#### Review of Operations

The loss for the consolidated entity for the half year ended 31 December 2013 was \$343,778, (2012: \$265,073). The increased loss for the period followed the one-off payment of employment expenses to the outgoing Managing Director.

The six month period to 31 December 2013 saw the appointment of a new Board of Directors for the Company and Mr Tom Pickett being appointed as Executive Chairman. The appointment of all Directors was confirmed by Shareholders at the Annual General Meeting held on 27 November 2013.

Exploration activities in the six months to 31 December 2013 focussed on adding value to the Company's exploration projects as a precursor to seeking new Joint Venture partners to assist in developing the projects.

Key exploration activities for the period included:

- Reacquiring 100% control over the Mt Cannindah project following partner Drummond Gold Limited's withdrawal from the Joint Venture with the Company.
- Site visits to the Company's Mt Cannindah and Mt Borium properties to conduct rehabilitation work, sampling activities and to consult with landowners.
- Conduct and analysis of soil sampling programs over the Arthur's Gully prospect aimed at extending the existing historic soil grid and testing the greenfields concept of mineralised porphyry in the area.
- Analysis of water samples taken from the Mt Borium project which revealed potential pathfinder indicators to gold within the system.
- Conduct and analysis of chip sampling program at Mt Cannindah focussed on the Appletree prospect.

Corporate activities during the period included:

- Discussions with potentially interested joint venture partners for the Company's projects:
- Exercise of 4 million options by previous Managing Director, Mr Brett O'Donovan providing the Company with an additional \$100,000 of cash
- New substantial shareholders John Hamilton (also a Director) with 9.1% of the Company's expanded share capital (following the exercise of 4 million options in November / December 2013) and Trojan Retirement Fund (12.5%) were welcomed to the Company's share register.
- Discussions with various parties in the search for new business opportunities for the Company.

## **Going Concern**

This report adopts the going concern basis of accounting, which contemplates the realisation of assets and the discharge of liabilities and commitments in the ordinary course of business.

Directors have a reasonable expectation, based on lower ongoing employee and director's costs than incurred in the half year period to 31 December 2013 and the Company's ability to significantly reduce its expenditure as required, that it has sufficient levels of working capital for its ongoing needs. The Directors believe therefore that the Company continues to be a going concern and that it will be able to pay its debts as and when they fall due for a period of 12 months from the date of this report.

## **Subsequent Events**

No other matters or circumstances have arisen since 31 December 2013, which significantly affect or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial years.

## **Auditor Independence**

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is attached.

Signed in accordance with a resolution of the Directors pursuant to section 306(3) (a) of the *Corporations Act 2001*.
