Market Update (Document No 43)

The Directors of Australian Pure Fruits Limited are pleased to announce that since their last progress report to shareholders on the 24th July that 5,000 DialTime terminals had been installed, the DialTime prepaid network has continued to expand.

Bill Express, the electronic form of bill payment system, is being rolled out across Australia, with 150 sites now operational. An intensive program of installations, engaging sub contract installation teams to meet the demand, has been embarked on, with the objective being the installation of 400 new operative sites in August. Each new Bill Express site incorporates a Dial Time prepayment terminal, which facilitates the purchase of products including mobile phone prepaid.

Yours faithfully

Peter McDougall
Chairman
