COMPANY ANNOUNCEMENT

SENIOR VICTORIAN MINISTER BRUMBY TO LAUNCH NEW TECHNOLOGY

IM Medical Ltd (ASX: IMI) is pleased to announce that the Victorian Treasurer and Minister for Innovation, The Honourable John Brumby MP has agreed to launch IM Medical's new technology.

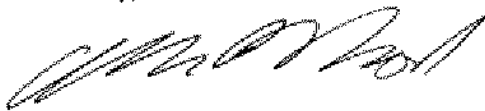

The launch of the new internet based technology will take place on Wednesday, 31 August 2005 at 2:30PM located at Level 46, 55 Collins Street, Melbourne, Victoria. Invited guests will be able to experience the new technology and see first hand the capabilities of the system.

IM Medical's technology enables internet based preventative medical screening and management of chronic disease. This innovative approach to preventative health provides timely and quantifiable information to doctors and patients. This type of empowering information is invaluable in taking active steps to better manage and prevent health issues arising in the first instance.

Dr Laurie Williams, Managing Director of IM Medical Limited has commented that:

"..we welcome the Minister's support of IM Medical as a provider of innovative technology that is delivering better outcomes for the prevention and management of the most important asset to each of us: our own health."

Yours sincerely,

Allan Blood
Chairman

About IM Medical:

IM Medical is a company operating in the life sciences sector. In September 2004 the Company completed the acquisition of Intelliheart Pty Ltd, a company commercialising the Intelliheart System. This System enables the early diagnosis of an individual's risk of developing cardiovascular disease. For more information see www.immedical.com.au or call the Company on telephone 03 9804 5298.
