

## APPOINTMENT OF JOINT COMPANY SECRETARY

---

Bio-Gene Technology Limited (ASX: BGT, 'Bio-Gene' or 'the 'Company'), an agtech development company enabling the next generation of novel insecticides, is pleased to announce the appointment of Mr Roger McPherson as joint Company Secretary on an interim basis.

Roger has more than 25 years' experience in senior finance roles in a wide variety of industries. His early career included working with a Chartered Accounting practice and two years with the Australian Taxation Office.

In the past, Roger was CFO and Company Secretary for a number of SMEs both listed and unlisted including Bio-Gene, Patrys Limited, TPI Enterprises Ltd and eChoice Home Loans. In these roles he was responsible for all financial affairs and corporate administration as well as assisting in investor relations activities. He has over 20 years of biotechnology and pharmaceutical experience.

In addition to his role with Bio-Gene, Roger also provides CFO services to other unlisted entities.

Approved for release by the Board of Directors.

### About Bio-Gene Technology Ltd

Bio-Gene is an Australian agtech development company enabling the next generation of novel insecticides to address the global problems of insecticide resistance and toxicity. Its novel platform technology is based on a naturally occurring class of chemicals known as beta-triketones.

Beta-triketone compounds have demonstrated insecticidal activity (e.g. kill or knock down insects) via a novel mode of action in testing performed to date. This platform may provide multiple potential new solutions for insecticide manufacturers in applications across crop protection, grain storage, public health and consumer products. Bio-Gene's aim is to develop and commercialise a broad portfolio of targeted insect control and pest management solutions.
