Answer: The Company continues to assess its expenditure with the objective of future expenditure being dependent on available cash resources. Whilst this may reduce the ongoing level of operating cash outflows as compared to that reported in this quarterly report, the Company expects that it will continue to have net operating cash outflows.		

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: The Company has not taken any formal steps to raise further cash to fund its operations at this time. The Company does however continue to assess its budgetary and ongoing funding requirements and intends to seek additional equity funding at an appropriate time and/or reduce its expenditure. The Company is confident of its ability to raise additional equity funding, evidenced by its historical ability to do so; however, it acknowledges that the success of such an approach will be dependent on market considerations at that time.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: The Company expects that it will be able to continue its operations and to meet its business objectives based on the Company's intention to seek additional equity funding and or reduce its expenditure as outlined in items 1 and 2 above.
