## Part 4 – Commentary on Results

During this half year period, the Company has continued the operation of both business units being WebSpy® Internet Management software and Netlink Inspection, asset Integrity oriented software and services.

The WebSpy® business unit continues to operate from its Perth, Seattle and London offices. The transition from a direct product sales strategy to a channel distribution model is progressing with the appointment of distributors in North America and the Middle East being added. Operational costs reductions within the business unit, which were commenced in the second half of the previous financial year, assisted in providing a positive result for the unit in this period.

The WebSpy® business unit also maintained a good level of product development over the six months and were able to release WebSpy® Insight for Microsoft® SBS, (Small Business Server) product. This was amongst other ongoing development projects.

The Netlink Inspection business unit continued to grow in revenue and staff numbers during the period as a result of strong demand from the oil & gas industry. New clients were added during the period including clients in new regions such as Aberdeen, Scotland, Denmark, and Malaysia. Additional clients were added in established regions such as Qatar, Indonesia and Australia, with work also ongoing for existing clients in those regions.

Netlink Inspection continued working with its JV partner Ionik (JP Kenny Group) on marketing the JV in the North Sea, Asia, Middle East, and Houston. The JV has been actively supporting clients in Indonesia over the period and will be using this activity as a test case to present its services in the other regions over the next 12 months.

Following on from Netlink Inspection establishing its first three clients in the North Sea over the past seven months, it plans to establish an operation base in Aberdeen to support existing clients in the area such as Maersk Oil UK, Nexen, and Maersk Oil Denmark. The base will have the ability to provide additional services revenue whilst fulfilling a support function, but even more importantly will present the opportunity for direct local marketing.

## CONDENSED NOTES TO THE CONSOLIDATED INTERIM FINANCIAL REPORT

### 1. REPORTING ENTITY

WebSpy Limited (the "Company") is a company domiciled in Australia. The consolidated interim financial report of the Company as at and for the six months ended 31 December 2006 comprises the Company and its subsidiaries (together referred to as the "consolidated entity"). The consolidated annual financial report of the consolidated entity as at and for the year ended 30 June 2006 is available upon request from the Company's registered office.

### 2. STATEMENT OF COMPLIANCE

The consolidated interim financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards AASB 134 Interim Financial Reports and the Corporations Act 2001.

The consolidated interim financial report does not include all of the information required for a full annual financial report, and should be read in conjunction with the consolidated annual financial report of the consolidated entity as at and for the year ended 30 June 2006.

This consolidated interim financial report was approved by the Board of Directors on 28 February 2007.

### 3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies applied by the consolidated entity in this consolidated interim financial report are the same as those applied by the consolidated entity in its consolidated financial report as at and for the year ended 30 June 2006.

#### Financial Position

The financial statements have been prepared on the going concern basis accounting which assumes that the consolidated entity will be able to meet its commitments, realise its assets and discharge its liabilities in the ordinary course of the business.

The consolidated entity's ability to continue as a going concern is contingent upon the continuous support of the entity's creditors as well as the conversion of trade receivables to cash under the normal terms of trade. If this support is not forthcoming and the Company is unable to convert its trade receivables to cash within normal trading terms, as a result the going concern basis may not be appropriate and the entity may have to realise its assets and extinguish its liabilities other than in the ordinary course of business and at amounts different from those stated in the financial report. No allowance for such circumstances has been made in the financial report.

### 4. PROPERTY, PLANT AND EQUIPMENT

#### Acquisitions and disposals

During the six months ended 31 December 2006 the consolidated entity acquired assets with a cost of \$29,588 (six months ended 31 December 2005: \$20,132).

### 5. SEGMENT REPORTING

*Managing Director*

## Independent Review Report

### To the Members of WebSpy Limited

#### Scope

##### The half-year financial report and Director's responsibility

We have reviewed the accompanying half-year financial report comprising the balance sheet as at 31 December 2006 and the income statement, statement of changes in equity and cash flow statement for the half-year ended on that date, a description of accounting policies, other selected explanatory notes to the financial statements and the directors' declaration for the consolidated entity. The consolidated entity comprises both the WebSpy Limited (the Company) and the entities it controlled during that half-year.

The directors of the consolidated entity are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the appropriate accounting policies and reasonable accounting estimates inherent in the half-year financial report.

#### Review approach

We conducted an independent review where our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagement ASRE 2410 'Review of an Interim Financial Report Performed by the Independent Auditor of the Entity', in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including, giving a true and fair view of the consolidated entity's financial position as at 31 December 2006 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 'Interim Financial Reporting and the Corporations Regulations 2001'. As the auditor of WebSpy Limited and its Controlled

Entities, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

**Independence**

In conducting our review, we complied with the independence requirements of the Australian professional ethical pronouncements and the Corporations Act 2001.

**Conclusion**

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of WebSpy Limited and its Controlled Entities is not in accordance with the Corporations Act 2001, including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2006 and of its performance for the half-year ended on that date.
- b) complying with Australian Accounting Standard AASB 134 : 'Interim Financial Reporting' and the Corporations Regulations 2001.

**Inherent Uncertainty Regarding Continuation as a Going Concern**

Without further qualification to the statement expressed above, attention is drawn to the following matter. As a result of the matters described in Note 1, there is significant uncertainty whether the consolidated entity will be able to continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.
