Memorandum of Understanding with University of Malaya

Stemcell United Limited (ASX:SCU) ("Company") is pleased to advise that it has signed a memorandum of understanding ("MOU") with University of Malaya, Malaysia ("UM") on establishing a research collaboration.

The MOU would allow both SCU and UM to promote the sharing of knowledge and expertise through:

- Student, academic and administrative staff exchange;
- Joint research activities;
- Exchange of publications, reports and other academic materials and information and sharing of other activities; and
- Sharing of other activities and programmes in areas of mutual interest, where such sharing shall result in benefit to both Parties

On the collaboration with University of Malaya, Mr Philip Gu, CEO/executive chairman commented: "We are honoured to be able to collaborate with such esteemed university. University of Malaya is the oldest and highest ranking institution of higher education in Malaysia. We hope that through this collaboration we will be able to advance SCU's traditional medicine research in plants such as hemp, dendrobium officinale and Daemonorops Draco Blume, and share the knowledge so as to benefit the wider public."
