

ASX Announcement

2 December, 2002

COMPUMEDICS LIMITED – REMAINING SHARES HELD IN ESCROW SINCE IPO

Please note that all remaining shares held in escrow were released from escrow on the 29 November, 2002 pursuant to the Escrow Agreements as documented in the Prospectus related to Compumedics' initial public offering dated 29 November, 2000.

David Lawson
Company Secretary

Compumedics is a global leader in the design and manufacture of technology systems for the diagnosis of sleep disorders, neurophysiology and cardiology. It holds 70% of the Australian sleep diagnostic market and has sold to leading international sleep and neurological centers. The company has offices in the United States, Asia and Europe to drive its growth into the burgeoning global markets for sleep and neuro-diagnostic products.
