ASX ANNOUNCEMENT

RE: Appendix 4C – Quarterly Cash Flow Statement

The Directors of RKS Consolidated Limited (**RKS**) are pleased to provide the quarterly cash flow statement for the period ending 30 September 2013.

The cash flow statement shows negative operating cash flow for the quarter of \$71,000 and positive investing cash flows of \$68,000, resulting in a \$3,000 negative cash flow result for the September quarter.

Although the closing cash at the end of the quarter was only \$1,000, the cash balance as at today is \$33,000, (principally a result of a GST refund and also the repayment of a loan from a third party).

The Directors are confident that they can continue to trade on a solvent basis.

In addition, the Directors of RKS would like to advise that it is currently finalising a small capital raise in order to fund the working capital requirements of the business. This is expected to be finalised shortly.

Yours faithfully
