- The Company has formed partnership with international recruitment agencies and adhered to relevant visa frameworks to mobilise skilled construction personnel to Western Australia. The initiative has been well-received by identified participants in the building industry for addressing skilled labour shortages across the Australian market.

Collaboration with distribution partners both locally and internationally for the Washpod distribution network is also moving forward. The Company has made progress with closing orders for a bespoke model. These developments are instrumental in supporting BauMart’s strategic goal of expanding its footprint in the industrial cleaning sector.

#### 4. Heavy Equipment Strategy and Wet-Hire Opportunities

- The Company continues to position itself in the supply and wet-hire service market for heavy equipment across various industries. In addition to its focus on the mining sector, the Company has seen strong demand for equipment in

the agriculture and food technology industries, with positive inquiries and interest from identified participants.

## 5. Sustainable Energy and Off-Grid Solutions

- BauMart is looking to expand into sustainable energy, with a specific focus on off-grid energy solutions for both residential and commercial sectors. In collaboration with a selected group of experts, the Company is working on providing cost-effective, reliable off-grid systems powered by renewable energy sources.
- BauMart's efforts are centred on creating innovative, scalable solutions that cater to the increasing demand for energy independence, particularly in both urban and rural settings.

## Corporate and Financial Update

### Rights Issue to Raise Up to \$483,000

- The rights issue, which closed during the quarter, successfully raised \$180,000 from existing shareholders. This capital injection will support ongoing operations and facilitate the continued development of key strategic initiatives.

### Cash Flow and ASX Compliance

- BauMart continues to maintain full compliance with all ASX Listing Rule obligations, including those outlined in Appendix 4C. The Company's cash flow remains in line with management forecasts, with continued focus on maintaining prudent control over general overheads and operating expenses.
