Quarterly Activities Report

For the period ending 31 March 2014

EXPLORATION

Cables & Mission Project

The company followed on from its previously completed 24 hole program at its 100% owned Cables and Mission Prospects E37/747. After reviewing the data, a second round of drilling commenced with the primary focus being on confirming the resource remaining open at depth. As of the date of this report the company is awaiting the results of the second round drilling.

Development of the Company's Gold project continued with the Stage 2 drilling continuing into late December 2013.

The company announced planning to undertake a Preliminary Economic Assessment (PEA) at its Cables and Mission Project.

The previous assay results were received by the company and released to the market as it works towards upgrading and extending the currently defined Inferred Mineral Resource.

Corporate

The company is in dialog with a number of interested groups for further funding of the Cables and Mission Exploration Project. Once agreements on terms have been finalised the appropriate announcements to the market will be provided.

During February the company released its notice of General Meeting from the ASX. This included resolutions for conversion of loans, ratification of prior issues and constitutional change. These were approved by shareholders in March 2014.

The company and its Auditors worked completing the half yearly report during February 2014. This was finalised by the 15th of March 2014 for release to the market.

Yours faithfully

Damon Sweeny

Company Secretary
