ABOUT AIRTASKER

SECTION ONE

MEET THE TASKIES

Snip & Snap are the nimble and precise gardening duo, always ready to trim, shape, and bring gardens to life with a quick clip!

AIRTASKER IS BUILDING

The world's most trusted marketplace to buy and sell local services.

We connect people who need work
done, with people who want to work.

OUR MISSION

To empower people to realise the full value of their skills.

Creating jobs isn't a by-product of the work that we do: it's our core purpose.

"I always was strong at communication and writing. I'd written my own dad's eulogy before anybody else's so I think having been in those shoes, it really does help.

I've been able to earn \$4,000 a month from writing eulogies and other short-term "gig" jobs but my income really varies depending on how much I'm applying myself."

"I was in the mines for about three years. I've done probably close to 50 jobs since I was 17 because I've never really found something that I really enjoyed doing.

I started Airtasker in January and officially made it a business in March. Everything just blew up pretty quickly so I needed to get an accountant and bookkeeper and got all that sorted."

Unique Value Proposition

Open Community

Built on transparency and accountability to enable trust with an efficient light touch operating model.

Infinitely Horizontal

Unifying a fragmented local services industry and creating entirely new service categories.

For Customers:

- Super fast responses
- Huge range
- Great value

For Taskers:

- Instant work
- Pricing control
- Complete flexibility

COMPETITIVE LANDSCAPE

Airtasker is uniquely positioned as a global platform for local services

1

Airtasker community model

Free to join. Customers choose who they work with based on ratings, reviews and verified qualifications.

2

Taskrabbit curated supply model

Workers pay an upfront fee to join and Taskrabbit selects which workers can access jobs.

Revenue model tightly aligns Airtasker with Tasker success

How does Airtasker make money?

- Free to post a task and receive offers.
- Free to access jobs and create quotes.⁴
- Fees are charged when customers and Taskers experience marketplace value (at the point of connection, task completion or in certain cases task cancellation).

Win-win business model

- **Low risk for Taskers.** Unlike advertising models, Taskers can access jobs with no upfront fees.
- **Wide range.** No upfront fees means customers access the greatest range of services.
- **Strong gross margin.** Light touch model delivers 95%+ gross margins.

1. Gross marketplace volume (GMV) for Airtasker only. GMV represents the total price of all tasks booked through the Airtasker marketplaces before cancellations and inclusive of price adjustments between customers and Taskers, bonuses paid by customers to Taskers, fees payable by customers and Taskers to Airtasker, and any applicable sales taxes.

2. Revenue comprising the Airtasker and Oneflare marketplaces.

3. Based on HY25 financial data.

4. On the Airtasker marketplace.

improved 35.8% on pcp

1. Excludes Oneflare marketplace.

2. Free cash flow included proceeds from the issue of shares to the value \$37.6m in 2H21, \$0.9m in 1H22 and \$2.9m in 2H22. In HY24, \$10.5 million of net investments in term deposits were treated as cash outflows under Australian Accounting Standards. These term deposits matured in the second half of FY24 and were treated as cash inflows such that on a full year basis the term deposit outflows and inflows netted off.

3. Operating cash flow included proceeds from government grants to the value of \$1.0m in 1H21.

Non-statutory operating segment data

- **Established Marketplaces (Australia) EBITDA** - The decrease principally reflected a \$3.6 million increase in marketing investment in Airtasker Australia including \$2.6 million of non-cash ATL⁴ brand marketing.
- **Global head office operating expenditure** - The increase reflected a higher proportion of project expenditure into non-capitalisable activities as well as the hiring of senior management personnel in 2H24.
- **Global head office innovation investment** - The decrease reflected a higher proportion of projects falling within operating expenditure.
- **Australian net EBITDA** - Positive \$4.1m after covering all fixed global head office operating expenditure and innovation investment.
- **New Marketplaces (UK and US) EBITDA** - The decrease reflected an \$8.8 million increase in marketing investment in the UK and the US to \$12.2 million, including \$8.3 million of non-cash ATL brand marketing.
- **Remeasurement and foreign currency translation of share purchase liabilities** - Reflected a \$6.6 million unrealised statutory accounting loss for the half-year, comprising \$3.6 million⁵ on remeasurement of the media partner share purchase liabilities and \$3.0 million⁶ associated with the foreign currency translation of the media partner share purchase liabilities due to movements in the Group's revenue based market capitalisation rate and foreign currency translation rates.

\$'000	Consolidated

Group EBITDA¹	(16,471)	1,967	(18,438)	(937.2%)

1. As disclosed in note 3 of the HY25 financial statements.

2. Represents 'Global head office operating expenditure' as disclosed in note 3 of the HY25 financial statements, less \$3,552K in unrealised statutory accounting loss relating to the remeasurement of the media partner share purchase liabilities, recognised through profit or loss and \$3,006K in unrealised statutory accounting loss associated with the foreign currency translation of the media partner share purchase liabilities, recognised through profit or loss.

3. Comprises a \$3,552K in unrealised statutory accounting loss relating to the remeasurement of the media partner share purchase liabilities, recognised through profit or loss and \$3,006K in unrealised statutory accounting loss associated with the foreign currency translation of the media partner share purchase liabilities, recognised through profit or loss.

4. Above the line.

5. Reflects the unrealised mark to market valuation associated with the carrying value of the liability to repurchase Channel 4's 20% equity in Airtasker UK in 2028 and TelevisaUnivision's 17.1% equity in Airtasker USA by 2031. The carrying value is the present value of each subsidiary's forecast revenue at the repurchase date multiplied by the Group's expected revenue based market capitalisation multiple.

6. Reflects the unrealised foreign currency translation on consolidation associated with the share repurchase and convertible note settlement obligations to the Group's media partners in the UK and the US.

- 👊 Accelerating momentum and continued growth trajectory in UK and US markets
- 👊 \$18.3m¹ in cash and term deposits on balance sheet combined with \$45.2m¹ of unspent media capital from media partners

SECTION THREE

GROWTH STRATEGY

MEET THE TASKIES

Terra the Pot is the sturdy and dependable home for blooming flowers, keeping the garden grounded and thriving.

Growth strategy

01

Core platform

Invest in Airtasker brand and core platform experience and maintain market leadership

02

Profitable growth

Deliver profitable growth in Australia to generate free cash flow

03

UK/US market expansion

Leverage platform and invest in new markets, turbocharged by media partnerships

Continuous investment in brand and core platform experience

Brand investment

Drive brand salience and leverage the breadth of customer demand we can address.

Marketplace trust

Enhance trust signals across profiles and offers to enable greater customer confidence and sales funnel conversion.

Our approach to artificial intelligence (AI)

AI will no doubt have a transformative impact on every business and Airtasker is well positioned to benefit given its foundations of a physical network effect and a unique, proprietary data set (user reputation data).

We're taking a disciplined investment approach to exploring how AI can be leveraged to enhance:

1. **Customer experience** - significant opportunities to improve almost all aspects of customer engagement, in particular making it more simple and easy to post a task.
2. **Operational productivity** - a range of AI-powered productivity improvements have been implemented including AI tools used in customer service, engineering and research.

COLLABORATION WITH INDUSTRY LEADER OPENAI

Airtasker is working with OpenAI as they launch Operator in Australia. This will allow customers to access Airtasker via OpenAI and book a Tasker with assistance from an AI-powered agent (an "operator").

A proven model to build profitable, cash generative marketplaces

In FY24, our Australian marketplaces generated \$31.0m of cash flow:

Revenue ¹	\$45.2m
Expenses ²	\$14.2m
Cash flow³	\$31.0m

1. Revenue relating to the Established Marketplaces Segment as disclosed in note 4 of the FY24 financial statements.
2. Calculated as the difference between revenue and EBITDA for the Established Marketplaces Segment as disclosed in note 4 of the FY24 financial statements, less material non-cash items.
3. Cash flow represents EBITDA for the Established Marketplaces Segment as disclosed in note 4 of the FY24 financial statements, less material non-cash items.

Opportunity to leverage our scalable software platform, turbocharged by local media partnerships

Australian marketplaces generate free cash flow in excess of software platform and head office infrastructure investment

1. Cash flow represents EBITDA for the Established Marketplaces Segment as disclosed in note 4 of the FY24 financial statements, less material non-cash items.
2. In FY24 invested \$18.2m in operating the software platform and head office infrastructure that enables the global marketplaces.

Investment structure enables upside whilst mitigating downside risk...

At the end of the initial investment period (5-7 years) Airtasker¹ re-purchases equity held by media partners on the following valuation basis:

$$\text{Local Valuation} = \text{Local Revenue}^2 \times \text{Airtasker Revenue}^2 \text{ Multiple}$$

Airtasker can re-purchase equity with cash or scrip³ (at Airtasker's option) ensuring that Airtasker does not create fixed cash repayment obligations.

This investment model incentivises each local media partner to drive local revenue growth whilst aligning outcomes to the overall success of Airtasker.

1. Ultimate parent entity Airtasker Limited.
2. Revenue calculated on a trailing twelve months basis.
3. Subject to the approval of Airtasker Limited shareholders.
4. Seven West Media invested in Airtasker in May 2016 generating a 5x cash return over 5 years.

...and represents a compelling investment proposition for media partners:

PROVEN MODEL

Airtasker has a strong software platform, proven marketplace growth playbook and a track record of delivering investor returns via media-for-equity partnerships.⁴

MINIMAL FIXED COSTS

Software platform is licensed by Airtasker to the local operating company, reducing the risk of “zeroing out” and enabling margins to be reinvested in growth.

GUARANTEED EXIT

Airtasker provides exposure to both local and global performance upside combined with a guaranteed liquidity event (via either cash or scrip³).

In 2024, we completed over \$51¹ million in global media partnerships...

**And as we deploy media at scale across the world, we thought:
“How might we take the Airtasker brand to the next level?”**

1. \$51.4m comprising \$11.0m from oOh!media and ARN in Australia, \$32.6m (US\$21.75m) from TelevisaUnivision, iHeartMedia, Mercurius and Sinclair in the US and \$7.8m (£4.0m) from Channel 4 in the UK. The foreign currency translation rate applied corresponds to the rate prevailing at the end of the month in which the transaction was completed.

2. Completed in June 2023.

INTRODUCING A UNIQUE, WORLD FIRST GLOBAL PARTNERSHIP: VCARB FORMULA ONE TEAM

VCARB partnership brings brand cache and content opportunities to leverage our distribution:

Aligned with Airtasker's mission, our partnership is centred on the people in the VCARB team with unique skills who are getting things done in the innovative, high performance world of F1...

- **Global brand cache** - F1 is watched by over 1.2 billion¹ people with over 389 million² watching Netflix's 'Drive to Survive' F1 miniseries.
- **Extensive content** - opportunities to create brand content across 24 races worldwide including Australia, the UK and 3 races in the US.
- **Highly efficient** - global brand usage rights and access to VCARB production capabilities to deliver a highly efficient investment.
