INVESTOR PRESENTATION - Addendum

I refer to the Investor Presentation document released to the market on 23 May 2006 and wish to advise and correct two typographical errors contained in that document as follows:

- Page 7 : The figure for tax in the column of figures for the Half Year to December 2005 should read '922' and not '1,896'; and
- Page 10 : In the last line on that page the figure should read '\$460m' and not '\$690m'.
