ASX ANNOUNCEMENT

Successful \$41.5M Capital Raising

- A\$ 41.5 million placement to sophisticated and institutional investors
- Strong support from new and existing institutional investors with demand significantly exceeding the offer size
- Placement funds will be applied towards Burton Lenton Project acquisition and to partly fund restart costs at Burton

Bowen Coking Coal Ltd ("Bowen" or "Company") is pleased to announce an institutional share placement through Petra, which has received commitments of approximately A\$41.5 million at an issue price of \$0.20 per share ("Placement"). Funds raised from the Placement will be applied towards the acquisition of a 90% interest in the Burton Mine and Lenton Project ("Burton"), to partly fund restart costs at Burton and for working capital and offer costs. The remainder of the funds required for the recommissioning of Burton is intended to be sourced under the debt process currently being facilitated by Grant Samuel.

The Company has successfully built a portfolio of near-term production assets in the Bowen Basin. In line with the Company's growth strategy, targeting production of over 5Mtpa by 2024¹, the Company signed a binding agreement, subject to conditions, to acquire New Hope's interest in the Lenton Joint Venture on 24 December 2021. The acquisition provides established infrastructure, replacement value of over A\$300 million, a 64Mt open pit resource at Burton and 140Mt open pit resource at New Lenton². The assets provide significant synergies being within close proximity of Broadmeadow East and Hillalong.

Bowen Managing Director, Mr Gerhard Redelinghuys said: *"We are delighted with the support for the placement and welcome a number of new highly credentialed investors to the register. The hard work of the Bowen team has paid off with the acquisition of Burton*

¹BCB's ASX announcement dated 4 August 2021 headed "Transformational Acquisition of Burton Mine & Lenton Project", Production targets for Bluff Mine as per BCB's ASX Release dated 26 October 2021 "Option to acquire Bluff Mine", Production targets for Broadmeadow East and Isaac River as per BCB's ASX Release dated 28 July 2021 "Production Targets for Broadmeadow East and Isaac River". BCB confirms in accordance with Listing Rule 5.19.2 that all material assumptions underpinning the production target and corresponding forecast financial information continue to apply and have not materially changed. See Annexure 1 for the Resources underpinning the Production targets, which are partly comprised of inferred resources. There is a low level of geological confidence associated with inferred mineral resources and there is no certainty that further exploration work will result in the determination of indicated mineral resources or that the production target itself will be realised

cementing our premium portfolio of near-term production assets. We have secured a number of highly synergistic assets, rapidly bringing our projects into production to leverage favourable coal prices. We are excited to take the next step in our growth story, with first production from the Bluff mine acquisition, completed in December 2021, expected by the end of Q1 2022. “

Placement Overview
