ASX Announcement
8 April 2026

LAZIO EXPLORATION LICENCE RENEWALS & TENURE

HIGHLIGHTS

- Four key Lazio Project exploration licences (Melazza, Sabazia, Sacrofano and Cassia) have been renewed to February 2028.
- Remaining exploration licences (Campagnano and Galeria) will be submitted for renewal in due course.
- Semi-annual reporting submitted to the regional government of Lazio.

Altamin Limited (ASX: AZI) (**Altamin** or **the Company**) is pleased to provide the following update on exploration licence tenure and permitting activities for the Company's wholly owned Lazio Project (**Lazio**) in Italy.

LICENCE RENEWALS

The Lazio Project comprises six wholly owned exploration licence areas (**Figure 1**). The Company confirms that the following exploration licences were renewed on 5 March 2026 for a two-year period (**Table 1**).

Exploration Licence	Expiry
Melazza	21 February 2028
Cassia	21 February 2028
Sacrofano	28 February 2028
Sabazia	28 February 2028

Table 1: Renewed exploration licences

The Campagnano and Galeria exploration licences are due to expire on 19 September 2026. Both licences remain in good standing, with renewal processes scheduled to be progressed ahead of the expiry date.

REGULATORY REPORTING

The Company continues to provide reporting to the regional government of Lazio (**Regione Lazio**) :

- The latest semi-annual report for Campagnano was submitted on 16 March 2026 in advance of its upcoming renewal period.
- The semi-annual report for Galeria was submitted on 2 April 2026.
- Semi-annual reports for Melazza, Sabazia, Sacrofano and Cassia will be submitted in August 2026 following recent renewals.

The semi-annual reports provide information about the company's continuing activities and expenditures. These activities will include:

- the preparation of an Environmental Impact Assessment (**EIA**) application and for the identification of a suitable drill site for a drilling permit application,
- continuation of discussions with landowners to finalise agreements necessary for drilling activities,
- collaboration with external consultants Saskatchewan Research Council to optimise the recovery of sulphate of potash (**SOP**), and
- continuation of work with globally recognised engineering and consulting group RINA S.p.A (**RINA**), to define the design, capital and operating cost estimates in accordance with AACE standards for the processing plant for SOP, lithium and boron production.

In parallel, Altamin is involved in the design of a pilot plant for SOP in collaboration with RINA and the University of L'Aquila at their laboratory premises in Abruzzo, under the Mission Innovation 2025 funding grant made available by the Ministry of the Environment and Energy Security (**MASE**).[1]

No New Information

Except where explicitly stated, this announcement contains references to prior exploration results, all of which have been cross-referenced to previous market announcements made by the Company. The Company confirms that it is not aware of any new information or data that materially affects the information included in the relevant market announcements, and confirms that the form and context in which the Competent Person's findings are presented have not been materially modified

Forward Looking Statements

This announcement may contain certain forward-looking statements including forecasts and estimates which may not have been based solely on historical facts but rather may be based on the Company's current expectations about future events and results. Where the Company expresses or implies an expectation or belief as to future events or results, such expectation or belief is expressed in good faith and believed to have a reasonable basis. However, forward looking statements are subject to risks, uncertainties, contingencies, assumptions and other factors, many of which are outside the control of the Company all which could cause actual results to differ materially from future results expressed, projected or implied by such forward-looking statements. Forward-looking statements are inherently uncertain and may therefore differ materially from results ultimately achieved. The Company does not make any representations and provides no warranties concerning the accuracy of any forward-looking statements or likelihood of achievement or reasonableness of any forward-looking statements. Past performance is not necessarily a guide to future performance. The Company does not undertake any obligation to release publicly any revisions to any forward-looking statement to reflect events or circumstances after the date of this announcement, or to reflect the occurrence of unanticipated events, except as may be required under applicable securities laws.

About Altamin Limited

Altamin Limited is an ASX-listed mineral company focused on base and critical metals mine development in Italy. The Company has been actively exploring and developing Italian brownfield projects since 2014, focusing on commodities aligned to the EU's energy transition goals to relaunch mining with minimal environmental impact, supported by government, stakeholders and partners. For more information, please visit Altamin's website (www.altamin.com.au) and on the ASX platform.
