Terms used in this Explanatory Memorandum are defined in Section 7.

2. Financial Statements

The Corporations Act requires the financial report, the directors' report and the auditor's report to be laid before the Annual General Meeting. There is no requirement either in the Corporations Act or in the Constitution of the Company for Shareholders to approve the financial report, the directors' report or the auditor's report. The Company's 2018 Annual Report is placed before the Shareholders for discussion. No voting is required for this item.

The Company will not provide a hard copy of the Company's Annual Financial Report to Shareholders unless specifically requested to do so. The Company's Annual Financial Report is available on its website at www.cokal.com.au

3. Resolution 1 - Adoption of Remuneration Report

Under Section 250R(3) of the Corporations Act, the vote is advisory only and does not bind the Directors or the Company.

Under the Corporations Act, if at least 25% of the votes cast on the resolution are voted against adoption of the Remuneration Report at two consecutive Annual General Meetings, the Company will be required to put to Shareholders a resolution at the second of those Annual General Meetings proposing the calling of an extraordinary general meeting within 90 days to consider the re-election of all of the directors of the Company (other than the Managing Director) ("spill resolution").

Explanatory Memorandum

All of the directors who were in office when the second (consecutive) Directors' Report was considered at the second (consecutive) Annual General Meeting, other than the Managing Director, will cease to hold office immediately before the end of the spill meeting but may stand for re-election at the spill meeting. Following the spill meeting those persons whose election or re-election as directors are approved will be the directors of the Company.

At the 2017 Annual General Meeting less than 25% of the votes cast were voted against adoption of the Remuneration Report included in the 2017 Annual Report.

3.3 Voting restrictions on Key Management Personnel and their Closely Related Parties and their proxies

5. Resolution 3 – Approval of 10% Placement Capacity

5.1 General

ASX Listing Rule 7.1A provides that an Eligible Entity may seek Shareholder approval at its annual general meeting to allow it to issue Equity Securities up to 10% of its issued capital (**10% Placement Capacity**) without using that company's existing 15% annual placement capacity granted under ASX Listing Rule 7.1.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

As at the date of this Notice, the Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation of \$26,707,789 (based on the number of Shares on issue and the closing price of Shares on the ASX on 28 September 2018).

An Equity Security is a share, a unit in a trust, a right to a share or unit in a trust or option, an option over an issued or unissued security, a convertible security, or, any security that ASX decides to classify as an equity security.

Any Equity Securities issued under the 10% Placement Capacity must be in the same class as an existing class of quoted Equity Securities.

As at the date of this Notice, the Company currently has one (1) class of quoted Equity Securities on issue, being Shares (ASX Code: CKA) and seven (7) classes of unquoted Equity Securities on issue, being Unquoted Options.

Explanatory Memorandum

The exact number of Equity Securities that the Company may issue under an approval under Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

A is the number of Shares on issue 12 months before the date of issue or agreement:

- (i) plus the number of Shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
- (ii) plus the number of partly paid shares that became fully paid in the previous 12 months;
- (iii) plus the number of Shares issued in the previous 12 months with approval of holders of Shares under Listing Rules 7.1 and 7.4. This does not include an issue of fully paid ordinary shares under the entity's 15% placement capacity without shareholder approval; and
- (iv) less the number of Shares cancelled in the previous 12 months.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of Ordinary Securities under ASX Listing Rule 7.1 or 7.4.

Resolution 3 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 3 for it to be passed.

5.2 Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 3:

(a) Minimum Price

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in section 1.1(a)(a)(i), the date on which the Equity Securities are issued.

(b) Date of Issue

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or

Explanatory Memorandum

11.2 (disposal of the Company's main undertaking) (after which date, an approval under Listing Rule 7.1A ceases to be valid),

(10% Placement Capacity Period).

(c) Risk of voting dilution

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 3 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the current market price of Shares and the current number of Equity Securities on issue as at the date of this Notice.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue (Variable 'A' in ASX Listing Rule 7.1A2)	Dilution			
	Issue Price (per Share)	0.0185 50% decrease in Issue Price	0.037 Issue Price	0.056 50% increase in Issue Price
721,832,128 (Current Variable A)	Shares issued - 10% voting dilution	72,183,213 Shares	72,183,213 Shares	72,183,213 Shares
	Funds raised	\$1,335,389	\$2,670,779	\$4,006,168
1,082,748,192 (50% increase in Variable A)	Shares issued - 10% voting dilution	108,274,819 Shares	108,274,819 Shares	108,274,819 Shares
	Funds raised	\$2,003,084	\$4,006,168	\$6,009,252
1,443,664,256 (100% increase in Variable A)	Shares issued - 10% voting dilution	144,366,426 Shares	144,366,426 Shares	144,366,426 Shares
	Funds raised	\$2,670,779	\$5,341,558	\$8,012,337

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently a total of 721,832,128 Shares on issue as at the date of this Notice of Meeting.
2. The issue price set out above is the closing price of the Shares on the ASX on 28 September 2018.

Explanatory Memorandum

3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) **Purpose of Issue under 10% Placement Capacity**

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use funds raised for the acquisition of new resources, assets and investments (including expenses associated with such an acquisition), continued exploration expenditure on the Company's current assets, ongoing project administration and for general working capital; or
- (ii) as non-cash consideration for the acquisition of new resources, assets and investments and in such circumstances the Company will provide a valuation of the non-cash consideration as required by listing Rule 7.1A.3.

The Company will comply with the disclosure obligations under Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities.

(e) **Allocation policy under the 10% Placement Capacity**

The Company's allocation policy for the issue of Equity Securities under the 10% Placement Capacity will be dependent on the prevailing market conditions at the time of the proposed placement(s).

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

Explanatory Memorandum

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the recipients under the 10% Placement Capacity will be vendors of the new resources, assets or investments.

(f) **Previous approval under ASX Listing Rule 7.1A**

The Company obtained approval from its Shareholders pursuant to Listing Rule 7.1A at its annual general meeting held on 29 November 2016. (**Previous Approval**).

During the 12-month period preceding the date of the Meeting, the Company issued 83,877,948 Shares and 80,000,000 Options which represents approximately 23% of the total diluted number of Equity Securities on issue in the Company 12 months prior to the Meeting, which was 706,398,483 (includes estimate of conversion of Convertible Notes on issue 12 months prior to the Meeting).

Further details of the issues of Equity Securities by the Company during the 12 month period preceding the date of the Meeting are set out in Schedule 1 – Issues of Equity Securities Since 29 November 2017.

(g) **Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A**

When the Company issues Equity Securities pursuant to the 10% Placement Capacity, it must give to ASX:

- (i) a list of the recipients of the Equity Securities and the number of Equity Securities issued to each (not for release to the market), in accordance with Listing Rule 7.1A.4; and
- (ii) the information required by Listing Rule 3.10.5A for release to the market.

5.3 Voting Exclusion

A voting exclusion statement is included in this Notice. As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 3.

Explanatory Memorandum

6. Resolution 4 – Approval for the grant of Options to Platinum Entities or their nominee

6.1 Background

On 20 February 2018, the Company issued 75 million Options to the Platinum Entities with an expiry date of 20 February 2023 and an exercise price of 1.6 cents (**Existing Platinum Options**). Each Existing Platinum Option currently vests once all the Platinum Loans have been released and discharged.

The Company is proposing to issue Northrock Financial LLC, Platinum Partners Credit Opportunities Master Fund LP and Platinum Partners Value Arbitrage Fund LP (in official liquidation) (**Platinum Entities**) or their nominees 37.5 million Options with a 4 year term and at an exercise price of 1.6 cents (**New Platinum Options**), as consideration for the Platinum Entities agreeing to extend part of the Debt Restructure Transaction (refer Section 6.5 below).

The issue of the New Platinum Options is subject to Shareholder approval and the Platinum Entities agreeing to not exercise half (being 37.5 million) of the Existing Platinum Options. The New Platinum Options will only be issued once these conditions have been met.

To the extent the Company is able, subject to regulatory requirements, half of the Existing Platinum Options will be cancelled immediately. The cancellation of these options is not conditional on the issue of the New Platinum Options.

6.2 Regulatory requirements

Listing Rule 7.1 provides, subject to certain exceptions, that Shareholder approval is required for any issue of equity securities, where the securities proposed to be issued represent more than 15% of the company's ordinary shares then on issue (**Placement Capacity**).

By approving the grant of the New Platinum Options, the Company will retain the flexibility to issue equity securities in the future up to the Placement Capacity, without the requirement to obtain Shareholder approval.

In the event that Shareholder approval is not obtained for the grant of the New Platinum Options, the Company will issue the New Platinum Options to the extent permissible under the Company's existing Placement Capacity.

6.3 Information required by Listing Rule 7.3

The following information is required by Listing Rule 7.3, for the purposes of Shareholder approval under Listing Rule 7.1:

- (a) the maximum number of securities to be issued is 37,500,000 New Platinum Options;
- (b) If approved, it is intended that the New Platinum Options be granted no later than 3 months after the AGM (or such later date as permitted by any ASX waiver or modification of the ASX Listing Rules) and will be issued on the same date;
- (c) the New Platinum Options will be issued for nil cash consideration. The New Platinum Options are being issued in consideration of the Platinum Entities extending the date for satisfaction of the Subsequent Conditions as set out in section 6.5 below;
- (d) the New Platinum Options will be issued to the Platinum Entities or their nominees approved by the Board. The allottees are not a related party of the Company;
- (e) the New Platinum Options will be issued on the terms and conditions set out in

Explanatory Memorandum

Schedule 2;

- (f) funds raised on the exercise of the New Platinum Options will be used for working capital purposes.
- (g) a voting exclusion applies to this resolution - please see the notes to Resolution 4 in the Notice.

6.4 Recommendation

The Directors recommend that Shareholders vote in favour of Resolution 4.

6.5 Debt Restructure Transaction

On 22 July 2016, the Company announced that it had reached an agreement to convert the Blumont Loan and Northrock Loan (together the **Platinum Loans**) into a production royalty, subject to the preparation of definitive agreements (**Debt Restructure Transaction**).

The Company entered into a definitive royalty deed on 29 April 2017 under which the Company will be granted a discharge and release of its obligations under the Platinum Loans in exchange for a production royalty, subject to certain conditions being satisfied.

The terms and conditions of the royalty deed (including the conditions) were announced to the market on 2 May 2017. The royalty deed included conditions precedent. Certain conditions precedent set out in the royalty deed have already been satisfied as previously announced by the Company. The conditions precedent relating to ongoing production and financing budgets (Subsequent Conditions) have not yet been satisfied. These are as follows:

1) (**Ongoing production**) the Company providing satisfactory evidence that:

(A) after achieving commercial quantity of production and sales (being 15,000 tonnes per month) (**Commencement Date**), the average of the next 6 consecutive months' commercial production is no less than 8,500 tonnes per month; or

(B) coal production in each of the 3 consecutive months after the month of the Commencement Date is of such quantity that is in accordance with an annual production plan to deliver an aggregate of at least 100,000 tpa of Coal,

provided the 6 months under (A) and the 3 months under (B) occur between 9 June 2017 until 9 December 2018.

2) (**Budgets**) Review and approval of (such approval not to be unreasonably withheld or delayed) all budgets prepared for all financing proposals made before the conditions precedent have been satisfied

Under the current terms of the royalty deed, the Subsequent Conditions must be satisfied by 9 December 2018. The Company is negotiating an extension to this date to 31 July 2020 on the basis of the issue of the New Platinum Options and the Platinum Entities agreeing not to exercise 37.5 million of the Existing Platinum Options.

Notes:

1. Market Price means the closing price on ASX (excluding special crossings, overnight sales and exchange traded option exercises). For the purposes of this table the discount is calculated on the Market Price on the last trading day on which a sale was recorded prior to the date of issue of the relevant Equity Securities.
2. Fully paid ordinary shares in the capital of the Company, ASX Code: CKA (terms are set out in the Constitution).
3. In respect of quoted Equity Securities the value is based on the closing price of the Shares (\$0.037) on the ASX on 29 September 2018. In respect of unquoted Equity Securities the value of Options is measured at the time of issue using the Black & Scholes option pricing model. Measurement inputs include the Share price on the measurement date, the exercise price, the term of the Option, the impact of dilution, the expected volatility of the underlying Share (based on weighted average historic volatility adjusted for changes expected due to publicly available information), the expected dividend yield and the risk free interest rate for the term of the Option.
4. Unquoted Options: 1,000,000 exercisable at \$0.12 each, on or before 22 December 2020 (vesting on production of 100,000 tonnes of coal). 4,000,000 exercisable at \$0.15 each, on or before 22 December 2020 (vesting once consistently operating at a production rate for three months of 45,000 tonnes of coal per month).
5. Unquoted Options, exercisable at \$0.016 each, on or before 16 February 2023, vesting on completion of debt to royalty conversion.

SCHEDULE 2 – TERMS OF THE NEW PLATINUM OPTIONS

- 1 Each New Platinum Option is an option to subscribe for one Share in the capital of the Company.
- 2 Each New Platinum Option is exercisable from the date of grant of the New Platinum Options, subject to the satisfaction of the conditions referred to in section 6.1 and 6.2, until 5.00pm (Sydney time) on the date which is 4 years from the date of grant (**Exercise Period**).
- 3 A New Platinum Option automatically lapses immediately after the Exercise Period.
- 4 The exercise price of each New Platinum Option is A\$0.016 (1.6 cents).
- 5 The New Platinum Options are transferable in whole or in part to a person that comes within sections 708(8), (10) and (11) of the *Corporations Act 2001* (Cth) (sophisticated and professional investors) without the Company's consent.
- 6 The New Platinum Options may be exercised wholly or in part by delivering a duly completed form of notice of exercise together with payment of an amount equal to the exercise price per New Platinum Option to the Company at any time during the Exercise Period.
- 7 Upon the valid exercise of the New Platinum Options and payment of the exercise price, the Company will issue Shares ranking pari passu with the existing Shares at the date of issue.
- 8 New Platinum Option holders do not have any right to participate in new issues of securities in the Company made to Shareholders generally. The Company will, where required pursuant to the ASX Listing Rules, provide New Platinum Option holders with notice prior to the books record date (to determine entitlements to any new issue of securities made to Shareholders generally) to exercise the New Platinum Options, in accordance with the requirements of the ASX Listing Rules.
- 9 The option holder does not participate in any dividends unless the New Platinum Options are exercised and the resultant Shares of the Company are issued prior to the record date to determine entitlements to the dividend.
- 10 The Company does not intend to apply for listing of the New Platinum Options on the ASX.
- 11 The Company shall apply for listing on the ASX of the resultant Shares of the Company issued upon exercise of any New Platinum Option.
- 12 If at any time the issued share capital of the Company is reconstructed (whether by way of consolidation of capital, sub-division of capital, return of capital, reduction of capital by cancellation of paid up capital that is lost or not represented by available assets where no securities are cancelled, a pro-rata cancellation of share capital or otherwise) all rights of the option holder will be amended to the extent necessary to comply with the ASX Listing Rules applying to a reorganisation of capital at the time of the reorganisation.
- 13 If there is a pro rata issue (except a bonus issue), the exercise price of a Platinum Option may be reduced according to the following formula:

$$O^n = \frac{O - E[P - (S + D)]}{N + 1}$$

Explanatory Memorandum

Where:

O^n = the new exercise price of the New Platinum Option;

O = the old exercise price of the New Platinum Option;

E = the number of underlying Shares into which one New Platinum Option is exercisable;

P = the average market price per Share (weighted by reference to volume) of the underlying Shares during the five (5) trading days ending on the day before the ex-rights date or ex entitlements date;

S = the subscription price for a Share under the pro rata issue;

D = the dividend due but not yet paid on existing underlying Shares (except those to be issued under the pro rata issue); and

N = the number of Shares with rights or entitlements that must be held to receive a right to one new Share.

- 14 If there is a bonus issue to the holders of Shares in the Company, the number of Shares over which the New Platinum Option is exercisable may be increased by the number of Shares which the New Platinum Option holder would have received if the New Platinum Option had been exercised before the record date for the bonus issue and no change will be made to the exercise price.

Proxy, representative and voting entitlement instructions

PROXIES AND REPRESENTATIVES

Shareholders are entitled to appoint a proxy to attend and vote on their behalf. Where a shareholder is entitled to cast two or more votes at the meeting, they may appoint two proxies. Where more than one proxy is appointed, each proxy may be appointed to represent a specific proportion or number of votes the shareholder may exercise. If the appointment does not specify the proportion or number of votes each proxy may exercise, each proxy may exercise half of the votes. The proxy may, but need not, be a shareholder of the Company.

Shareholders who are a body corporate are able to appoint representatives to attend and vote at the meeting under Section 250D of the Corporations Act.

The proxy form must be signed by the shareholder or his/her attorney duly authorised in writing or, if the shareholder is a corporation, in a manner permitted by the Corporations Act.

If a representative of the corporation is to attend the meeting the appropriate "Certificate of Appointment of Corporate Representative" should be produced prior to admission. A form of the certificate may be obtained from the Company.

A proxy form is **attached** to this Notice.
