The materiality of the transaction to the Related Party and the Company;
- The business purpose for and reasonableness of the transaction;
- Whether the transaction is comparable to a transaction that could be available to an unrelated party, or is on terms that the Company offers generally to persons who are not Related Parties;
- Whether the transaction is in the ordinary course of the Company's business; and
- The effect of the transaction on the Company's business and operations.

A Related Party Transaction will only be approved by the Audit Committee if the Audit Committee determines that the Related Party Transaction is in the best interests of the Company and its shareholders.

Transactions with Related Parties during Fiscal Year 2021

Item 404 of Regulation S-K requires that we disclose any transactions between Amcor and any related parties, as defined by Item 404, in which the amount involved exceeds \$120,000 and in which any related party had or will have a direct or indirect material interest. Introduction and 2021 Highlights

Amcor's executive compensation framework has played a key role in aligning the organization following the Bemis Transaction, in addition to incentivizing delivery of synergies, earnings growth and value creation for shareholders.

A Compensation Approach Appropriate for a Truly Global Company

Amcor is a truly global company made up of a diverse group of executives working in a range of different countries with responsibilities that extend beyond their respective geographic locations. Amcor's compensation approach is designed to attract and retain executives who are global leaders with the experience and ability to perform in this environment. These same leaders are attractive potential candidates for competitors both within the packaging sector and other industries - many of which are US-based.

Emphasis on Variable, Performance-Based, At-Risk Compensation

To ensure Amcor remains competitive as a truly global company, it considers market benchmarks in the major regions in which it operates. The Company's remuneration programs aim to maintain appropriate internal relativities despite regional differences, while ensuring and encouraging global mobility of talent. The programs focus on variable, performance-based, at-risk compensation to incentivize strong performance and delivery of outcomes that align with the interests of shareholders.

Variable, Performance-Based, At-Risk Compensation is based on Amcor's Shareholder Value Creation Model

Alignment of metrics in incentive plans support delivery of shareholder value.

2021 Incentive Outcomes - Highlights

The business posted strong financial performance in 2021. Incentive outcomes reflect that performance, and demonstrate the strong link between financial performance, incentive outcomes, and delivery of value to shareholders.

Compensation Policy

Compensation Objectives

Amcor’s executive compensation strategy, frameworks and programs are designed to:

- Align compensation to business strategy and outcomes that deliver value to shareholders.
- Drive a high-performance culture by setting challenging objectives and rewarding high-performing individuals.
- Ensure compensation is competitive in the relevant employment marketplace to support the attraction, engagement and retention of executive talent.

Compensation Decision-Making

The Compensation Committee is responsible for determining, in consultation with Amcor’s Board of Directors, a framework for the compensation of Amcor’s NEOs, and other executives reporting to the CEO. This is to ensure that Amcor’s NEOs are motivated to pursue the long-term growth and success of Amcor and that there is a clear relationship between performance and executive compensation. Amcor’s CEO recommends to the Compensation Committee the annual compensation levels for each of Amcor’s other NEOs and executive officers reporting to the CEO, and the Compensation Committee ultimately approves annual compensation levels, taking into account those recommendations and other considerations the Compensation Committee deems appropriate. The Compensation Committee reviews the annual compensation levels for the CEO and makes recommendations for any changes to the Amcor Board, who approves any changes. The CEO makes no recommendation with respect to his own compensation levels.

The Compensation Committee is also responsible for reviewing leadership talent to ensure that Amcor’s leaders are of world-class quality and that succession depth for key leadership roles is sufficient to deliver sustainable business success. It also undertakes an annual formal evaluation of the performance of the CEO.

Use of Compensation Consultants

Where appropriate, the Compensation Committee seeks advice from independent compensation consultants in determining appropriate executive compensation. In fiscal year 2021, the Compensation Committee sought input from external compensation consultants, FW Cook and Willis Towers Watson, to understand market practice and review market data relevant for making compensation determinations for key executive roles. FW Cook and Willis Towers Watson did not prepare specific recommendations with respect to the compensation of any of Amcor’s NEOs.

Use of Peer Company and Competitive Market Data

Due to the global scope of Amcor’s business and the unique competitive environment in which Amcor operates, a range of benchmarking data was used in making individual compensation decisions during the last fiscal year. At Amcor, compensation for NEOs and other executives reporting to the CEO is determined by reviewing general pay structures for similar roles in relevant markets around the world. Amcor is an international company made up of a diverse group of executives working in a range of different countries. Furthermore, the responsibilities of these executives extend beyond their own geographic location. This requires Amcor to attract and retain executives who are global leaders with the experience and ability to perform in this environment.

For fiscal year 2021 compensation benchmarking purposes, the Compensation Committee referenced multiple compensation benchmarks from carefully selected US and global companies and markets that include executives with global or regional responsibilities. This approach assists the Compensation Committee in understanding and considering general market practice across a number of international markets when determining competitive pay structures for Amcor executives.

Elements of Compensation

Amcor compensates its executives using a combination of fixed and variable compensation plans. The primary elements of its executive compensation programs are:

- Base salaries
- Short-term incentive (STI); delivered through a combination of cash and deferred equity
- Long-term incentive (LTI)

Greater emphasis is placed on variable compensation with the CEO receiving 81% of his target compensation as variable compensation and the other NEO’s receiving 76% (on average), as shown below.

(1) Represents an average across all NEOs, other than the CEO.
(2) Deferred component of the STI delivered as restricted share units over Amcor shares that are restricted for two years following payment of the cash portion of the STI.

Amcor believes that these components, taken together, promote the compensation objectives described above.

In determining the amounts payable with respect to each element, and the relative weighting of the various elements for each of Amcor’s NEOs, the Compensation Committee considers the compensation elements, weightings and levels generally paid for similar roles in relevant markets around the world. Amcor does not have a formal policy regarding allocation among types of compensation other than to ensure overall competitiveness and to emphasize variable, performance-based, at-risk compensation. Its goal is to award compensation that is competitive in relation to the compensation objectives and in the best interest of shareholders.

Base Salaries

The base salary is intended to provide a fixed component of compensation commensurate with the executive’s seniority, skill set, experience, role and responsibilities. Over the course of fiscal year 2021, base salaries were modestly increased.

Short-Term Incentive (STI)

Amcor provides STI compensation opportunities in the form of an annual, performance-based incentive program. The STI is intended to provide compensation based on achievement of annual business objectives. Part of any STI earned based on achievement of annual business objectives is delivered in restricted share units (“RSUs”) that are deferred for an additional period of two years—called STI deferred equity awards. The payment of STI deferred equity awards is intended to build equity ownership, to align management incentives with shareholder value creation, and to act as a retention incentive.

Details of the range of potential STI cash payments, the proportion to be received at “target” performance, the actual payments made, and RSUs awarded under the STI Deferred Equity plan in respect of fiscal year 2021 are shown below. The actual outcomes are based on the performance of Amcor’s NEOs against a selected range of safety, financial and strategy and organization development goals both on an Amcor and a business group level. Above-target outcomes are only payable based on outperformance against selected financial metrics.

Name	STI % at Target (as % of Base Salary)	STI % Range	STI % Actual	STI Payment (USD) ⁽¹⁾	Deferred Equity Awarded (USD)	Deferred Equity Award (No. RSUs) ⁽¹⁾

(1) Equity allocations were determined based on the volume weighted average price (“VWAP”) of Amcor shares for the five trading days prior to and including June 30, 2021 (\$11.53 per share). Where short-term cash incentives are determined in currencies other than USD, the average foreign exchange rate for the same five-day period was applied to determine the USD equivalent.

The table below also includes a more detailed analysis of the targets and outcomes for the CEO and CFO.

Category	Safety Targets	Financial Targets	Strategy and Organizational Development Goals
Weighting	5%	80-85%	10-15%
Outcome	Target met and exceeded	Targets met and exceeded	Targets met and exceeded
Comments	23% fewer recordable cases than fiscal year 2020	- Increase in adjusted EPS, including synergy capture, of 16% - Cash flow of \$1.1 billion - Bemis integration completed – synergy capture ahead of expectations (\$75 million in fiscal year 2021) with total synergies expected to exceed original \$180 million target by at least 10%	Talent and organizational alignment, delivery of strategic projects

The remaining NEOs’ targets and weighting were specific to their scope of accountability and business group.

- All NEOs had a safety objective to reduce recordable cases.
- Financial metrics included both consolidated and Business Group specific metrics including earnings, cash flow, average working capital, and sales growth metrics. Metrics and weighting for each ensured NEOs were incentivized to focus on objectives specific to their respective business groups.
- These NEOs were assigned strategy and organizational development goals, where applicable to the role, with a focus on talent and organizational alignment. This was essential to the successful integration of the Bemis business.

The performance targets for consolidated results are consistent with those of the CEO and CFO. Performance targets related to business group or unit performance are established based on annual operating plans (which are considered commercially sensitive), and are determined by definitive and objective criteria set at levels intended to be challenging and require significant leadership effort, substantial achievement, and measurable value creation for payout to occur. Amcor does not publicly report financial results for businesses within a reportable segment to protect the commercially sensitive nature of that information and the Company's competitive positions.

Long-Term Incentive (LTI)

The objective of Amcor's LTI is to reward the achievement of long-term sustainable business outcomes which is consistent with the Company's objective of value creation for shareholders.

Each LTI award vests over a period of three years and consists of a grant of options and performance rights (performance shares are awarded to U.S. participants in place of performance rights).

The vesting outcome of the LTI award is based on the following:

- Half of the award is determined based on constant currency adjusted EPS growth over a three-year performance period, with 5% average annual adjusted EPS growth resulting in 50% of this portion of the award vesting, and 10% average annual adjusted EPS growth resulting in full vesting of this portion of the award (subject to linear interpolation between these two points). There is a further condition that Amcor's adjusted RoAFE is at or above 12%. If average annual adjusted EPS growth is less than 5%, or RoAFE is less than 12%, this portion of the award will not vest.¹
- The other half of the award is based on relative TSR performance over a three-year performance period against two peer groups with equal weighting; an ASX-based group and an international packaging group, with 50th percentile TSR resulting in 50% of this portion of the award vesting, and 75th percentile TSR resulting in full vesting of this portion of the award (subject to linear interpolation between these two points). There is no vesting of this portion of the award for performance below the 50th percentile. The use of these two peer groups reflect Amcor's Australian and international shareholder base.

The combination of adjusted EPS with a RoAFE condition ensures that management is rewarded for achieving profitable growth while sustaining strong returns. The use of relative TSR provides a shareholder perspective of Amcor's relative performance against comparable companies both in Australia and internationally.

The TSR peer groups for the LTI granted in fiscal year 2021 were:

ASX-BASED TSR GROUP²:

(1) Amcor's Board of Directors has flexibility to adjust the EPS and RoAFE hurdles, or adjust the structure of these hurdles, to ensure they remain appropriate in the event of material events or strategic initiatives that affect the relevance of the performance conditions.

(2) Certain events may occur (e.g. M&A, public to private transactions) that could affect the composition of the peer group. The Board has, accordingly, retained discretion to determine how those events will be treated at the time they arise. This may result in the alteration of the composition of the peer group from time to time. The Board also retains the discretion to deal with any other material event that affects the relevance of any member in the peer group.

LTI vested during fiscal year 2021

The LTI awards that vested during fiscal year 2021 were part of the 2019 LTI grant that was delayed until the completion of the Bemis Transaction. The Bemis Transaction closed with just 19 days remaining in fiscal year 2019, resulting in this LTI award being granted early in fiscal year 2020. This LTI award was therefore granted over a two-year performance period ending June 30, 2021. The annual vesting schedule of LTI grants did not change as a result of this delayed grant and only one LTI grant continues to vest each fiscal year.

The performance conditions applicable to this plan were TSR and adjusted EPS with a RoAFE gateway. TSR performance against the ASX-based TSR group was at the 52nd percentile resulting in 13.4% vesting under this metric. TSR performance against the international packaging TSR group was below the 50th percentile and therefore there was no vesting under this metric. Average adjusted EPS performance was 14.6% and exceeded the maximum required, resulting in 50% vesting under this metric. The RoAFE gateway was also met. This resulted in a total vesting of 63.4% of this LTI award.

LTI grants during fiscal year 2021

The LTI awards that were granted during fiscal year 2021 have a three-year performance period that began July 1, 2020 and will end June 30, 2023.

LTI grant for 2022

During the course of fiscal year 2021, the Compensation Committee sought input from external compensation consultants, FW Cook and Willis Towers Watson, to understand market practice and review market data relating to the design of the LTI. Based on this input, the Compensation Committee decided to leave the LTI largely unchanged, except for the following changes that will be effective beginning with the fiscal 2022 LTI grant:

- 1. Reviewed and consolidated the two separate TSR peer groups into one group (detailed below). This single TSR peer group provides a shareholder perspective of Amcor's relative performance against comparable companies both in Australia and internationally.
- 2. Introduced a threshold performance level to better align to US market practice and ensure that performance continues to be incentivized across a broader range of TSR performance. The threshold performance level will begin at the 35th percentile, where half of the target-level award will be earned. Target-level will be earned for performance at the 50th percentile, with full vesting at the 75th percentile.

(1) Certain events may occur (e.g. M&A, public to private transactions) that could affect the composition of the peer group. The Board has, accordingly, retained discretion to determine how those events will be treated at the time they arise. This may result in the alteration of the composition of the peer group from time to time. The Board also retains the discretion to deal with any other material event that affects the relevance of any member in the peer group.

Retention/Share Payment Plan

The retention/share payment plan is used on a limited basis at recruitment to replace existing awards from previous employers or as retention awards to selected executives.

Employment Agreements

Each of the NEOs has entered into an executive services agreement, which generally provides for compensation terms (including base salary, STI and LTI opportunity, and in limited circumstances, retention incentives), and the other perquisites and benefits described elsewhere in this Executive Compensation section. The executive services agreements require a 12-month notice period to terminate the services agreement, although Amcor may waive any portion of the notice period. Amcor may summarily terminate the employment of a NEO (without notice or severance payments) immediately if the NEO commits: (a) a serious or persistent breach of any of the terms or conditions of the executive's employment; (b) any negligent act the executive commits in connection with the performance of the duties of executive's role; (c) any conduct or act which, in the reasonable opinion of Amcor, brings Amcor into disrepute; (d) any criminal offense for which the executive is convicted which, in the reasonable opinion of Amcor, impairs the executive's ability to perform his or her duties; (e) any wrongful or dishonest or fraudulent act or conduct which, in the reasonable opinion of Amcor, brings Amcor into disrepute; or (f) any other act which would entitle Amcor to dismiss the executive summarily.

Furthermore, the executive services agreements include obligations relating to conflicts of interest, confidential information, intellectual property, and competitive activity following a termination of employment for any reason, for the restricted period specified in each executive services agreement.

Minimum Shareholding Policy

A minimum shareholding policy is in place in order to strengthen alignment of the interests of Amcor's NEOs with value creation for shareholders. Under the minimum shareholding policy, the CEO and each of the CEO's direct reports, including each of Amcor's NEOs, must build and maintain a minimum shareholding of Amcor shares. The CEO is required to acquire and maintain ownership of Amcor shares (excluding vested and unvested options and unvested performance shares) with a value equivalent to 300% of base salary, and each of the CEO's direct reports, including each of Amcor's NEOs, are required to acquire and maintain ownership of Amcor shares (excluding vested and unvested options and unvested performance shares) with a value equivalent to 200% of base salary. An executive is required to attain these minimum shareholding requirements progressively within five years of becoming subject to the minimum shareholding policy.

Hedging Policy

Amcor's equity award agreements contain a provision restricting the participant from hedging the value of the award or entering into a derivative agreement in respect of the award. Equity award recipients include all of Amcor's executive officers and Directors and certain employees. Any breach of the hedging restriction could result in cancellation or forfeiture of the award, at the discretion of the Board. In addition, Amcor's Insider Share Trading Policy prohibits members of the Board and senior personnel of Amcor from short-selling or trading in derivative securities related to Amcor's equity securities, with the exception of trading in derivative securities received pursuant to an Amcor compensatory or benefit plan.

Compensation Recovery Policy

A clawback policy is in place that allows Amcor’s Board of Directors to cancel awards in the event of fraud, dishonesty, breach of obligations, financial misstatements, or if awards were made on the basis of a misrepresentation or an omission, or on the basis of facts or circumstances that were later proven to be untrue or inaccurate.

Compensation Committee Report

The Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and, based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the proxy statement.

2021 Summary Compensation Table

The following table sets forth summary information concerning the compensation earned by Amcor's NEOs during fiscal years 2021, 2020, and 2019. Movements in exchange rates have an impact on amounts reported for certain executives who are not paid in US dollars. The reported salaries for Messrs. Casamento and Konieczny in fiscal year 2021 were 7% higher than the amounts that would have been reported if the exchange rates had remained the same as in 2020 (2020: 1 CHF = 1.0235 USD; 2021: 1 CHF = 1.0989 USD).

- (1) Where executives are paid in a currency other than USD, the amount is converted to USD using the average exchange rate for the fiscal year. Messrs. Casamento, Konieczny, and Zacka are paid in CHF (1 CHF = 1.0989 USD).
- (2) Effective September 1, 2020, Mr. Konieczny became Chief Commercial Officer, at which time he ceased to be an executive officer.
- (3) Effective September 1, 2020, Mr. Zacka became President, Amcor Flexibles Europe, Middle East & Africa, at which time he became an executive officer.
- (4) The amount in this column represents the performance rights/shares and options granted under the LTI for fiscal year 2021, as well as the restricted share units granted under the STI—Deferred Equity Plan. The LTI allocations represent the grant-date fair value of these awards, calculated using Black-Scholes methodology as disclosed in the Company's financial statements. The STI—Deferred Equity Plan allocations were determined based on the VWAP of Amcor shares for the five trading days prior to and including June 30, 2021 (\$11.53 per share). Where short-term cash incentives are determined in currencies other than USD, the average foreign exchange rate for the same five-day period was applied to determine the USD equivalent. As reported in the 2020 Proxy Statement, there was no LTI grant made in fiscal year 2019 as this grant was delayed until the completion of the Bemis Transaction. The Bemis Transaction closed with just 19 days remaining in fiscal year 2019, resulting in this award being granted in fiscal year 2020. The delay of the 2019 LTI grant should not be misinterpreted as two grants related to fiscal year 2020, as one relates to fiscal year 2019 and one to fiscal year 2020.
- (5) Amounts represent short-term cash incentive payments. For a description of the methodology applied in determining the short-term cash incentive payments, refer to the section above "Elements of Compensation—Short-Term Incentive (STI)." Where short-term cash incentive payments are determined in currencies other than USD, the average foreign exchange rate for the five trading days prior to and including June 30, 2021 was applied to determine the USD equivalent.
- (6) The elements of compensation included in the "Benefits, Relocation Expenses, Plan Contributions and Tax-Related Payments" column for fiscal year 2021 are set forth in the table below.

2021 Benefits, Relocation Expenses, Plan Contributions and Tax-Related Payments

- (1) These benefits include costs such as healthcare, company car costs and tax advisory costs to assist with the filing of domestic and foreign tax returns.
- (2) Expenses associated with relocation and expatriate expenses may include a combination of (i) relocation costs and (ii) ongoing benefits related to that relocation.
- (3) Mr. Delia is required to cover all personal tax obligations based on U.S. requirements and any additional tax obligations (by virtue of his presence in other countries as required by Amcor) are covered by Amcor. These tax payments by Amcor generate foreign tax credits which may be recoverable by Amcor in the future. In 2021, this amount was nominal due to the impact of COVID-19 travel restrictions.
- (4) Mr. Stephan received a one time payment that concludes an obligation under his former Bemis Management Agreement.

- (1) Represents the cash component of the incentive compensation opportunity available under the STI Plan for fiscal year 2021. Payments under this plan may range from zero through to maximum depending on performance against various financial and individual targets included in the individual's scorecard.
- (2) Represents the value of the grant date opportunity under the STI deferred equity component for fiscal year 2021. The award is calculated as 50% of the STI cash component and therefore may range from zero through to maximum depending on performance against various financial and individual targets included in the individual's scorecard. Equity allocations are determined based on the VWAP of Amcor shares for the five trading days prior to and including June 30 of each fiscal year.
- (3) Represents the issuance of performance rights/shares under the LTI for fiscal year 2021 that will vest in fiscal year 2024, subject to performance conditions which are outlined in the section above "Elements of Compensation – Long-Term Incentive (LTI)".
- (4) Represents the issuance of options under the LTI for fiscal year 2021 that will vest in fiscal year 2024, subject to performance conditions which are outlined in the section above "Elements of Compensation – Long-Term Incentive (LTI)".
- (5) Represents the grant date fair value of these awards, calculated using Black-Scholes methodology as disclosed in the Company's financial statements.

Outstanding Equity Awards at 2021 Fiscal Year-End

The table below sets forth information regarding equity awards outstanding as of June 30, 2021.

There was no LTI grant in fiscal year 2019 as this grant was delayed until the completion of the Bemis Transaction which occurred less than one month prior to the end of fiscal year 2019. Given the timing of the completion of the Bemis Transaction, the delayed 2019 LTI grant was made early in fiscal year 2020. The delay of the 2019 LTI grant should not be misinterpreted as two grants related to fiscal year 2020, as one relates to fiscal year 2019 and one to fiscal year 2020. Importantly, there is no change to the annual vesting schedule as only one LTI grant will vest each fiscal year, or to the actual realized compensation for the CEO or other named executive officers in any one fiscal year.

2021 Nonqualified Deferred Compensation

Amcor’s non-qualified deferred compensation plan permits eligible participants to (i) defer up to 50% of their salary; (ii) defer up to 100% of their STI payout; and (iii) receive contributions equal to 10% of base salary and their STI plan payout (reduced by contributions already made to other plans).

Participants are able to invest these deferrals and contributions across a number of investment options, which make earnings and losses based on the performance of these investments. Account balances are paid out upon a participant’s separation from service or the participant’s disability.

The contributions and earnings under the plan during fiscal year 2021, as well as the account balances under the plan as of the end of fiscal year 2021, for participating NEOs were as follows:

	Executive Contributions in Last FY (\$) ⁽¹⁾⁽⁵⁾	Registrant Contributions in Last FY (\$) ⁽²⁾⁽⁵⁾	Aggregate Earnings in Last FY (\$) ⁽³⁾	Aggregate Withdrawals/ Distributions in Last FY (\$)	Aggregate Balance at Last FY (\$) ⁽⁴⁾

Eric Roegner	343,865	110,421	215,788	—	1,224,059

(1) Amounts in this column are included in either the “Salary” or “Non-Equity Incentive Plan Compensation” columns of the “2021 Summary Compensation Table.”

(2) Amounts in this column are included in the “Benefits, Relocation Expenses, Plan Contributions and Tax-Related Payments” column of the “2021 Summary Compensation Table.”

(3) Amounts in this column are not included in the “2021 Summary Compensation Table” as the amounts represent investment returns (gains or losses), which are not considered “above market” or “preferential” within the SEC’s definition of those terms for purposes of the Summary Compensation Table. Amcor’s deferred compensation plan provides participants with a subset of investment elections available to all eligible employees under Amcor’s tax-qualified Section 401(k) plan.

(4) Mr. Delia began participating in this plan on November 1, 2007 and the balance represents contributions and earnings over the period since that date. Mr. Roegner began participating on September 10, 2018 and the balance represents contributions and earnings over the period since that date.

(5) In prior fiscal years in which Amcor has been subject to US reporting and the disclosure of non-qualified deferred compensation (fiscal years 2018, 2019 and 2020 only), Amcor has reported total executive and registrant contributions of \$5,468,090 for Mr. Delia and \$532,464 for Mr. Roegner. These amounts were reported in the Summary Compensation Table in those years.

Potential Payments Upon Termination or Change in Control

Compensation and other terms of employment for Amcor's NEOs are formalized in executive services agreements. In the event of termination of employment by Amcor without "cause" (as described under "—Employment Agreements"), Amcor's NEOs each have a contractual notice period equal to 12 months. In the event of a settlement of this notice period, the amount payable will be equal to the greater of the amount payable required by law or payment in lieu of notice (12 months' base salary). No single-trigger payments or double-trigger payments are specified in a change of control event, however Amcor's Board retains discretion to afford pro-rated incentive payments and vesting of equity awards. Amcor's Board also may deal with other related matters at its discretion.

The table set forth below shows Amcor's estimated potential payment obligations to each NEO at the end of fiscal year 2021.

	Ron Delia	Michael Casamento	Peter Konieczny	Eric Roegner	Fred Stephan	Michael Zacka
Termination Payment (\$) (12 months' base salary) ⁽¹⁾	1,671,204	933,692	1,291,925	982,311	880,000	1,217,611

(1) Where executives are paid in a currency other than USD, the amount is converted to USD using the annual average exchange rate used throughout the fiscal year. Messrs. Casamento, Konieczny, and Zacka are paid in CHF (1 CHF = 1.0989 USD).

CEO Pay Ratio

The following shows the relationship of the fiscal year 2021 annual total compensation of Amcor's median employee and the annual total compensation for Mr. Delia, the CEO. Amcor is a truly global company, with employees across 45 countries (as shown in the chart below).

The annual total compensation of Amcor's median employee, not including the CEO, was \$42,915. The annual total compensation of the CEO, as reported in the Summary Compensation Table, was \$10,991,148. Therefore, the ratio of the annual total compensation of the CEO to the annual total compensation of the median employee was 256 to 1.

The CEO pay ratio estimate has been calculated in a manner consistent with item 402(u) of Regulation S-K. The SEC's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. As a result, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

As permitted by the SEC, given that there were no significant changes to Amcor's employee population or compensation programs between fiscal year 2020 and fiscal year 2021, Amcor did not re-identify the median employee for fiscal year 2021. The annual total compensation of the median employee was updated to reflect fiscal year 2021 values. Where the median employee was paid in a currency other than USD, compensation was converted to USD using the annual average exchange rate used throughout the fiscal year.

The median employee was determined last year based on April 1, 2020 annual base compensation (salary and hourly wages) for all full-time, part-time, and temporary employees within the organization, other than the CEO, who were employed on April 1, 2020. As permitted by the SEC rules, under the 5% "De Minimis Exemption", Amcor excluded 2,171 non-U.S. employees, or 4.98% of the total employee population of 43,578 employees. The excluded countries and their employee populations are as follows: India (839 employees), Indonesia (885 employees), Kazakhstan (56 employees), Trinidad and Tobago (28 employees), and Venezuela (363 employees). As a result of these exclusions, Amcor's median employee was determined from a total of 41,407 employees. Where employees were paid in a currency other than USD, compensation was converted to USD using the exchange rate on April 1, 2020.

Report of the Audit Committee

The Company's Audit Committee is composed of four independent non-employee Directors as defined by applicable SEC rules and NYSE listing standards. It is responsible for overseeing the Company's financial reporting and the Company's internal controls over accounting and financial reporting. In performing its oversight function, the Committee relies upon advice and information received in written form and in its quarterly discussions with the Company's management, the head of the Company's internal audit function and the Company's independent registered public accounting firm, PricewaterhouseCoopers AG (PwC). The Audit Committee regularly meets in executive session with the head of internal audit and PwC.

Specifically, the Committee has: (i) reviewed and discussed the Company's audited financial statements for the fiscal year ended June 30, 2021 with the Company's management; (ii) discussed with PwC the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (PCAOB) and the SEC; and (iii) received the written disclosures and the letter from PwC required by applicable requirements of the PCAOB regarding PwC's communications with the Committee concerning independence, and has discussed with PwC its independence.

Based on the Committee's review and discussions mentioned above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2021.

Independent Registered Public Accountant Fees

The following table presents aggregate fees for professional audit services rendered by PwC for the audit of the Company's annual financial statements for the years ended June 30, 2021 and 2020, and fees billed for other services rendered by PwC during those periods.

	2021	2020
Audit Fees ⁽¹⁾	\$ 17,150,000	\$ 18,324,000
Audit-Related Fees ⁽²⁾	125,000	635,000
Tax Fees ⁽³⁾	507,000	1,344,000
Other Fees ⁽⁴⁾	240,000	129,000
TOTAL FEES	\$ 18,022,000	\$ 20,432,000

- (1) *Audit Fees – These are fees for professional services performed by PwC for the integrated audits of the Company's annual financial statements (Form 10-K) and reviews of financial statements included in the Company's Form 10-Q filings, services that are normally provided in connection with statutory and regulatory filings or engagements and fees in connection with a legal entity restructuring project. The audit fees in 2020 include significant one-off incremental amounts with respect to the first audit of the Company's Internal Controls over Financial Reporting under the requirements of Section 404 of the Sarbanes Oxley Act 2002.*
- (2) *Audit-Related Fees – These are fees for the assurance and related services performed by PwC that are reasonably related to the performance of the audit or review of the Company's financial statements. For 2021 these services include work related to the Company's \$800 million senior note issued in May 2021. For 2020 these services include work performed over the Company's Form S-1, Form S-3 and related debt offerings as well as audit-related services in connection with a legal entity restructuring project.*
- (3) *Tax Fees – These are fees for professional services performed by PwC with respect to tax compliance, tax advice and tax planning, including transfer pricing documentation.*
- (4) *Other Fees – These are fees paid to PwC for other regulatory services provided.*

The Audit Committee has approved a pre-approval protocol for all non-audit services provided by PwC. This protocol is reviewed and approved annually. All services relating to tax and internal controls over financial reporting are delegated by the Audit Committee to the Audit Committee Chair for pre-approval. Furthermore, the Audit Committee has delegated the pre-approval of other specified services (other statutory audits, agreed upon procedures and comfort letters) to the Chief Financial Officer up to the value of \$100,000 per engagement. The Audit Committee Chair is required to pre-approve any engagements with fees in excess of \$100,000 and all engagements, regardless of value, relating to Tax and Internal Controls over Accounting and Financial Reporting. The Audit Committee appropriately approved all audit and non-audit services provided to the Company by PwC. The Audit Committee is provided with a quarterly report of all pre-approved non-audit services.

In making its recommendation to appoint PwC as the Company's independent registered public accounting firm, the Audit Committee has considered whether the provision of the non-audit services rendered by PwC is compatible with maintaining that firm's independence.

Proposal 2 Ratification of the Appointment of PricewaterhouseCoopers AG as Our Independent Registered Public Accounting Firm for Fiscal Year 2022

A further purpose of the meeting is to vote on the ratification of the appointment of the independent registered public accounting firm for the fiscal year ending June 30, 2022. Although ratification is not required by law, the Board has determined that it is desirable to seek shareholder ratification of this appointment in light of the critical role played by the independent registered public accounting firm in auditing the Company's financial statements. Therefore, the Audit Committee of the Board of Directors recommends shareholder ratification of the appointment of PwC. If the shareholders do not ratify this appointment, the Audit Committee may consider other independent auditors. A representative of PwC will be present at the meeting, with the opportunity to make a statement and to respond to questions.

The proxies will vote your proxy for ratification of the appointment of PwC unless you specify otherwise in your proxy.

 The Audit Committee and the Board of Directors recommend a vote **“FOR”** ratification of the appointment of PricewaterhouseCoopers AG.

Proposal 3 Advisory Vote on Executive Compensation (“Say-On-Pay Vote”)

We are providing our shareholders an opportunity to cast a non-binding, advisory vote on the compensation of our NEOs as disclosed in this proxy statement.

As described in detail under the heading “Executive Compensation – Compensation Discussion and Analysis,” our executive compensation programs are designed to align compensation to business strategy and outcomes that deliver value to shareholders; drive a high performance culture by setting challenging objectives and rewarding high-performing individuals; and assure compensation is competitive in the relevant employment marketplace to support the attraction, motivation and retention of executive talent. Please read the “Compensation Discussion and Analysis” in this proxy statement for additional details about our executive compensation programs, including information about the fiscal year 2021 compensation of our NEOs.

We are asking our shareholders to indicate their support for our NEO compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our NEOs’ compensation. This vote is not intended to address any specific type of compensation, but rather the overall compensation of our NEOs and policies and practices described in this proxy statement. Accordingly, our Board of Directors recommends that our shareholders vote “FOR” the following resolution:

“RESOLVED, that Amcor’s shareholders approve, on an advisory basis, the compensation of the NEOs as disclosed in Amcor’s Proxy Statement for the 2021 Annual General Meeting of Shareholders, including the Compensation Discussion and Analysis, the 2021 Summary Compensation Table and the other related tables and disclosure.”

The Say-on-Pay Vote is advisory, and therefore not binding on Amcor, the Compensation Committee or our Board of Directors. However, we value shareholders’ opinions, and we will consider the outcome of the Say-on-Pay Vote when determining future executive compensation programs.

 The Board of Directors recommends a vote **“FOR”** the approval of the Compensation of our Named Executive Officers.

Important Information about the Proxy Materials and Voting Your Shares

Why am I receiving these proxy materials?

The Company is soliciting your proxy in connection with the Annual General Meeting of Shareholders to be held on Wednesday, November 10, 2021. This proxy statement and the form of proxy or, in some cases, a Notice of Internet Availability, are being mailed to shareholders commencing on or about September 29, 2021.

Why did I receive a Notice of Internet Availability of proxy materials?

Under the rules of the SEC, we are furnishing proxy materials to certain of our shareholders on the Internet, rather than mailing printed copies to those shareholders. This process reduces the environmental impact of our Annual Meeting of Shareholders, expedites shareholders' receipt of the proxy materials, and lowers our costs. If you received a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") by mail, you will not receive a printed copy of the proxy materials unless you request one as instructed in that notice. Instead, the Notice of Internet Availability will instruct you as to how you may access and review the proxy materials on the Internet. If you received a Notice of Internet Availability by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability.

How will my shares be voted by proxy?

The proxies will vote the shares represented by all properly executed proxies that we receive prior to the meeting and not revoked in accordance with your instructions. If you properly execute and submit your proxy, but do not indicate how you want your shares voted, the Company proxy will vote your shares:

- **"FOR"** the eleven Director-nominees set forth herein;
- **"FOR"** the ratification of the appointment of PwC as our independent registered public accounting firm; and
- **"FOR"** the non-binding, advisory vote approving our executive compensation.

Who will conduct and pay for the cost of this proxy solicitation?

We will bear all costs of soliciting proxies, including reimbursement of banks, brokerage firms, custodians, nominees and fiduciaries for reasonable expenses they incur. Proxies may be solicited personally, by mail, by telephone, by fax, or by internet by our Directors, officers or other regular employees without remuneration other than regular compensation. We have retained Morrow Sodali LLC to act as a proxy solicitor for a fee estimated to be \$35,000, plus reimbursement of out-of-pocket expenses.

Who is entitled to vote at the meeting?

You are entitled to vote or direct the voting of your Amcor shares if you were a shareholder of record or a beneficial owner of shares in "street name" as of 4:00 p.m. US Eastern Time on September 15, 2021, or a holder of CHES Depositary Interests as of 7:00 p.m. Australian Eastern Standard Time, on September 15, 2021, the record date for our Annual Meeting.

As of the record date, there were 1,535,040,785 ordinary shares of Amcor outstanding. Each ordinary share entitles the shareholder of record to one vote. Cumulative voting is not permitted. See the Admission Policy in this proxy statement for instructions on obtaining a ticket to attend the meeting.

What does it mean to be a shareholder of record?

If, on the record date, your ordinary shares were registered directly in your name with our transfer agent, Computershare, then you are a “shareholder of record.” As a shareholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by the internet, by telephone, or to fill out and return the enclosed proxy card, to ensure your vote is counted.

What does it mean to beneficially own shares in “street name”?

If, on the record date, your ordinary shares were held in an account at a bank, broker or other financial institution (we will refer to those organizations collectively as a “broker”), then you are the beneficial owner of shares held in “street name,” and these proxy materials are being forwarded to you by your broker. The broker holding your account is considered the shareholder of record for purposes of voting at our Annual Meeting. As the beneficial owner, you have the right to direct your broker on how to vote the shares in your account. As a beneficial owner, you are invited to attend the Annual Meeting. However, because you are not a shareholder of record, if you want to vote your shares in person at the Annual Meeting, you must request and obtain a valid proxy from your broker giving you that right, and must satisfy the *Admission Policy* described below.

Under the NYSE rules, the only matter on which your broker can vote your shares without receiving instructions from you is the ratification of auditors. Your broker does not have discretionary authority to vote your shares on any other matter. We encourage you to communicate your voting decisions to your broker before the Annual Meeting date to ensure that your vote will be counted.

What does it mean to be a holder of CHES Depositary Interests?

CHES Depositary Interests are issued by Amcor through CHES Depositary Nominees Pty Limited (“CDN”), and traded on the Australian Securities Exchange, or ASX. The depositary interests are frequently called “CDIs.” If you own Amcor CDIs, then you are the beneficial owner of one Amcor ordinary share for every CDI you own. CDN or its custodian is considered the shareholder of record for purposes of voting at our Annual Meeting. As the beneficial owner, you have the right to direct CDN or its custodian on how to vote the shares in your account. As a beneficial owner, you are invited to attend the Annual Meeting. But because you are not a shareholder of record, if you want to vote your shares in person at the Annual Meeting, you must request and obtain a valid proxy from CDN or its custodian giving you that right, and must satisfy the *Admission Policy* described below.

You will receive a notice from Computershare allowing you to deliver your voting instructions over the internet. In addition, you may request paper copies of the proxy statement and voting instructions by following the instructions on the notice provided by Computershare.

Under the rules governing CDIs, CHES Depositary Nominees are not permitted to vote on your behalf on any matter to be considered at the Annual Meeting unless you specifically instruct CHES Depositary Nominees how to vote. We encourage you to communicate your voting decisions to CHES Depositary Nominees before the Annual Meeting date to ensure that your vote will be counted.

What is the required quorum to conduct business at the Annual Meeting?

A quorum will consist of one or more shareholders present in person or by proxy who hold or represent shares of a majority of the total voting rights of all the shareholders entitled to vote at the Annual Meeting.

How many votes are required to approve each proposal?

The affirmative vote of the holders of a majority of the votes cast by shareholders present in person or represented by proxy at the meeting and entitled to vote is required to elect Directors and approve the ratification of PwC as our independent registered public accounting firm.

If the votes are equal on a proposal, the chairperson of the meeting has a casting vote.

The Say-on-Pay Vote is both advisory and non-binding. We will consider shareholders to have approved the Say-on-Pay Vote if the number of votes cast “For” the proposal exceeds the number of votes cast “Against” the proposal.

How are votes counted?

Abstentions will be treated as shares that are present and entitled to vote, as will an election to withhold authority to vote for Directors. Accordingly, abstentions and elections to withhold authority will have the effect of a vote “Against” the particular matter, except in the case of the Say-on-Pay Vote for which an abstention will have no effect. If a broker indicates on the proxy card that it does not have discretionary authority to vote certain shares on a particular matter, it is referred to as a “broker non-vote.” Broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but will not be considered as voted for the purpose of determining the approval of the particular matter.

How do I vote?

Your vote is important. You may vote on the Internet, by telephone, by mail, or at the Annual Meeting, all as described below. The Internet and telephone voting procedures are designed to authenticate shareholders using a control number, and to allow you to confirm that your instructions have been properly recorded. If you vote by telephone or on the Internet, you do not need to return your Notice, proxy card or voting instruction card. Telephone and Internet voting facilities are available now and will be available 24 hours a day until 11:59 p.m. US Eastern Time on November 9, 2021 or, for a holder of CHES Depositary Interests, until 10:00 a.m. Australian Eastern Daylight Time on November 8, 2021.

Vote on the Internet

If you have Internet access, you may submit your proxy by following the instructions provided in the Notice, or if you requested printed proxy materials, by following the instructions provided with your proxy materials and on your proxy card or voting instruction card. On the Internet voting site, you can confirm that your instructions have been properly recorded.

Vote by Telephone

You can also vote by telephone by following the instructions provided on the Internet voting site, or if you requested printed proxy materials, by following the instructions provided with your proxy materials and on your proxy card or voting instruction card.

Vote by Mail

If you elected to receive printed proxy materials by mail, you may choose to vote by mail by marking your proxy card or voting instruction card, dating and signing it, and returning it in the postage-paid envelope provided. Please allow sufficient time for mailing if you decide to vote by mail. The current global pandemic is causing some delays in mailing so you may want to consider an alternative method.

Voting at the Annual Meeting

The method or timing of your vote will not limit your right to vote at the Annual Meeting if you attend the Annual Meeting. All shareholders of record on September 15, 2021 are invited to attend and participate at the meeting.

How can I revoke my proxy or change my vote?

You may revoke your proxy or change your vote at any time before the proxy is exercised by any of the following methods:

Holder	Method of Voting
Holders of record	• Delivering written notice of revocation to our Corporate Secretary at our principal executive office located at 83 Tower Road North, Warmly, Bristol BS30 8XP, United Kingdom; • Delivering another timely and later dated proxy; • Revoking by internet or by telephone before 11:59 p.m. US Eastern Time on November 9, 2021, for shares traded on the NYSE; • Attending the Annual Meeting and voting in person by written ballot. Please note that your attendance at the meeting will not revoke your proxy unless you actually vote at the meeting.

How to Vote on Items of Business

1. Holders of CHESS Depositary Interests (CDIs) who do not wish to attend the meeting may instruct CDN or its custodian (the registered owner of the shares represented by their CDIs) to vote on their behalf on the resolutions set out in the 2021 Notice of Annual General Meeting and Proxy Statement. To instruct CDN or its custodian to vote on your behalf and to direct CDN or its custodian how to vote on each resolution:

- Mark the box in option A with an 'X';
- Indicate your voting directions by completing section C;
- Sign the Form in section D (refer to note 5); and
- Do not complete option B.

2. CDI holders do not have an automatic right to attend, speak and vote at the meeting. If you wish to attend, speak and vote at the meeting you must instruct CDN or its custodian (the registered owner of the shares represented by your CDIs) to nominate you as its proxy. To instruct CDN or its custodian to appoint you as its proxy (you are entitled to instruct CDN or its custodian to appoint one person as proxy to attend, speak and vote on a poll at the meeting):

- Do not complete option A;
- Mark the box in option B with an 'X' and enter your own name in the space provided; and
- Sign the Form in section D (refer to note 5).

At the meeting, as a proxy, you may vote as you choose on any resolution.

Many shareholder meetings have attendance requirements including, but not limited to, the possession of an attendance ticket issued by the entity holding the meeting. Please check the meeting materials for any special requirements for meeting attendance. At the meeting, you will need to request a ballot to vote these shares.

3. If you do not wish to attend, speak and vote at the meeting you may instruct CDN or its custodian (the registered owner of the shares represented by your CDIs) to nominate the Chairman of the meeting or someone else as its proxy. To instruct CDN to appoint a proxy other than yourself and to direct the proxy how to vote on each resolution:

- Do not complete option A;
- Mark the first box in option B with an 'X' and enter the name of the person you would like to be appointed as proxy in the space provided. If you would like the Chairman of the meeting to be appointed as proxy, leave the space blank;
- Indicate your voting directions by completing section C; and
- Sign the Form in section D (refer to note 5).

At the meeting, the proxy may vote as he or she chooses on any resolution for which a voting direction has not been given and on any further or amended resolution (if you have chosen the Chairman of the meeting to represent you at the meeting, his current intention is to vote in favour of proposals 1, 2 and 3). The Chairman's intention necessarily expresses his intention at the date the 2021 AGM notice was printed prior to circulation to shareholders and therefore, in exceptional circumstances, the Chairman's intention may change subsequently.

4. The 'vote withheld' option overleaf is provided to enable you to give a direction to abstain on any particular resolution. However, it is not a vote in law and will not be counted in the calculation of the proportion of votes 'For' and 'Against' a resolution.

5. Each CDI holder should sign this Voting Instruction Form. If your CDIs are held in joint names all CDI holders should sign in the boxes in section D. If the Voting Instruction Form is signed under a power of attorney or other authority on behalf of a CDI holder, then the attorney must make sure that either the original power of attorney or other authority, or a certified copy, is sent to Computershare Investor Services Pty Limited so as to arrive by the date specified on the form unless it has previously been lodged with Computershare Investor Services Pty Limited or Amcor Plc.

Only duly authorised officers can sign on behalf of a company. Please sign in the boxes corresponding to the office held by the signatory, i.e. sole Director and sole Company Secretary, Director and Director, or Director and Company Secretary.

6. Where CDIs are held jointly, and more than one of the joint CDI holders gives an instruction, only the instruction of the senior CDI holder who tenders an instruction will be valid. Seniority is determined by the order in which the names appear on the register of CDI holders.
