## ASX Announcement – April 12, 2013

### Cokal Appoints Indonesian Country Manager

Cokal Limited (Cokal ASX:CKA) is pleased to announce the appointment of Indonesian project veteran Mr Garry Keilenstyn as the Country Manager / President Director PT Cokal. PT Cokal is Cokal's 100% owned subsidiary and operating entity responsible for conducting its activities in Indonesia.

Garry is an expatriate based in Kalimantan, he is a veteran of the Indonesian mining and civil contracting industries. His first Indonesian based role was in the 1974 and has been living and working in country since 1990. His previous roles include:

- Project Manager and Area manager with Petrosea one of Indonesia's biggest mining and civil contractors
- Construction Manager, Mining Manager, Operations Manager, General Manager and Resident Manager for well recognized Indonesian Mining Companies such as PT PT Indo Muro Kencana / Straits Resources, PT Yuga Eka Surya, PT Ganda Multi Energi, PT Baramulti Sugih Sentosa and PT Baramulti Sugih Sentosa.

Garry has strong track record for bringing projects through construction to production in remote parts of Indonesia but importantly he has long and successful track record in the Murung Raya reGENCY where Cokal's premier Bumi Barito Mineral (BBM) project is located.

"We are excited to have a proven performer of Garry's caliber joining us at Cokal at such a critical phase as we finalise our definitive studies for the BBM project ahead of targeted construction commencement in Q4 2013" said Cokal's chairman Peter Lynch. "Garry's practical experience input into those processes will ensure a high level of confidence is achieved in the output of the various engineering studies".

Garry Keilenstyn will commence his formal employment on 1<sup>st</sup> May 2013, but has already begun participated in engineering briefings and meetings to hit the ground running.

### **PROJECT OVERVIEW**

The BBM Coal Project (IUP 188.45/273/2010) is situated in Central Kalimantan, Indonesia in the prospective metallurgical Upper Barito Coal Basin, Regency of Murung Raya. The Project covers an area of 19,920 hectares. The Project is adjacent to the BHP Billiton's, Indomet Coal, Joloi Project in Murung Raya Regency.

BBM has a JORC Resource of 77 Million tonnes (Mt) in four seams comprised of 70Mt Inferred and 7Mt Indicated as well as an Exploration Target<sup>1</sup> of 200 to 350Mt in thirteen seams within the Eastern Block of the BBM IUP (approximately 40 percent of the Project area). Cokal is completing definitive studies and obtaining the necessary approvals with the aim of commencing construction in October 2013 which would see first production occur in the first half of 2014.

### About Cokal Limited

Cokal Limited (ASX:CKA) is an Australian listed company with the objective of becoming a metallurgical coal producer with a global presence. Cokal has interests in four projects in Central Kalimantan and one project (which holds three exploration licences) in West Kalimantan, Indonesia considered prospective for metallurgical coal. Cokal has also signed a joint venture with Tanzoz Resource Company Limited to explore for coal in Tanzania and a co-operation agreement with Mozambique Government Mining Corporation, EMEM, to explore for coking coal in the emerging coal province of Mozambique.

### Forward Looking Statements

Statements regarding plans with respect to the Company's exploration properties are forward-looking statements. There can be no assurance that the Company's plans for development of its properties will proceed as currently expected. There can also be no assurance that the Company will be able to confirm the presence of additional deposits, that any mineralisation will prove to be economic or that a mine will successfully be developed on any of the Company's exploration properties.

### Competent Person Statement

The information in this report relating to Exploration Results is based on information compiled by Patrick Hanna who is a fellow of the Australasian Institute of Mining and Metallurgy and is a consultant (through Hanna Consulting Services) to Cokal Limited.

Mr Hanna is a qualified geologist and has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which they are undertaking, to qualify as Competent Persons as defined in the 2004 Edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves".

Mr Hanna consents to the inclusion in the report of the matters based on the information, in the form and context in which it appears.

The information in this report relating to Mineral Resources is based on information compiled by Tri Yoso who is a member of the Australasian Institute of Mining and Metallurgy and a full time employee of Cokal Limited.

Mr Yoso is a qualified geologist and has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which they are undertaking, to qualify as Competent Persons as defined in the 2004 Edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves".

Mr Yoso consents to the inclusion in the report of the matters based on the information, in the form and context in which it appears.

### Note 1: Exploration Target

All statements as to Exploration Targets of Cokal Limited and statements as to potential quality and grade are conceptual in nature. There has been insufficient exploration undertaken to date to define a Coal Resource and identification of a Resource will be totally dependent on the outcome of further exploration. Any statement contained in this document as to exploration results or Exploration Targets has been made consistent with the requirements of the Australasian Code for Reporting of Exploration Results, Resources and Ore Reserves (JORC Code).
