**YELLOW ROCK RESOURCES LTD WILL
ATTEND THE VANITEC MEETING IN BEIJING
AND WILL ALSO BE MEETING HIGH PROFILE STEEL MANUFACTURES**

Yellow Rock Resources Ltd (ASX: YRR) is pleased to announce that Chairman, Sydney Chesson and Executive Director Les Ingraham will be attending the three-day 85th Vanitec Meeting in Beijing, China on 25 – 27 September 2013.

Vanitec was originally established in 1972 and the constitution adopted in March 1973. During most of its existence Vanitec has operated as a technical committee of vanadium producers.

Vanitec operates as a not-for-profit organisation, and all income is used to cover the costs of administration, research, promotion and HSE activities. Vanitec has no operational or commercial interests relating to vanadium production or sales and all meetings between Members are strictly conducted in compliance with Antitrust Guidelines.

The objective of Vanitec is to promote the use of vanadium bearing materials and thereby increase the consumption of vanadium.

Yellow Rock Resources Ltd became a member of Vanitec in 2012.

Yellow Rock also has two days of meetings with steel manufacturers in Beijing prior to the Vanitec meeting, to discuss Yellow Rock's Vanadium-Titanium Resources.

Yours faithfully,

Leslie Ingraham
Executive Director
