Company Announcements Office  
Australian Stock Exchange Limited  
20 Bridge Street  
Sydney NSW 2000

Dear Sir/Madam

The directors of ARB Corporation Limited advise that they expect the Company to report sales for the first half of 2006/07 of almost \$70 million, an increase of approximately 18% over the previous corresponding period. The result is pleasing, although it should be noted that a relatively weak previous corresponding period and the acquisition of the West Australian ARB distribution business in April 2006 had a significant impact on the level of the sales increase in this particular half year period.

Underlying net profit for the half year is expected to increase approximately in line with sales. However, reported net profit after tax in this period is anticipated to decrease due to the inclusion of profit from a property sale in the previous corresponding period.

The Company expects to announce its half-year results around 21 February 2007.

John Forsyth  
Director & Company Secretary
