Announcement to the Market

20 July 2006

MEDIA RELEASE

Premium Funding Announcement

Centrepont Alliance Limited (CAF) announced their appointment as one of the Elders Insurance Brokers (EIB) preferred premium funders.

With its foundations dating back to 1982, CAF is one of the largest premium funding organisations in Australia. CAF has operated in the premium funding market since 1985 as Centrepont Finance, and as Alliance Finance Corporation since 1991. Centrepont and Alliance merged in September 2005, becoming ASX listed entity Centrepont Alliance Limited.

CAF are one of the top four premium funders in Australia, with over 2300 current users of their web quote system. They are well placed to provide a further choice in this increasingly essential area of EIB's business.

"CAF experienced and professional staff will be taking a portfolio approach to the authorized representatives' business needs and look forward to building our relationships across the Elders network." said Bob Dodd, CEO Insurance Premium Funding CAF. "We are proud to be one of the preferred premium funders for Elders".
