### **ASX Announcement**

#### **Contract between Nu-Mega and So Natural Foods for the supply of Nu-Soya<sup>®</sup>**

Clover Corporation Limited's (Clover) subsidiary Nu-Mega Ingredients Pty Ltd (Nu-Mega) has just signed a long term supply agreement with So Natural Foods Australia Ltd (SNF) for the provision of Nu-Soya<sup>®</sup> whole soy flour ingredients. SNF will manufacture their So Natural range of whole bean soy beverages exclusively from Nu-Soya<sup>®</sup>.

Nu-Soya<sup>®</sup> ingredients (whole soyabean goodness without the beany taste) offer SNF the opportunity to improve both the taste and nutrition profile of their soy beverages, while reinforcing its minimally processed, whole bean leadership position in the market.

To fully capitalise on these product improvements, the agreement with Nu-Mega also provides SNF with the opportunity for the exclusive use of Nu-Soya<sup>®</sup> whole soy flour for the Australian UHT soy beverage market for an initial period to 30 June 2009.

Nu-Mega is marketing Nu-Soya on behalf of the manufacturer Future Food Ingredients Pty Ltd, a 50:50 joint venture between Clover and Austgrains Pty Ltd. The use of Nu-Soya<sup>®</sup> will begin progressively during the current financial year.

End document.
