CORPORATE

Gulf announced on 7 March that its wholly owned subsidiary, GLF Holdings Limited (“GH”) had extended the repayment date, increased the amount of and amended the terms of the 2 bridge loan facilities (the “Bridge Loans”) from entities controlled by 2 of its major shareholders, being Richmond Partners Masters Limited (“Richmond”) and Jonah Capital (BVI) Limited (“Jonah”). The loans are now repayable on 30 September 2013 and have been increased to \$ 4,135 million. The Bridge Loans are secured over Gulf’s Ugandan assets, including the mining lease and the exploration licences as approved by shareholders at an extraordinary general meeting held on 4 January 2013. The key amendments to the bridge loans are as follows:

- Payment of an Arrangement and Commitment fee being 7% of the new loan
- Interest rate is 15% per annum
- Maturity date is 30 September 2013 or such later date agreed between the parties.

- Subject to shareholder approval being obtained by Gulf, the lenders can require that Gulf issue Equity securities in satisfaction of the outstanding loan amounts at \$0.002 per share.
- A fee of 30% of the Principal Outstanding will be payable if shareholders do not provide all necessary approvals for the issue of the equity securities

Gulf also announced on the 7th of March that agreement had been reached with Dupre Minerals in respect to the termination of the Distribution Agreement between the parties, the terms of which require the Gulf or its subsidiary to pay Dupre Minerals US\$900,000 in a combination of finished goods and cash. In addition, as part of the termination, Gulf or its subsidiary will repay Dupre Minerals its interest free loan of US\$300,000. There are a number of conditions precedent before the Distribution Agreement is terminated and these are expected to be satisfied by quarter two this calendar year. Once the termination is effective, the Company will be free to market its vermiculite independently rather than exclusively through Dupre.

There were 460,000,000 unlisted options issued which are exercisable at \$0.002 with an expiry date of 8 January 2018 as approved by shareholders at the extraordinary general meeting held on 4 January 2013.

The 52,629,028 listed options exercisable at 10 cents lapsed on 31 March 2013.

Board Changes

During the quarter Mr Christopher Innis resigned as a Director. Ms Anne Adaley was appointed as Company Secretary on 24 January 2013 with the resignation of Mr Wayne Kernaghan as Company Secretary.
