APA's long term strategy

- Consistent execution of a sustainable growth strategy since listing in 2000
- We're focused on building and enhancing our core business of gas infrastructure assets

Continuing to grow our ownership interests in transmission pipelines through further expanding the east and west coast grids

Leveraging our asset management, development and operational capabilities

Growing other energy infrastructure midstream assets

Delivering responsive, valuable solutions to our customers

Maintaining financial flexibility

APA's unrivalled asset portfolio across Australia and internal expertise, together with strong industry fundamentals, drive growth opportunities

Today, APA is the largest gas infrastructure portfolio in Australia in terms of scale and geographic diversity

Construction of the new Eastern Goldfields Pipeline, WA is well underway with almost half of the 292 km of pipe strung along the route. Completion due by January 2016.

Bi-directional flow capability is being installed on many of APA's pipelines. The South West Queensland Pipeline installation was completed December 2014, with Roma Brisbane and Moomba Sydney Pipeline projects underway.

162 km looping of APA's Victorian Northern Interconnect is almost complete, enabling more gas to flow north into NSW from southern supply basins.

Where to from here - strategic development

- Continue to connect resources to markets, by working with our customers
- New pipelines and expansions underwritten by customer contracts
- Provision of new services responding to customers' needs and developing new opportunities
- Can only be achieved by having a solid balance sheet

Unrivalled, interconnected footprint with sustainable growth opportunities

Key initiative - east coast grid innovation

- Transformational change in service provision
 - seamless, flexible, new options/solutions
- Ongoing development and growth opportunities

APA's east coast grid is responding to the dynamic eastern gas market, providing flexibility for customers

Production vs Consumption in the east

APA provides services to satisfy market demands, which:

- enables supply to meet demand; and
- demand encouraging new supply

Wallumbilla Gladstone Pipeline⁽¹⁾ acquisition - adds 543 km and - access to Gladstone

(1) QCLNG Pipeline renamed on change of ownership to APA

Creation of 7,500 km of interconnected grid with access to export market and highly creditworthy customers

Wallumbilla Gladstone Pipeline acquisition

- Financial close reached on 3 June 2015
- Final acquisition price of US\$4.6 billion
- 20 year take-or-pay contracts with BG Group and CNOOC entities
- Tariffs escalating by US CPI for term of contracts with first full year EBITDA contribution around US\$355 million
- APA's FY15 EBITDA guidance reaffirmed as follows:
 - Statutory EBITDA⁽¹⁾: \$1,257 to A\$1,272 million
 - Normalised EBITDA⁽²⁾: \$810 to A\$825 million
 - Includes EBITDA from WGP of approx. \$35 million⁽³⁾
- Net interest cost is expected to be in the range of A\$320 to A\$355 million

(1) Statutory EBITDA includes significant items recorded in 1H 2015

(2) Excludes one-off significant items (A\$447m)

(3) Conversion based on AUD/USD exchange rate of 0.77

Emerging opportunity - NT Link

Options

- Short/quick - Mount Isa: 600 km
- Long/ \$\$\$ - Moomba: 1,175 km
- ...or somewhere in between

Why link?

- NT has >200,000 PJ of gas resources⁽¹⁾
- Seamless transport between Timor Sea, Bass Strait, Sydney and Gladstone
- Long term additional security of supply for both the east coast and the Northern Territory

(1) NT Government media release 19 February 2014.
Potential reserves of approximately 240 TCF across 6 basins

APA is one of four shortlisted entities - final bids due September 2015

Opportunities in the west

- GGP expansion projects complete
- Eastern Goldfields Pipeline
 - greenfield
 - long term GTAs with AngloGold
 - using 3 interconnected APA pipelines
 - replace diesel with gas
 - completion due by Jan 2016
- Customers that take long term view of their energy needs continue to have discussions with us

Continue to pursue opportunities and developments in WA - benefits of a diverse asset footprint

Further growth - Australian midstream sector

APA will continue to consider investment opportunities in the midstream sector

- North American oil and gas industry has distinct upstream and midstream sectors
- Opportunities for the Australian upstream sector to pursue a similar approach
- APA already has a long involvement in owning and operating gas midstream assets
 - Moomba and Wallumbilla compressor facilities
 - Mondarra Gas Storage Facility
 - Gas processing plants at Tipton West and Kogan North

Mondarra Gas Storage Facility

Midstream sector is a potential area of additional opportunities for APA

Operational excellence - IOC

APA's new Integrated Operations Centre will provide seamless service to our customers on the east coast grid

- Better response to market changes
- Holistic management of the Grid
- Standardised and consistent processes and procedures
- Real-time environment
- Single point of contact for customers
- Currently controls pipelines in Qld and NT
- Other pipelines to be transitioned over the next 12 months

APA continues to pursue efficiency and integration across our diverse portfolio

Maintaining a strong balance sheet

Growth needs to be sustainably funded with appropriate capital structure

APA's Distribution Policy

- Fully covered by OCF
- Sustainable over the long term
- Grow generally in line with OCF
- Regard for capital needs of the business and economic conditions
- Soft target of 60 - 70% payout
- Balance between maintaining BBB/Baa2 rating metrics and funding growth by appropriate mixture of debt and equity

Strong balance sheet and prudent capital management is integral to continued growth

Focus on safety and operational excellence

■ Health and safety

- Long-term safety goal of Zero Harm – a program of continuous improvement
- Decrease of LTIFR ⁽¹⁾ to 0.7 (FY14), down from 2.1 (FY13)
- LTIFR as at 31 Dec 2014 is 0.3
- Second year of 3 year HSE Strategic Improvement Plan

■ Enhancing infrastructure operations and maintenance

- Consolidating pipeline control and monitoring operations to better manage grid operations
- Improving asset maintenance management systems and processes across the portfolio
- Progressively adopting global industry best practice

These and other initiatives are focused on improving service safety and reliability, operational efficiency and extending the economic life of the assets

(1) Lost time injury frequency rate (LTIFR) is measured as the number of lost time injuries per million hours worked

Safety of our people is an ongoing focus for us at APA – continuous improvement
