CENTURIA'S PURPOSE

We seek to **transform** real estate **opportunities** into **compelling** investments, which can create **sustainable** long-term value for our investors and bring benefits to the **communities** in which we operate.

1 ASHBURN ROAD, BUNDAMBA QLD

12-13 AND 14-17 DANSU COURT, HALLAM VIC

Centuria's values and capabilities

CIP, by its nature as a REIT, has no staff and is solely a portfolio of assets. The REIT is externally managed by Centuria Capital Group and aligns itself to Centuria's core values and capabilities. These values and capabilities are reflective of Centuria's Code of Conduct and imply how each Centurian strives to effectively engage with company stakeholders.

Values

We value honesty, transparency and respectfulness

As Centurians, we take pride in how we develop strong and lasting relationships within our business and with our investors, tenants and partners. We do this in how we communicate with, support, and respect one another.

We work and thrive as an integrated and agile team

At Centuria, we are bigger than the individual parts. We embrace diversity and collaborate with colleagues and partners to achieve success.

We support each other to grow

We seek opportunities to encourage employees development and support collective growth. We reward and celebrate success and like to promote from within.

We do what it takes

We love challenges and finding unique ways to solve problems. We have a focus on growth and acting ethically in the best interests of our stakeholders.

Capabilities

Transparent cooperation

Transparent cooperation means our teams strive to be accountable and responsible, creating autonomy without politics. We value honest communication and one another's opinions, aiming to build trust and enable stronger collaboration with our stakeholders.

Transactional velocity

Transactional velocity means the speed that we do business. We encourage our people to seize opportunities and make prompt yet considered decisions in alignment with our values and purpose. What takes some others months to transact, may take us only days.

Thorough process

Our processes result in thorough analysis. Our experienced team is knowledgeable in identifying and analysing risks and opportunities, which helps us make more informed decisions.

Personal interaction

At Centuria, it's personal. We endeavour for all Centurians to be well cared for. As a client, we look after your interests as if they were our own. We create a sense of belonging and build relationships through the way we treat and work with one another.

About us

Centuria Industrial REIT (ASX:CIP) is a real estate investment trust (REIT). Centuria Property Funds No. 2 Limited (CPF2L) is the Responsible Entity for CIP and is a wholly owned subsidiary of Centuria Capital Group (ASX:CNI or Centuria). Centuria is included in the S&P/ASX 200 Index and is a specialist, external funds manager with \$21.1 billion of assets under management across Australasia¹.

Centuria specialises in real estate sectors including industrial, agriculture, real estate finance, healthcare, decentralised office, large-format retail and daily-needs retail. Its suite of investment products includes listed and unlisted real estate funds across debt and equity markets. Additionally, Centuria provides investment bond options.

CIP is Australia’s largest listed domestic pure-play industrial REIT with 89 high-quality assets worth \$3.8 billion¹. CIP’s assets are positioned in key urban infill locations lending themselves to last-mile fulfilment with easy access to densely populated areas and proximity to major infrastructure such as arterial roads, rail freight lines, seaports and airports. CIP has a highly diversified portfolio with geographically disbursed assets, varying customer profiles and investments in a broad range of industrial subsectors including production manufacturing, distribution centres, transport logistics centres, data centres and cold storage facilities. CIP is included in the S&P/ASX 200 Index and the FTSE EPRA Nareit Global Developed Index, the latter enabling the REIT to be more easily compared with international peers.

CIP delivered strong leasing activity during FY24 – underpinned by an average 43%² re-leasing spreads – coupled. During the period, CIP leased 301,583 sqm³ across 39 transactions, representing 22% of its portfolio GLA. The REIT’s portfolio has an 83% weighting to urban infill industrial markets where tenant demand is concentrated and vacancy is lowest. Focus on these markets, where tenant demand remains the highest, facilitated average re-leasing spreads of 43%, an increase from 30% in FY23. Currently, c.39% of CIP’s leases expire by FY28, providing further opportunities to capture rental growth in the future.

The REIT benefited from a high 97.1%⁴ portfolio occupancy and a strong 7.6-year WALE⁵. Portfolio leasing and value-add projects, together with balance sheet initiatives, resulted in CIP delivering on upgraded Funds From Operation (FFO) guidance for FY24 of 17.2 cpu and distribution guidance of 16.0cpu.

CIP continues to maintain a strong balance sheet with low gearing and a diversified capital structure.

Centuria remains CIP’s largest unitholder with a 16% co-investment as at 30 June 2024.

CIP vision, strategy and objectives

Australia's largest domestic ASX-listed pure play industrial REIT. Overseen by an active management team with deep real estate expertise. Strongly supported by Centuria Capital Group.

Vision

To be Australia's leading domestic pure play industrial REIT.

Strategy

Deliver income and capital growth to investors from a portfolio of high quality Australian industrial assets.

Key objectives

Portfolio construction

A portfolio of high quality Australian industrial assets diversified by geography, sub-sector, tenants and lease expiry.

Active management

Focus on 'fit for purpose' assets that align to the needs of our high-quality customers to ensure high retention and occupancy.

Unlock opportunities to create further value

A robust and diversified capital structure with appropriate gearing.

Maximise development opportunities

Unlock development potential or reposition assets to maximise returns for unitholders.

Roger Dobson

CHAIRMAN

Grant Nichols

FUND MANAGER

Letter from the Chairman and Fund Manager

Dear Unitholders,

It is our pleasure to provide Centuria Industrial REIT’s (ASX: CIP) 2024 Annual Report, which outlines the REIT’s record leasing activity, robust capital management, development delivery and sustainability initiatives.

As Australia’s largest listed pure play industrial REIT, CIP continues to provide investors with exposure to an industrial-only portfolio of 89 high-quality assets with more than 83% of the portfolio weighted to Australia’s urban infill industrial markets, which are in close proximity to densely populated areas where tenant demand remains strongest.

Financial results

CIP delivered Funds from Operations (FFO) of \$109.3 million¹ or 17.2 cpu, outperforming initial guidance of 17.0 cpu. Statutory profit rose to \$48.1 million (FY23: -\$76.6 million) driven by gross property income of \$227.2 million and stabilising valuations. Leasing success contributed to CIP delivering like-for-like net operating income (NOI) growth of 6.5% in FY24. This strong top line income growth more than offset higher interest rates which increased CIP’s total interest costs by \$7.5 million to \$51.4 million.

Capital management

CIP undertook several proactive capital management initiatives to further strengthen its balance sheet. The REIT refinanced \$100 million², resulting in no debt expiring until FY26, and cancelled \$105 million of excess debt capacity. Strategic divestments totalling \$120 million were executed with proceeds used to repay debt, resulting in proforma gearing of 34% as at 30 June 2024³ (covenant 50.0%). CIP maintained a healthy balance sheet with \$174 million in liquidity and a Baa2 stable Moody’s rating. As at 30 June 2024, 93% of CIP’s debt was hedged.

Active portfolio management

CIP’s portfolio comprises \$3.8 billion⁴ of quality industrial assets, providing high occupancy^{5,6} of 97.1% and a 7.6-year weighted average lease expiry (WALE).

During FY24, CIP leased an exceptional 301,583 sqm across 39 transactions (22% of portfolio GLA). Sustained low vacancy levels and persistent tenant demand increased average re-leasing spreads to 43% during FY24 (FY23: 30% and FY22: 11%). Approximately 39% of CIP’s leases expire by FY28, providing further opportunity to capture positive rental revisions.

Illustrative of Centuria’s ongoing hands-on management and strong occupier demand for high quality urban infill assets, CIP’s portfolio averaged 43 days downtime between leases. More than 30% of the portfolio is leased to customers with more than one site owned by CIP.

While CIP’s portfolio is heavily weighted to the eastern seaboard, across Western Australia the REIT executed significant leasing during FY24, totalling c.120,000sqm resulting in an eight per cent valuation uplift across the WA sub-portfolio in FY24¹. The completed leasing accounts for 64% of CIP’s WA portfolio by area.

As at 30 June 2024, CIP externally valued 50 of its 89 investment properties (c.67% by portfolio value). Portfolio Weighted Average Capitalisation Rate (WACR) expanded 17bps from 31 December 2023 on a like-for-like basis to 5.81%, with market rental growth and executed leasing offsetting the capitalisation rate movement. This resulted in a c.\$5million valuation gain, or 0.1% increase during 2HFY24.

Unlocking value-add initiatives

CIP continued to execute value-add development projects and leasing strategies during FY24, capitalising on the strong tenant demand for urban infill industrial assets. Completed development projects during the period totalled 57,700 sqm worth \$147 million.

CIP continues to progress its \$1.0 billion future development pipeline, which focuses on the limited competing development capability in urban infill industrial markets. Importantly, 94% of this pipeline is currently income producing, providing flexibility in regard to when developments will be committed.

Two active repositioning projects are underway to further enhance portfolio quality. These include the refurbishment and warehouse extension at 30 Fulton Road, Derrimut Vic and the repositioning of a cold storage facility at 102-128 Bridge Road, Keysborough Vic.

Transactions

Strategic transactions helped underpin CIP’s NTA as well as strengthen its balance sheet. Four non-core divestments resulted in sales values averaging 4% above book value, illustrating the portfolio’s liquidity and desirability.

During the period CIP acquired two strategic assets for a collective \$50.5 million, including a 5MW data centre in Malaga, WA, which expands the REIT’s data centre portfolio weighting to 12%. Additionally, 11 Hexham Place increases the REIT’s Wetherill Park sub-portfolio, providing a 5.7ha consolidated site.

Governance and sustainability

As an externally managed REIT, CIP has no staff and is solely a portfolio of assets. The REIT is managed by Centuria Capital Group and aligns itself to Centuria’s sustainability framework. A number of key CIP-specific ESG initiatives implemented during the year included:

- c.296kW of solar capacity installed during FY24², increasing total installed capacity to c.1,420kW across the CIP portfolio³;
- all electric design for developments completed in FY24⁴;
- all future developments targeting 5-star Green Star Design and As Built rating;
- targeting zero scope 2 GHG emissions by 2028⁵; and
- continued partnership between CIP and Healthy Heads.

Summary and outlook

During FY24, strong leasing activity has enabled CIP to grow its forecast FY25 earnings for the third consecutive year with rental growth more than offsetting the impact of higher interest rates. Looking ahead, we believe CIP’s portfolio will continue to harness strong sector and portfolio tailwinds such as ecommerce adoption, onshoring of production and assembly, data centre growth and increased demand for cold storage. These sector tailwinds are generating strong tenant demand and substantial re-leasing spreads and are centred around Australia’s urban infill industrial markets, which complements CIP’s portfolio construction.

Yours sincerely,

Roger Dobson

CHAIRMAN

Grant Nichols

FUND MANAGER

1. FFO is CIP’s underlying and recurring earnings from its operations. This is calculated as the statutory net profit adjusted for certain non-cash and other items.
2. Including \$100m debt facilities refinanced in July 2024.
3. Proforma adjustment for the divestment of 54 Sawmill Circuit, Hume ACT for \$28.1m which was exchanged in July 2024.
4. At CIP ownership share of joint venture assets.
5. By income.
6. Excludes assets that have been withdrawn and currently undergoing significant repositioning works, being 30 Fulton Drive, Derrimut Vic and an 8,364sqm cold storage tenancy at 102-128 Bridge Road, Keysborough Vic.

1. Reflects gross increase on a like for like basis, excluding capital expenditure incurred.
2. Solar installed at 23 Selkis Rd, Bibra Lake WA.
3. Approximately 1,420 kW of solar is installed across CIP assets, excluding solar installations by our tenants.
4. M80 Connect, Campbellfield Vic and 204 Bannister Rd, Canningvale WA.
5. CIP will account for zero Scope 2 emissions by being powered by the equivalent of 100% renewable electricity through a combination of on-site solar and large-scale generation certificate deals which match our consumption.

CIP’s portfolio benefits from industry growth drivers

Access to end customers and labour
Infill portfolio provides tenants with proximity to customer bases and reliable, skilled workforce.

Exposure to growth sub-sectors
Significant portfolio exposure to ecommerce, data centres and cold storage.

Lowering total supply chain costs
Transport and labour remains the most expensive elements of supply chain costs.

Critical mass in core markets
Ability to partner with tenants to expand their operations within core industrial markets.

Well sized tenancies
Providing tenancy size options that see the highest velocity of leasing transactions.

Geographically diversified
Providing exposure to Australia’s better performing industrial markets.

Roger Dobson

CHAIRMAN AND INDEPENDENT NON-EXECUTIVE DIRECTOR

Roger has been an Independent Non-Executive Director of Centuria Property Funds No.2 Limited (CPF2L), the responsible entity of Centuria Industrial REIT (CIP), since October 2017 and was appointed Chairman of the Board in July 2020. He is also a member of CPF2L’s Audit, Risk and Compliance Committee. He has extensive experience in large, complex restructuring and insolvency matters throughout Australia.

For more than a decade, Roger has represented main banking syndicates, offshore funds holding a substantial debt position, companies experiencing financial distress, liquidators, administrators and receivers. His experience covers a diverse range of industries, including energy and resources, mining services, construction, engineering services, media and communications, investment banking and financial services, retail, manufacturing and infrastructure.

Roger heads Jones Day’s Business Restructuring & Reorganisation practice in Australia.

He holds a Master of Laws from Columbia University, NYC, and a Bachelor of Law from Adelaide University. He is a member of the Australian Restructuring Insolvency & Turnaround Association (ARITA) and INSOL International.

Peter Done

INDEPENDENT NON-EXECUTIVE DIRECTOR

Peter has been an Independent Non-Executive Director of Centuria Property Fund No. 2 Limited (CPF2L), the responsible entity of Centuria Industrial REIT (CIP), since June 2017 and served as Chairman of the Board until July 2020. He is also Chairman of CPF2L’s Audit, Risk and Compliance Committee. He has extensive knowledge in accounting, audit and financial management in the property development and financial services industries, corporate governance, regulatory issues and Board processes through his many senior roles.

Peter hails from a 38 year career at KPMG. From 1979, he held the position of Partner until his retirement in 2006. During his 27 years as Partner, Peter was the lead audit partner for many clients, including those involved in property development, primary production and television and film production and distribution. Peter was also a director of Centuria Capital Group from 2007 until his retirement in 2023.

Peter holds a Bachelor of Commerce (Accounting) from the University of New South Wales and is a Fellow of Chartered Accountants Australia and New Zealand.

Peter is also an Independent Non-executive Director of Centuria Property Funds Limited.

Natalie Collins

INDEPENDENT NON-EXECUTIVE DIRECTOR

Natalie has been an Independent Non-Executive Director of Centuria Property Funds No.2 Limited (CPF2L) since July 2020. She also sits on the Boards of Centuria Life Limited, Over Fifty Guardian Friendly Society Limited, Centuria Healthcare Asset Management Limited and is a member of Centuria Capital Group’s Culture and ESG Committee.

Currently, Natalie is Head of Commercial Partnerships at Woolworths Group, responsible for unlocking value between Woolworths and their largest commercial partners. Prior to this, Natalie was Head of Emerging Ventures and Co-Founder of Amatil X, the corporate venture capital arm at Coca-Cola Amatil, established to leverage the global startup ecosystem to uncover disruptive business models and new technologies to drive growth.

Natalie started her career as an auditor with PwC and has since gained 20 years’ experience in the global consumer packaged goods and retail industries spanning finance, strategy, supply chain, marketing and innovation.

She holds a Bachelor of Economics (Accounting) from Macquarie University, is an active mentor and advisor to early-stage startups and is a Graduate of the Australian Institute of Company Directors (GAICD).

Jennifer Cook

INDEPENDENT NON-EXECUTIVE DIRECTOR

Jennifer has been an Independent Non-Executive Director of Centuria Property Funds No.2 Limited (CPF2L), the responsible entity of Centuria Industrial REIT (CIP), since July 2021.

Jennifer is Managing Director of real estate strategy consultancy, Customer 360 Pty Ltd, working with major Australian property businesses on transformation strategies that deliver competitive advantage and growth. Her broad leadership experience extends across consumer and business-to-business markets, asset management, retail, major events and festivals, arts and culture, professional services and tourism.

Previous senior roles include AMP Capital Real Estate’s Head of Customer Experience for the \$10bn Australia and New Zealand retail portfolio, Urban Development Institute of Australia’s (UDIA Qld) Director of Brand and Innovation, Associate Director of Brand Strategy for Fortune 500 company AECOM and General Manager of Retail for Virgin Mobile.

Jennifer is also on the Advisory Board of proptech start up Vennu and is an Independent Non-Executive Director of Surf Life Saving Australia. She has a Bachelor of Business from QUT, a MBA from the University of Southern Queensland (USQ) and is a Graduate of the Australian Institute of Company Directors.

STUDLEY COURT INDUSTRIAL ESTATE, DERRIMUT VIC

Directors' report

For the year ended 30 June 2024

The directors of Centuria Property Funds No. 2 Limited, the Responsible Entity of Centuria Industrial REIT (CIP) present their report, together with the consolidated financial statements of CIP and its subsidiaries (the Trust) for the year ended 30 June 2024 and the independent auditor's report thereon.

Name	Appointed	Directorship of other listed companies
Roger Dobson	1 Oct 2017	
Peter Done	26 Jun 2017	Centuria Capital Limited*
Natalie Collins	29 Jul 2020	
Jennifer Cook	1 Jul 2021	

*Resigned on 17 November 2023.

The company secretary of Centuria Property Funds No. 2 Limited during or since the end of the financial year was:

Name	Appointed
Anna Kovarik	5 Jul 2018

Refer to Note D2 of the annual financial report for directors' unit holdings in the Trust. No director holds a right or option over interests in the Trust. No options over any issued or unissued units in the Trust have been issued to any director. There are no contracts to which any director is a party to under which a director is entitled to a benefit and/or confers a right to call for or be delivered interests in the Trust.

Principal activities

The Trust is a registered managed investment scheme domiciled in Australia. The principal activity of the Trust is investment in industrial property within Australia. There have been no significant changes in the nature of the Trust's activities since the date of the Trust's establishment. The Trust did not have any employees during the financial year.

Significant changes in the state of affairs

In the opinion of the Responsible Entity there were no significant changes in the state of affairs of the Trust that occurred during the financial year.

Review of operations

Results

The results of the operations of the Trust are disclosed in the Consolidated statement of profit or loss and other comprehensive income of these financial statements. The Trust's statutory profit from continuing operations for the year ended 30 June 2024 was \$48,149,000 (30 June 2023: \$76,608,000 loss).

As at 30 June 2024, the Trust's Net Tangible Assets (NTA) was \$3.87 per unit, representing a 9.0 cents per unit (cpu) decrease from the prior year (30 June 2023: \$3.96).

Funds From Operations (FFO) for the year ended 30 June 2024 was \$109.3 million (30 June 2023: \$108.1 million). This was 1.1% increase compared to the previous year.

The following table provides a reconciliation from the Consolidated statement of profit or loss and other comprehensive income to the funds from operations for the year:

	30 June 2024 \$'000	30 June 2023 \$'000
Net profit/(loss) for the year	48,149	(76,608)
Adjustments		
Net loss on fair value of investment properties	37,880	183,300
Straight-lining of rental income	(6,179)	(12,410)
Loss/(gain) on fair value of derivative financial instruments	12,961	(413)
Rent free and abatement	12,190	10,308
Amortisation of incentives and leasing fees	4,322	5,074
Transaction costs	122	459
Adjustment for non FFO equity accounted items	(187)	(1,623)
Funds from operations	109,258	108,087

Investment property valuations

The Trust has externally revalued 50 investment properties as at 30 June 2024. The total value of the Trust's portfolio including investment properties held for sale and investment properties in the equity accounted investments as at 30 June 2024 was \$3,834.2 million (30 June 2023: \$3,838.7 million), a decrease of 0.1% for the year. The weighted average capitalisation rate for the portfolio softened 55 basis points to 5.81% as at 30 June 2024 (30 June 2023: 5.26%).

Leasing and occupancy

The Trust secured 301,583 square metres (sqm) of leases across 39 transactions for the year ended 30 June 2024. This represented 22% of the portfolio's gross lettable area.

At 30 June 2024, the Trust's portfolio was 97.1% occupied and the remaining lease expiry for the upcoming financial year ending 30 June 2025 represents 8.4% of portfolio income. CIP's weighted average lease expiry ('WALE') as at 30 June 2024 was 7.6 years (30 June 2023: 7.7 years).

Capital management

As at 30 June 2024, the Trust had debt facilities and exchangeable notes totalling \$1,494.4 million (30 June 2023: \$1,597.2 million) with a weighted average expiry of 3.0 years (30 June 2023: 4.1 years).

Drawn borrowings and exchangeable notes totalled \$1,337.4 million (30 June 2023: \$1,293.2 million), and the all-in interest cost (made up of interest expense and line fees) at 30 June 2024 was 3.9% (30 June 2023: 3.2%). As at 30 June 2024, the Trust had 92.7% of its drawn debt hedged (30 June 2023: 87.9%) through a combination of swaps and fixed rate borrowings. The Trust's gearing ratio at 30 June 2024 was 34.4% (30 June 2023: 33.1%).

Moody's Investor Services maintains a Baa2 issuer rating with a stable outlook for the Trust.

Outlook

The Responsible Entity's strategy and ongoing focus remains unchanged. Management continues to focus on portfolio leasing to ensure occupancy and income are maximised through active asset management, risk mitigation and repositioning strategies. The Responsible Entity is focused on acquiring quality assets in order to enhance existing stable and secure income streams.

The Trust's Funds From Operations (FFO) guidance for the year ending 30 June 2025 is expected to be 17.5 cpu. The distribution guidance for the year ending 30 June 2025 is expected to be 16.3 cpu which will be paid in quarterly instalments.

Distributions

Distributions paid or payable in respect of the financial year were:

	30 June 2024		30 June 2023	
	Cents per unit	\$'000	Cents per unit	\$'000
September quarter	4.000	25,397	4.000	25,397
December quarter	4.000	25,397	4.000	25,397
March quarter	4.000	25,397	4.000	25,397
June quarter	4.000	25,397	4.000	25,397
Total	16.000	101,588	16.000	101,588

Key dates in connection with the 30 June 2024 distribution are:

Event	Date
Ex-distribution date	27 June 2024
Record date	28 June 2024
Distribution payment date	7 August 2024

The Trust paid distributions of 16.0 cpu during the 2024 financial year which was in line with guidance provided as part of the June 2023 year end result.

Distribution reinvestment plan

The Trust did not activate the Distribution Reinvestment Plan (DRP) during the year ended 30 June 2024.

Environmental regulation

The Australian Accounting Standards Board (AASB) has released *Exposure Draft ED SR1 Australian Sustainability Reporting Standards – Disclosure of Climate-related Financial Information*. ED SR1 includes three proposed Australian Sustainability Reporting Standards (ASRS) that are based on the International Financial Reporting Standards Sustainability Disclosure Standards.

The Treasury Laws Amendment (Financial Market Infrastructure and Other Measures) Bill 2024 was introduced into parliament in March 2024 to phase in new mandatory climate-related financial disclosure obligations for entities based on the requirements outlined in ED SR1.

Based on the 'date of effect' outlined in the Bill, the fund expects its first year of mandatory reporting to be FY27 (Group 2). The Fund is focussed on progressing its preparedness for mandatory climate-related disclosures in Australia.

Other than the above, the Trust’s operations are not subject to any additional significant environmental regulation under Commonwealth, State or Territory legislation.

Options granted

Other than the exchangeable notes, no other options were granted over unissued units in the Trust during or since the end of the financial year.

No unissued units in the Trust were under option as at the date of this report.

No units were issued in the Trust during or since the end of the financial year as a result of the exercise of an option over unissued units in the Trust.

Events subsequent to balance date

The Trust has exchanged contracts to sell 54 Sawmill Circuit, Hume ACT for \$28.1 million on 18 July 2024. The sale is expected to complete in August 2024. Sale proceeds will be used to repay existing debt facilities and the proforma gearing after accounting for the sale is 34.0% as at 30 June 2024.

On 25 July 2024, the Trust extended the SMBC Tranche A \$100.0 million facility from 28 April 2025 to 25 July 2029. This extension increases the Trust's weighted average loan expiry from 3.0 years to 3.3 years.

There are no other matters or circumstances which have arisen since the end of the financial year and the date of this report, in the opinion of the Responsible Entity, which significantly affect the operations of the Trust, the results of those operations, or the state of affairs of the Trust, in future financial years.

Likely development

The Trust continues to pursue its strategy of focusing on its core operations. These operations along with key risks to the Trusts strategy are summarised below.

Investment property portfolio

The Trust invests in industrial property in Australia. These investments are located across a diverse range of geographic locations in a variety of states within Australia, enabling the optimisation of investment opportunities to support its growth objectives. The Trust will continue to identify appropriate investment opportunities to meet investment returns and to provide a strong distribution.

The key risk to the performance of the underlying assets in the Trust is primarily market risk that can impact on the value of the Trust's assets both positively and negatively. Whilst these are predominately market driven factors, the Trust seeks to actively manage its assets through the economic / asset cycle to maximise tenancy and other value add opportunities in order to best position its property assets and optimise the Trust's performance.

In addition, for any new acquisitions, the Trust has access to an experienced team of property specialists who ensure that each proposed acquisition is subject to a robust due diligence process.

Co-investments

The Trust has investments with joint venture partners and co-owners. These investments are expected to deliver returns to the Trust in line with the anticipated performance of the property investment were it is wholly owned. The joint venture partners and the co-owners have joint control with the Trust on the financial and operational decision making on these co-owned assets and disagreement may impact decisions made in relation to how an asset is managed. This risk is generally managed by regular and close engagement with co-investors and a co-owners agreement that sets out how investment disagreements are managed.

Developments

The Trust's existing investment property portfolio may include further development or redevelopment potential. Key risks

to the future prospects for the Trust’s development potential include delays in completion and the ability to execute projects that meet a feasibility assessment criteria, particularly where building costs are elevated. Increased costs, project overruns and the ability of building contractors to deliver against contracted obligations are material risks that may impact the financial performance of the Trust. Management seeks to manage these risks by having a highly experienced development team assessing opportunities, applying a stringent feasibility assessment process, closely monitoring the progress of development projects and partnering with well-regarded and capitalised building contractors.

Leasing and occupancy

Reduced leasing activity may result in reduced rental income streams affecting the Trust's performance and distributions. Whilst these are predominately market driven factors, the Trust seeks to actively manage its assets through the economic/asset cycle to maximise tenancy and other value add opportunities in order to best position its property assets and optimise trust performance.

Capital management

The Trust accesses capital markets and borrowings to fund acquisitions as well as capital improvement activities. The Trust borrows funds from several sources and across a number of financial instruments including, loans, Australian dollar medium term notes and exchangeable notes. The Trust is exposed to a variety of financial risks as a result of these borrowings. These potential risks include market risk (interest rate risk), credit risk and liquidity risk. The Trust's risk management and investment policies seek to minimise the potential adverse effects of these risks on the Trust’s financial performance.

Liability risk events

Assets in the portfolio are exposed to the potential for risk incidents that may cause damage to the property or require rectification. The Trust seeks to manage these risks by way of a comprehensive insurance policy covering the Trust's assets. These policies are set in consultation with the Trust's Insurance Brokers.

Each of the Trust’s material risks are monitored and managed at a consolidated as well as subsidiary entity levels, applying a strong risk management framework supported by a robust risk culture. An experienced specialist management team and Committee provide oversight of the management of material risks within the risk appetite set by the Board.

Indemnifying officers or auditors

Indemnification

Under the Trust's constitution, the Responsible Entity, including its officers and employees, is indemnified out of the Trust's assets for any loss, damage, expense or other liability incurred by it in properly performing or exercising any of its powers, duties or rights in relation to the Trust.

The Responsible Entity has not indemnified or agreed to indemnify any auditor or other officer of the Trust, or any related body corporate.

Insurance premiums

The Responsible Entity has paid insurance premiums in respect of directors' and officers' liability and legal expense insurance contracts, for current and former directors and officers, including senior executives of the Responsible Entity.

Trust information in the directors' report

Responsible Entity interests

The following fees were paid or payable to the Responsible Entity and related parties during the financial year:

	30 June 2024 \$'000	30 June 2023 \$'000
Management fees	23,092	24,211
Development management fees	2,573	3,370
Leasing fees	2,060	1,346
Property management fees	2,034	2,194
Custodian fees	1,814	1,931
Facility management fees	1,595	1,915
Project management fees	176	226
Due diligence acquisition fees	50	50
	33,394	35,243

The Responsible Entity and/or its related parties have held units in the Trust during the financial year are outlined in D2 to the financial statements.

Other Trust information

The number of units in the Trust issued during the financial year, and the balance of issued units at the end of the financial year are disclosed in Note C8 to the financial statements.

The recorded value of the Trust’s assets as at the end of the financial year is disclosed in the consolidated statement of financial position as "Total assets" and the basis of recognition and measurement is included in the notes to the financial statements.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 45 and forms part of the Directors' report for the year ended 30 June 2024.

Rounding of amounts

The Trust is an entity of the kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, related to the 'rounding off' of amounts in the Directors' Report and financial statements. Amounts in the Directors' Report and financial statements have been rounded off, in accordance with the instrument, to the nearest thousand dollars, unless otherwise indicated.

This report is made in accordance with a resolution of Directors.

Notes to the financial statements

For the year ended 30 June 2024

About the report

A1 General information

Centuria Industrial REIT is a registered managed investment scheme under the *Corporations Act 2001* and domiciled in Australia. The principal activity of the Trust is disclosed in the Directors' report.

Statement of compliance

The consolidated financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The consolidated financial statements comply with International Financial Reporting Standards (IFRS) adopted by the International Accounting Standards Board (IASB).

For the purposes of preparing the financial statements, the Trust is a for-profit entity.

The financial report was authorised for issue in accordance with a resolution of the board of directors of Centuria Property Funds No. 2 Limited (CPF2L), the Responsible Entity, on 31 July 2024.

Basis of preparation

The consolidated financial statements have been prepared on the basis of historical cost, except for investment properties and derivative financial instruments at fair value through profit and loss, which have been measured at fair value at the end of the reporting period. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, which is the Trust's functional currency, unless otherwise noted.

Going concern

The financial report has been prepared on a going concern basis, which assumes continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

Rounding of amounts

The Trust is a scheme of a kind referred to in ASIC Legislative Instrument 2016/191, related to the 'rounding off' of amounts in the Directors' Report and financial statements. Amounts in the Directors' Report and financial statements have been rounded off, in accordance with the instrument to the nearest thousand dollars, unless otherwise indicated.

A2 Material accounting policies

The accounting policies and methods of computation in the preparation of the consolidated financial statements are consistent with those adopted in the previous financial year ended 30 June 2023 unless specifically outlined below or in the relevant notes to the consolidated financial statements.

When the presentation or classification of items in the consolidated financial statements has been amended, comparative amounts are also reclassified, unless it is impractical.

Accounting policies are selected and applied in a manner that ensures that the resulting financial information satisfies the concepts of relevance and reliability, thereby ensuring that the substance of the underlying transactions or other events are reported.

These financial statements contain all material accounting policies that summarise the recognition and measurement basis used and which are relevant to provide an understanding of the financial statements. Accounting policies that are specific to a note to the financial statements are described in the note to which they relate.

Use of estimates and judgements

In the application of the Trust's accounting policies, the Responsible Entity is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The judgements, estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period; or in the period of the revision and future periods if the revision affects both current and future periods. The key estimates and judgements in the financial report relate to the valuation of investment properties (per Note C2), the exchangeable notes (per Note C6) and derivative financial instruments (per Note E2).

Judgements made by the Responsible Entity that have significant effects on the financial statements and estimates with significant risk of material adjustments in the next year are disclosed, where applicable, in the relevant notes to the financial statements.

Segment reporting

The Trust operates in one segment, being investments in Australian industrial property. The Trust has determined its one operating segment based on the internal information that is provided to the chief operating decision maker and which is used in making strategic decisions. The Responsible Entity has been identified as the Trust's chief operating decision maker.

A3 New accounting standards and interpretations

Adoption of new and revised accounting standards

The AASB has issued new or amendments to standards that are first effective from 1 July 2023.

The following amended standard and interpretation that has been adopted does not have a significant impact on the Trust's consolidated financial statements.

Standard now effective:

- AASB 2023-2 Amendments to Australian Accounting Standards - International Tax Reform - Pillar Two Model Rules

New standards and interpretations not yet adopted

A number of new standards are effective for annual periods beginning after 1 July 2023 and earlier application is permitted; however, the Trust has not early adopted the new or amended standards in preparing these consolidated financial statements.

The following new and amended standards are not expected to have a significant impact on the Trust's consolidated financial statements.

Standards not yet effective:

- AASB 2014-10 Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2015-10 Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128
- AASB 2017-5 Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections
- AASB 2021-7(a-c) Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections
- AASB 2023-5 Amendments to Australian Accounting Standards - Lack of Exchangeability
- AASB 2023-1 Amendments to Australian Accounting Standards - Supplier Finance Arrangement
- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 2020-6 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current - Deferral of Effective Date
- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies and Definition of Accounting Estimates
- AASB 2022-6 Amendments to Australian Accounting Standards - Non-current Liabilities with Covenants
- AASB 2023-3 Amendments to Australian Accounting Standards - Disclosure of Non-current Liabilities with Covenants: Tier 2
- AASB 2022-5 Amendments to Australian Accounting Standards - Lease Liability in a Sale and Leaseback

B Trust performance

B1 Distribution

	30 June 2024		30 June 2023	
	Cents per unit	\$'000	Cents per unit	\$'000
September quarter	4.000	25,397	4.000	25,397
December quarter	4.000	25,397	4.000	25,397
March quarter	4.000	25,397	4.000	25,397
June quarter	4.000	25,397	4.000	25,397
Total	16.000	101,588	16.000	101,588

Key dates in connection with the 30 June 2024 distribution are:

Event	Date
Ex-distribution date	27 June 2024
Record date	28 June 2024
Distribution payment date	7 August 2024

Distribution and taxation

Under current Australian income tax legislation, the Trust is not liable for income tax for the financial year as the Trust has fully distributed its distributable income as determined under the Trust’s constitution, whilst its unitholders are presently entitled to the income.

Distributions paid and payable are recognised as distributions within equity. A liability is recognised where distributions have been declared but have not been paid. Distributions paid are included in cash flows from financing activities in the consolidated statement of cash flows.

B2 Revenue

	30 June 2024 \$'000	30 June 2023 \$'000
Rental income	175,419	174,277
Recoverable outgoings	39,548	35,391
Straight-lining of lease revenue	6,179	12,410
	221,146	222,078

Recognition and measurement

Revenue is measured at the fair value of the consideration received or receivable to the extent it is probable that the economic benefits will flow to the Trust and the revenue can be reliably measured.

1. Rental income

Rental income from investment property is recognised in profit or loss on a straight line basis over the term of the lease. Rental income not received at reporting date is reflected in the Consolidated statement of financial position as a receivable. If rents are paid in advance these amounts are recorded as payables in the Consolidated statement of financial position.

Lease incentives granted are recognised as an integral part of the net consideration agreed for the use of the leased premises, irrespective of the incentive’s nature or form or the timing of payments. The aggregate cost of lease incentives are recognised as a reduction of rental income on a straight-line basis over the lease term.

Contingent rents based on the future amount of a factor that changes other than with the passage of time are only recognised when charged.

2. Recoverable outgoings

The Trust recovers the costs associated with general building and tenancy operation from lessees in accordance with specific clauses within lease agreements. These are invoiced monthly based on an annual estimate. The consideration is due 30 days from the invoice date. Should any adjustment be required based on actual costs incurred, this is recognised in the statement of profit or loss and other comprehensive income within the same reporting period and billed annually.

B3 Finance cost

Finance costs include interest expense and amortised borrowing costs.

	30 June 2024 \$'000	30 June 2023 \$'000
Interest expense	50,398	42,989
Amortisation of borrowing costs	984	945
	51,382	43,934

Recognition and measurement

Finance costs are recognised in the profit or loss statement as they accrue. Finance costs are recognised using the effective interest rate applicable to the financial liability.

B4 Earnings per unit

	30 June 2024	30 June 2023
Basic earnings/(loss) per unit (cents per unit) ¹	7.6	(12.1)
Earnings used in calculating basic earnings per unit (\$'000)	48,149	(76,608)
Weighted average number of units ('000)	634,931	634,931

1. At balance date, the equity conversion option of the Trust’s exchangeable notes are out of the money and anti-dilutive. As a result, basic and diluted earnings per unit are the same.

C Trust's assets and liabilities

C1 Trade and other receivables

	30 June 2024 \$'000	30 June 2023 \$'000
Current		
Trade debtors	3,899	4,734
Expected credit loss provision	(819)	(2,194)
Other current receivables	16,408	13,826
	19,488	16,366

Refer to Note E2 for details on fair value measurement and the Trust's exposure to risks associated with financial assets (other receivables are not considered to be financial assets).

Recognition and measurement

Loans and receivables are initially recognised at fair value and subsequently amortised cost using the effective interest rate method less any allowance under the expected credit loss (ECL) model.

Refer to the policy application below for further details.

Recoverability of loans and receivables

At each reporting period, the Trust assesses whether financial assets carried at amortised cost are 'credit-impaired'. A financial asset is 'credit-impaired' when one or more events that has a detrimental impact on the estimated future cash flows of the financial asset have occurred. The Trust recognises loss allowances at an amount equal to lifetime ECL on trade and other receivables. Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of the trade receivables and are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between cash flows due to the Trust in accordance with the contract and the cash flows that the Trust expects to receive.

During the year, the Trust has increased the ECL provision for the trade receivables balance by \$0.3m and converted \$1.65m of ECL provision to rental waiver during the financial year.

C2 Investment properties

	30 June 2024 \$'000	30 June 2023 \$'000
Opening balance	3,709,950	4,066,426
Purchase price of investment properties	61,250	20,684
Stamp duty and other transaction costs	3,760	1,581
Capital improvements and associated costs	8,010	7,262
Capital developments and associated costs	41,111	90,973
	114,131	120,500
Net loss on fair value of investment properties	(37,880)	(183,300)
Add back: sale costs and other investment properties activities for properties sold during the year	3,809	7,297
Loss on fair value of investment properties	(34,071)	(176,003)
Change in deferred rent and lease incentives	3,898	7,512
Change in capitalised leasing fees	2,542	(406)
Transfer from investment properties to equity accounted investments	-	(68,034)
Disposal at sale price	(32,450)	(180,945)
Closing gross balance	3,764,000	3,769,050
Transfer to investment properties held for sale	(61,600)	(59,100)
Closing balance ¹	3,702,400	3,709,950

1. The carrying amount of investment properties includes components related to deferred rent, capitalised lease incentives and leasing fees amounting to \$71.2 million (2023: \$64.8 million).

Leases as lessor

The Trust leases out its investment properties under operating leases. The future minimum lease payments receivable under non-cancellable leases are as follows:

	30 June 2024 \$'000	30 June 2023 \$'000
Less than one year	184,173	172,748
Between one and five years	551,226	508,031
More than five years	1,014,437	1,039,399
	1,749,836	1,720,178

1. The development of 90 Bolinda Road, Campbellfield Vic and 204-208 Bannister Road, Canning Vale WA were completed during the year.
2. The Trust owns 50% of these properties.
3. 75-79 and 105 Corio Quay Road, North Geelong Vic and 54 Sawmill Cct, Hume ACT were classified as investment property held for sale. Refer to Note C3 for more information.
4. The Trust sold 51-73 Lambeck Drive, Tullamarine Vic on 27 June 2024 for \$21.60 million and 9 Fellowes Ct, Tullamarine Vic on 30 October 2023 for \$10.85 million.
5. The Trust holds a leasehold interest in 21 Jay St, Mount St John, Townsville Qld and 54 Sawmill Cct, Hume ACT.
6. Investment property acquired by the Trust during the year.
7. Land holdings for upcoming developments
8. The Trust owns 51% of the owner sub-trusts for these properties and has joint control over these sub-trusts. These properties are not consolidated in the Trust's investment properties and the 51% ownership of the net assets is accounted for as Equity accounted investments (Note C4)

The Trust's weighted average capitalisation rate as at 30 June 2024 is 5.81% (30 June 2023: 5.26%).

Recognition and measurement

Investment properties are properties held either to earn rental income or for capital appreciation or for both. Investment properties are initially recorded at cost which includes stamp duty and other transaction costs. Subsequently, the investment properties are measured at fair value with any change in value recognised in profit or loss. The carrying amount of investment properties includes components relating to deferred rent, lease incentives and leasing fees.

An investment property is derecognised upon disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

Valuation techniques and significant unobservable inputs

The fair values of the investment properties were determined by the directors of the Responsible Entity or by an external, independent valuation company having an appropriate recognised professional qualification and recent experience in the location and category of the properties being valued. Fair value is based on market values, being the estimated amount for which a property could be exchanged on the date of valuation between a willing buyer and willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.

The current economic climate is uncertain. In response to this, the Trust independently valued 50 out of 89 assets at 30 June 2024.

All valuations were undertaken having regard to a best estimate of the information available at reporting date, noting there has been limited recent transactional evidence, and the valuations have been prepared in accordance with the fair value principles outlined in AASB13 Fair value measurement, which assumes a price that would be paid in an orderly transaction between market participants.

The valuations were prepared by considering the following valuation methodologies:

- Capitalisation approach: the annual net rental income is capitalised at an appropriate market yield to arrive at the property's market value. Appropriate capital adjustments are then made where necessary to reflect the specific cash flow profile and the general characteristics of the property.
- Discounted cash flow approach: this approach incorporates the estimation of future annual cash flows over a 10 year period by reference to expected rental growth rates, ongoing capital expenditure, terminal sale value and acquisition and disposal costs. The present value of future cash flows is then determined by the application of an appropriate discount rate to derive a net present value for the property.
- Direct comparison approach: this approach identifies comparable sales on a dollar per square metre of lettable area basis and compares the equivalent rates to the property being valued to determine the property's market value.

The valuations reflect, when appropriate, the type of tenants actually in occupation or responsible for meeting lease commitments or likely to be in occupation after letting of vacant accommodation and the market's general perception of their credit-worthiness; the allocation of maintenance and insurance responsibilities between the lessor and lessee; and the remaining economic life of the property. It has been assumed that whenever rent reviews or lease renewals are pending with anticipated reversionary increases, all notices and, where appropriate, counter notices have been served validly and within the appropriate time.

Fair value measurement

The fair value measurement of investment property has been categorised as a Level 3 fair value as it is derived from valuation techniques that include inputs that are not based on observable market data (unobservable inputs).

Significant unobservable inputs	Fair value measurement sensitivity to significant increase in input	Fair value measurement sensitivity to significant decrease in input	Range of inputs	
			30 June 2024	30 June 2023
Market rent	Increase	Decrease	\$37 - \$732	\$35 - \$705
Capitalisation rate	Decrease	Increase	4.75% - 7.25%	4.50% - 6.75%
Discount Rate	Decrease	Increase	6.25% - 8.50%	6.00% - 7.75%

The above unobservable inputs are considered significant Level 3 inputs. Refer to Note E2 for further information.

A further sensitivity analysis was undertaken by the Trust to assess the fair value of investment properties values. The table below illustrates the impact on valuation of movements in capitalisation rates:

Fair value at 30 June 2024 \$'000	Capitalisation rate impact	
	+0.25% \$'000	-0.25% \$'000
3,702,400	(152,700)	166,500

C3 Investment properties held for sale

Assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continued use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition.

	30 June 2024 \$'000	30 June 2023 \$'000
1 International Dr, Westmeadows Vic	-	59,100
54 Sawmill Cct, Hume ACT	28,100	-
75-79 and 105 Corio Quay Rd, North Geelong Vic	33,500	-
	61,600	59,100

The Trust sold 1 International Dr, Westmeadows Vic for a gross sale price of \$59.1 million on 8 September 2023

Recognition and measurement

Investment properties are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. These investment properties are carried at fair value. The valuation techniques to determine the fair value of investment properties held for sale are the same as the valuation techniques of investment properties described in Note C2.

Where sale completion is delayed by events outside the control of the Trust, and the sale is not completed within one year from the date of classification, the Trust may still classify the asset as held for sale. In this circumstance, there must be sufficient evidence the Trust is committed to sell the asset.

C4 Equity accounted investments

Set out below were the joint ventures of the Trust as at 30 June 2024 which, in the opinion of the Directors, were material to the Trust and were accounted for using the equity method. The entities listed below have share capital consisting solely of ordinary units, which are held directly by the Trust. The country of incorporation or registration is Australia which is also their principal place of business, and the proportion of ownership interest is the same as the proportion of voting rights held.

	30 June 2024 %	30 June 2023 %	Principal activity	Carrying amount

C5 Trade and other payables

	30 June 2024 \$'000	30 June 2023 \$'000
Current		
Trade creditors and expenses payable	16,725	16,019
Other current creditors and accruals	18,850	27,775
	35,575	43,794

Refer to Note D2 for amounts payable to related parties.

Recognition and measurement

Trade payables and other accounts payable are recognised when the Trust becomes obliged to make future payments resulting from the purchase of goods and services and are recorded initially at fair value, net of any attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost.

Distributions paid and payable are recognised as distributions within equity. A liability is recognised where distributions have been declared but have not been paid. Distributions paid are included in cash flows from financing activities in the Consolidated statement of cash flows.

A provision is recognised if, as a result of a past event, the Trust has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

C6 Borrowings

	30 June 2024 \$'000	30 June 2023 \$'000
Non-current		
Unsecured		
Unsecured loan - variable	598,000	556,000
Unsecured medium term note (A\$MTN) - fixed	350,000	350,000
Unsecured loan - fixed	100,000	100,000
Borrowing costs	(2,472)	(3,346)
Unsecured borrowings at amortised cost	1,045,528	1,002,654
Exchangeable notes at fair value ¹	289,350	287,202
Total borrowings	1,334,878	1,289,856

1. On 2 March 2023, the Trust issued five-year unsecured guaranteed exchangeable notes (Notes) with a face value of \$300.0 million. The Notes are listed on the Official List of the Singapore Exchange Securities Trading Limited (SGX-ST) and have received a rating of Baa2 from Moody's. At year end, the closing fair value of the Notes had decreased to \$289.4 million (30 June 2023 \$287.2 million), representing the fair value of the Notes based on the price as traded in the SGX-ST as at 30 June 2024. The notes attract a fixed coupon of 3.95% per annum calculated based on its face value, payable to Noteholders on a quarterly basis.

The Notes are exchangeable into the Trust's units at an initial exchange price of \$4.1625 (Exchange price). The Exchangeable Notes are embedded with option contracts which allow the Trust or Noteholders to redeem at 100% of the principal amount. The Trust can call for redemption to redeem all and not some only of the Notes, at their face value plus accrued and unpaid interest, if the closing price of the Trust's units at any time after 16 March 2026 to maturity is at least 130% of the applicable Exchange Price. Noteholders have an option to put the notes to the issuer for face value on or about 2 March 2026 or convert to units at any time commencing from 12 April 2023 to 10 days prior to the final maturity of the Notes on 2 March 2028. Under such a scenario, the Trust has the ability to Cash settle its obligations. It is expected that any notes that are not exchanged before maturity will be redeemed by the Trust at 100% of its face value at maturity date. The net financial obligations arising from these embedded derivatives along with the notes have been recognised and reported as a single obligation which are fair valued at each reporting date.

The Notes can be redeemed at 100% under the two derivative option contracts embedded: Issuer call option and Noteholders put option. Refer to Note C7 for more information.

As at 30 June 2024, the Trust had the following debt facilities:

	30 June 2024 \$'000	30 June 2023 \$'000
Unsecured loan facility		
Facilities limit	1,205,000	1,310,000
Facilities unused	(157,000)	(304,000)
Unsecured loan facilities used	1,048,000	1,006,000
Exchangeable notes	289,350	287,202
Total loan facility	1,337,350	1,293,202

At the end of the year, the Trust had 92.7% of its drawn debt in fixed rate borrowings (2023: 87.9%).

As at 30 June 2024, the Trust had \$739.4 million (2023: \$737.2 million) of fixed rate borrowings of which \$350.0 million has been swapped into a floating rate exposure. At the end of the year, the Trust's drawn debt that is on a fixed interest basis is \$1,239.4 million (2023: \$1,137.2 million).

The loans have covenants in relation to Interest Coverage Ratio (ICR), Gearing Ratio, Priority Debt Ratio, Unencumbered Asset Ratio, Development Ratio and Guarantor Coverage which the Trust has complied with during the year.

Recognition and measurement

Exchangeable notes issued by the Trust are traded on the SGX-ST and are fair valued at each reporting date, with the resultant adjustment taken through the Consolidated statement of profit and loss.

All other borrowings of the trust are recorded initially at fair value, net of any attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest rate method with any difference between the initial and recognised amount and redemption value being recognised in profit or loss over the term of borrowing and are derecognised when the contractual obligations are discharged, cancelled or expire.

Refer to Note E2 for details on the Trust's exposure to risks associated with financial liabilities.

C7 Derivatives

Interest rate swap contracts

Under interest rate swap contracts, the Trust agrees to exchange the difference between fixed and floating rate interest amounts calculated on agreed notional principal amounts. Such contracts enable the Trust to mitigate the risk of changing interest rates on the cash flow exposures on the debt held.

The following table details the specific instruments held at reporting date, showing the notional principal amounts and contracted fixed interest rate of each contract:

Type of contract	Maturity date	Contracted interest rate	Notional amount of contract \$'000	Fair value of contracts \$'000
Current assets 30 June 2024				
Interest rate swap ¹	16 Dec 2024	1.00%	350,000	5,516
Interest rate swap	16 Jun 2025	3.05%	100,000	1,364
Total			450,000	6,880
Non-current assets 30 June 2024				
Interest rate swap	15 Dec 2025	3.29%	100,000	1,624

Interest rate swap	15 Dec 2026	3.39%	100,000	2,717
Interest rate swap ¹	16 Dec 2024	1.00%	350,000	18,096
Total			650,000	25,923
Non-current liabilities				
Interest rate swap ¹	16 Dec 2027	BBSY	(350,000)	(36,593)
			(350,000)	(36,593)

1. Hedged against the \$350 million Australian Dollar Medium Term Note.

Recognition and measurement

Derivatives are initially recognised at fair value and attributable transaction costs are recognised in profit or loss when incurred. Subsequent to initial recognition, derivatives are measured at fair value, and the resulting gain or loss is recognised in profit or loss.

The fair value of interest rate swaps is the estimated amount that the entity would receive or pay to transfer the swap at reporting date, taking into account current interest rates and the current creditworthiness of the swap counterparties.

The Trust has not applied hedge accounting to its derivative financial instruments.

Refer to Note E2 for details on the Trust's exposure to risks associated with financial liabilities.

C8 Issued capital

	30 June 2024		30 June 2023	
	Units '000	\$'000	Units '000	\$'000
Opening balance	634,931	1,840,488	634,931	1,840,488
Closing balance	634,931	1,840,488	634,931	1,840,488

All units in Trust are of the same class and carry equal rights to capital and income distributions.

An equity instrument is any contract that evidences a residual interest in the assets of a Trust after deducting all of its liabilities. Equity instruments issued by the Trust are recognised at the proceeds received, net of direct issue costs.

C9 Contingent assets, liabilities and commitments

Unless otherwise stated in this report, the Trust has no contingent assets, liabilities or commitments as at 30 June 2024.

C10 Cash and cash equivalents

	30 June 2024 \$'000	30 June 2023 \$'000
Cash and cash equivalents	16,536	20,868
	16,536	20,868
Reconciliation of profit for the year to net cash flows from operating activities:		
Net profit for the year	48,149	(76,608)
ADJUSTMENTS		
Net gain on fair value of investment properties	37,880	183,300
Loss/(gain) on fair value of derivatives	12,961	(413)
Change in deferred rent and lease incentives	(4,129)	(9,788)
Change in capitalised leasing fees	2,272	2,452
Borrowing cost amortisation	984	945
CHANGES IN OPERATING ASSETS AND LIABILITIES		
Increase in receivables	(3,788)	(610)
(Increase)/decrease in other assets	(220)	298
Increase/(decrease) in payables	1,434	(1,973)
Net cash generated by operating activities	95,543	97,603

Cash and cash equivalents comprise of cash on hand and cash in banks.

D Trust structure

D1 Interest in material subsidiaries

Recognition and measurement

1. Business combination

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Trust elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree’s identifiable net assets. Acquisition-related costs are expensed as incurred.

When the Trust acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date.

If the business combination is achieved in stages, any previously held equity interest is remeasured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss.

2. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Trust and entities controlled by the Trust. Control is achieved where the Trust is exposed to, or has rights to, the variable returns from its involvement with an entity and has the ability to affect these returns through its power over the entity.

The Trust accounts for business combinations using the acquisition method when control is transferred to the Trust. The consideration transferred in the acquisition is generally measured at fair value, as are the identifiable net assets acquired. When the Trust loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related non-controlling interests and other components of equity. Any resulting gain or loss is recognised in profit or loss. Any interest retained in the former subsidiary is measured at fair value when control is lost.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the date on which control commences until the date on which control ceases.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by other members of the consolidated group. All intra-group transactions, balances, income and expenses are eliminated in full on consolidation.

3. Subsidiaries

The consolidated financial statements include the assets, liabilities and results of Centuria Industrial REIT and the subsidiaries it controls. Subsidiaries are entities controlled by the Trust in accordance with AASB 10. Control exists when an investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The financial statements of subsidiaries are included in the financial report from the date that control commences until the date that control ceases.

The Trust uses the purchase method of accounting to account for the acquisition of subsidiaries. Intercompany transactions, balances and recognised gains on transactions between Trust entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Trust.

D2 Related parties

Key management personnel

The Trust does not employ personnel in its own right. However it is required to have an incorporated Responsible Entity to manage the activities of the Trust. The directors of the Responsible Entity are key management personnel of that entity and their names are:

Roger Dobson
Peter Done
Natalie Collins
Jennifer Cook

No compensation is paid directly by the Trust to any key management personnel of the Responsible Entity.

Key management personnel loan disclosures

The Trust has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the financial year.

Responsible entity fees and other transactions

The Responsible Entity is entitled to a management fee which is calculated at 0.65% of the gross value of assets held plus GST, in accordance with the Trust's constitution. The Responsible Entity has elected to charge 0.60% per annum. Custodian fees are paid to the custodians. Custody fees paid to Centuria Property Funds No. 2 Limited are calculated in relation to some of the Trust's assets and in accordance with the constitution at a rate of 0.05% of the Trust's gross assets.

The following fees were paid and/or payable to the Responsible Entity and its related parties from the Trust and all subsidiaries during the financial year:

	30 June 2024 \$'000	30 June 2023 \$'000
Management fees	23,092	24,211
Development management fees	2,573	3,370
Leasing fees	2,060	1,346
Property management fees	2,034	2,194
Custodian fees	1,814	1,931
Facility management fees	1,595	1,915
Project management fees	176	226
Due diligence acquisition fees	50	50
	33,394	35,243

At reporting date an amount of \$793,837 (2023: \$1,078,756) owing to the Responsible Entity and its related parties was included in trade and other payables. The payables are non-interest bearing with payment terms and conditions consistent with normal commercial practices.

All transactions with related parties are conducted on normal commercial terms and conditions. From time to time Centuria Property Funds No. 2 Limited, its directors or its director-related entities may buy or sell units in the Trust. These transactions are on the same terms and conditions as those entered into by other Trust investors.

Related party investments held by the Fund

At 30 June 2024, the Trust did not hold any units in the related parties of the Responsible Entity (30 June 2023: nil).

Units in the Trust held by related parties

June 2024, the following related parties of the Responsible Entity hold units in the Trust:

No other related parties of the Responsible Entity held units in the Trust.

Other transactions within the Trust

No director has entered into a material contract with the Trust since the end of the previous year and there were no material contracts involving directors’ interests subsisting at year end.

D3 Parent entity disclosures

As at, and throughout the current and previous financial year, the parent entity of the Trust was CIP. The table below represents the stand alone financial position and performance of CIP. This table does not include the financial position and performance of its subsidiaries and the parent entity's investment in underlying subsidiaries are measuring at fair value. Accordingly, the amounts reflected above may be different from the consolidated financial statements.

Financial position	30 June 2024 \$'000	30 June 2023 \$'000

E2 Financial instruments

The directors of the Responsible Entity consider that the carrying amount of the financial assets and financial liabilities approximate their fair value in the financial statements. All financial instruments are measured at amortised cost with the exception of the derivative financial instruments and the exchangeable notes. Derivative financial instruments are measured at fair value and have a level 2 designation in the fair value hierarchy. Exchangeable notes are measured at fair value and have a level 1 designation in the fair value hierarchy. There were no transfers between levels of the fair value hierarchy during the period.

Independent valuations are obtained from third parties to support the fair value measurement of financial instruments at each reporting date to meet the requirements of International Financial Reporting Standards.

1. Valuation techniques

The fair value of financial assets and financial liabilities are determined as follows:

- The fair value of interest rate swaps are determined using a discounted cash flow analysis. The future cash flows are estimated based on forward interest rates (from observable yield curves at the end of the reporting period) and contracted interest rates, discounted at a rate that reflects the credit risk of various counterparties.
- The Trust classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:
 - Level 1: derived from quoted prices (unadjusted) in active markets for identical assets or liabilities that the Trust can access at the measurement date.
 - Level 2: derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
 - Level 3: derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Responsible Entity. The Responsible Entity considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

Capital management

The capital structure of the Trust consists of cash and cash equivalents and the proceeds from the issue of the units of the Trust.

The Trust has no restrictions or specific capital requirements on the application and redemption of units, other than the approval of the Responsible Entity.

The Trust's overall investment strategy remains unchanged from the prior year.

Financial risk management objectives

The Trust is exposed to a variety of financial risks as a result of its activities. These potential risks include market risk (interest rate risk), credit risk and liquidity risk. The Trust's risk management and investment policies seek to minimise the potential adverse effects of these risks on the Trust's financial performance.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Trust's activities expose it primarily to the financial risks of changes in interest rates. The Trust enters into derivative financial instruments to manage its exposure to interest rate risk and these include interest rate swaps that the Trust has entered into to mitigate the risk of rising interest rates.

There has been no change to the Trust's exposure to market risks or the manner in which it manages and measures the risk from the previous year.

Interest rate risk management

In respect of income-earning financial assets and interest-bearing financial liabilities, the following table indicates their effective interest rates at reporting date:

	30 June 2024		30 June 2023	
	Effective interest rate	Total \$'000	Effective interest rate	Total \$'000
Financial assets				
Cash and cash equivalents	4.50%	16,536	3.95%	20,868
Derivative financial instruments	2.48%	12,380	1.84%	29,866
		28,916		50,734
Financial liabilities				
Derivative financial instruments	BBSY	29,859	BBSY	36,593
Borrowings - fixed (excluding borrowing costs)	3.00%	100,000	3.00%	100,000
Medium term note (A\$MTN) - fixed (excluding borrowing costs)	3.03%	350,000	3.03%	350,000
Borrowings - variable (excluding borrowing costs)	5.96%	598,000	4.49%	556,000
Exchangeable notes - fixed (at fair value)	3.95%	289,350	3.95%	287,202
		1,367,209		1,329,795

Interest rate sensitivity

The sensitivity analysis below has been determined based on the Trust's exposure to interest rates at the reporting date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period, in the case of financial assets and financial liabilities that have variable interest rates.

At reporting date, if variable interest rates had been 100 (2023: 100) basis points (bps) higher or lower and all other variables were held constant, the impact to the Trust would have been as follows:

	Sensitivity impact		
	Variable + / -	Rate increase \$'000	Rate decrease \$'000
30 June 2024			
Net (loss)/profit	100 bps	(18,737)	(16,022)
		(18,737)	(16,022)
30 June 2023			
Net (loss)/profit	100 bps	(1,582)	1,816
		(1,582)	1,816

The Trust's sensitivity to interest rates calculated above is after taking into account the impact of interest rate changes on the interest rate swap fair values. The methods and assumptions used to prepare the sensitivity analysis have not changed during the year.

Credit risk

The Trust has adopted the policy of dealing with creditworthy counterparties and obtaining sufficient collateral or other security where appropriate, as a means of mitigating the risk of financial loss from default. The Trust’s exposure and the credit ratings of its counterparties are continuously monitored by the Responsible Entity.

At 30 June 2024, the main financial assets exposed to credit risk are trade receivables. There were no significant concentrations of credit risk to counterparties at 30 June 2024. Refer to Note C1 for details of trade receivables.

The credit risk on receivables is minimal because of the proven remittance history of the counterparties. Credit risk from balances with banks and financial institutions is managed by the Responsible Entity in accordance with the Trust's investment policy. Cash investments are made only with approved counterparties.

The carrying amounts of financial assets best represent the maximum credit risk exposure at the reporting date.

Liquidity risk

The Trust’s strategy of managing liquidity risk is in accordance with the Trust’s investment strategy. The Trust manages liquidity risk by maintaining adequate banking facilities and through the continuous monitoring of forecast and actual cash flows and aligning the profiles of financial assets and liabilities.

The following tables summarise the maturity profile of the Trust’s financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Trust can be required to pay. The tables include both interest and principal cash flows:

	Total principal and interest \$'000	Less than 1 year \$'000	1 to 5 years \$'000	5+ years \$'000
30 June 2024				
Trade and other payables	60,972	60,972	-	-
Borrowings	1,609,975	155,436	1,454,539	-
Derivative financial instruments	(17,796)	723	(18,519)	-
	1,653,151	217,131	1,436,020	-
30 June 2023				
Trade and other payables	68,769	68,769	-	-
Borrowings	1,515,613	54,906	1,355,709	104,998
Derivative financial instruments	(6,727)	9,861	33	(16,621)
	1,577,655	133,536	1,355,742	88,377

The principal amounts included in the above borrowings is \$1,348.0 million (2023: \$1,306.0 million), which is inclusive of the exchangeable note at its face value of \$300.0 million.

E3 Events subsequent to reporting date

The Trust has exchanged contracts to sell 54 Sawmill Circuit, Hume ACT for \$28.1 million on 18 July 2024. The sale is expected to complete in August 2024. Sale proceeds will be used to repay existing debt facilities and the proforma gearing after accounting for the sale is 34.0% as at 30 June 2024.

On 25 July 2024, the Trust extended the SMBC Tranche A \$100.0 million facility from 28 April 2025 to 25 July 2029. This extension increases the Trust's weighted average loan expiry from 3.0 years to 3.3 years.

There are no other matters or circumstances which have arisen since the end of the financial year and the date of this report, in the opinion of the Responsible Entity, which significantly affect the operations of the Trust, the results of those operations, or the state of affairs of the Trust, in future financial years.

E4 Additional information

The registered office and principal place of business of the Trust and the Responsible Entity are as follows:

Registered office: Level 41, Chifley Tower, 2 Chifley Square SYDNEY NSW 2000	Principal place of business: Level 41, Chifley Tower, 2 Chifley Square SYDNEY NSW 2000

Directors' declaration

For the year ended 30 June 2024

In the opinion of the Directors' of Centuria Property Funds No. 2 Limited, the Responsible Entity of Centuria Industrial REIT (the Trust):

- a. the consolidated financial statements and notes set out on pages 48 to 78 are in accordance with the *Corporations Act 2001*, including:
 - i. complying with Australian Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements, and
 - ii. giving a true and fair view of the Trust's financial position as at 30 June 2024 and of its performance for the financial year ended on that date, and
- b. there are reasonable grounds to believe that the Trust will be able to pay its debts as and when they become due and payable.

Note A1 confirms that the consolidated financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.

The Directors have been given the declarations by the Chief Executive Officer and Chief Financial Officer required by section 295A of the *Corporations Act 2001*.

This declaration is made in accordance with a resolution of Directors.

Independent Auditor's report

Independent Auditor's Report

To the unitholders of Centuria Industrial REIT

Opinion

We have audited the **Financial Report** of Centuria Industrial REIT (the Trust).

In our opinion, the accompanying Financial Report of the Trust gives a true and fair view, including of the **Group's** financial position as at 30 June 2024 and of its financial performance for the year then ended, in accordance with the *Corporations Act 2001*, in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Consolidated statement of financial position as at 30 June 2024;
- Consolidated statement of profit or loss and other comprehensive income, Consolidated statement of changes in equity and Consolidated statement of cash flows for the year then ended;
- Notes, including material accounting policies; and
- Directors' Declaration.

The **Group** consists of the Trust and the entities it controlled at the year-end or from time to time during the financial year.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Report of the current period.

These matters were addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of investment property (\$3,702.4m)

Refer to Note C2 to the Financial Report

The key audit matter	How the matter was addressed in our audit
The valuation of investment properties is a key audit matter as they are significant in value (being 95.3% of total assets) and contain assumptions with estimation uncertainty. The properties being valued at fair value increased the judgment applied by us when evaluating evidence available. The Group approached the uncertainty risk, including consideration of the recent economic uncertainties, using internal methodologies and through the use of external valuation experts. We focused on the significant forward-looking assumptions the Group applied in external and internal valuation models with a consideration to the impact of economic uncertainty including: - Discount rates: these are complicated in nature and differ due to the asset classes, geographies and characteristics of individual investment properties; - Capitalisation rates: reflects the yield that an investor would look to recover their investment in a particular class of asset; and - Forecast cash flows: net market rent assumptions. In assessing this Key Audit Matter, we involved our real estate valuation specialists, who understand the Group's investment profile and business, and the economic environment it operates in. We paid particular attention to knowledge and	Our procedures included: - Understanding the Group's process regarding the valuations of investment property; - Assessing the Group's methodologies used in the valuations of investment property for consistency with accounting standards, industry practice and Group policies; - Assessing the scope, competence and objectivity of external experts engaged by the Group and internal valuers. Working with our real estate valuation specialists we: - Gained an understanding of prevailing market conditions, including existence of market transactions, and - Performed a risk assessment of the investment property portfolio by assessing key assumptions and metrics including the valuation movement, capitalisation rate, discount rate, weighted average lease expiry and market rents to identify investment properties with significant valuation movements and outliers in key assumptions. For externally valued investment properties: - Taking into account the asset classes, geographies and characteristics of individual investment properties, we assessed on a sample basis the appropriateness of adopted discount and capitalisation rates, net market rents and other assumptions through comparison to market analysis published by external valuers, recent market transactions, publicly available market evidence as at 30 June

sources of information available regarding market conditions specific to year end.	2024, inquiries with the Group, and historical performance of the investment properties; • Tested, on a sample basis, other key inputs to the investment property valuations such as passing rent, occupancy rate, lease terms, for consistency to existing lease contracts. • Assessed sources of information for what reasonable expectations existed at year end date versus those issues or observations emerging since year end, and their impact to the Group’s investment properties values; • In conjunction with our valuation specialist, enquired with the external valuers on a sample basis to challenge the investment property valuation methodology and the assumptions applied in the external valuations. For internally valued investment properties: • Taking into account the asset classes, geographies and characteristics of individual investment properties, we assessed on a sample basis the appropriateness of the adopted capitalisation rates and the net market rents through comparison to market analysis published by external valuers, recent market transactions, publicly available market evidence as at 30 June 2024, inquiries with the Group, and historical performance of the investment properties; • Compared the adopted capitalisation rates used by the internal valuer to capitalisation rates adopted by external valuers as at 30 June 2024; • Assessed sources of information for what reasonable expectations existed at year end date versus those issues or observations emerging since year end, and their impact to the Group’s investment properties values. For financial statement disclosure: • Assessed the disclosures in the financial report including checking the sensitivity analysis calculations, using our understanding obtained from our testing, against accounting standard requirements.

Other Information Other Information is financial and non-financial information in Centuria Industrial REIT ’s annual report which is provided in addition to the Financial Report and the Auditor’s Report. The Directors of Centuria Property Funds No. 2 Limited (the Responsible Entity) are responsible for the Other Information. The Other Information we obtained prior to the date of this Auditor’s Report was the Director’s Report, Corporate Governance Statement and Additional stock exchange Information. The Letter from the Chairman & Trust Manager, portfolio overview and portfolio profile are expected to be made available to us after the date of the Auditor’s Report. Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon. In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated. We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor’s Report we have nothing to report. Responsibilities of the Directors of the Responsible Entity for the Financial Report The Directors of the Responsible Entity are responsible for: • preparing the Financial Report in accordance with the <i>Corporations Act 2001</i>, including giving a true and fair view of the financial position and performance of the Group, and in compliance with <i>Australian Accounting Standards</i> and the <i>Corporations Regulations 2001</i> • implementing necessary internal control to enable the preparation of a Financial Report in accordance with the <i>Corporations Act 2001</i>, including giving a true and fair view of the financial position and performance of the Group, and that is free from material misstatement, whether due to fraud or error • assessing the Group and Trust’s ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Group and Trust or to cease operations, or have no realistic alternative but to do so. Auditor’s responsibilities for the audit of the Financial Report Our objective is: • to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and • to issue an Auditor’s Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with <i>Australian Auditing Standards</i> will always detect a material misstatement when it exists. Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on
--

the basis of the Financial Report.
A further description of our responsibilities for the audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: https://www.auasb.gov.au/admin/file/content102/c3/ar1_2020.pdf. This description forms part of our Auditor's Report.

Disclaimer

Centuria Property Funds No. 2 Limited (ABN 38 133 363 185, AFSL 340304) (CPF2L) is Responsible Entity of the Centuria Industrial REIT (ARSN 099 680 252) (CIP).

This report has been prepared for general information purposes only. It is not a product disclosure statement, pathfinder document or any other disclosure document for the purposes of the Corporations Act and has not been, and is not required to be, lodged with the Australian Securities & Investments Commission.

The information contained in this report does not constitute financial product advice. Before making an investment decision, the recipient should consider its own financial situation, objectives and needs, and conduct its own independent investigation and assessment of the contents of this report, including obtaining investment, legal, tax, accounting and such other advice as it considers necessary or appropriate.

This report may contain forward-looking statements, guidance, forecasts, estimates, prospects, projections or statements in relation to future matters ('Forward Statements'). Forward Statements can generally be identified by the use of forward looking words such as "anticipate", "estimates", "will", "should", "could", "may", "expects", "plans", "forecast", "target" or similar expressions. Forward Statements including indications, guidance or outlook on future revenues, distributions or financial position and performance or return or growth in underlying investments are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. Past performance is also not a reliable indicator of future performance.

Opt in to electronic Annual Report

If you would prefer to receive this digitally, you can opt in by emailing cip.enquiry@centuriainvestor.com.au and requesting to receive the annual report via email. We recommend using your personal email address. Not only will you be helping the environment, you will also help reduce costs and increase profitability for all unitholders in the fund. You can update your email, or change your annual report delivery method back to post at any time by emailing cip.enquiry@centuriainvestor.com.au with your request.

If you have any questions, please contact Centuria Investor Services on 1800 182 257.
