RE:	
Cochlear Limited	

I am following up regarding the shareholder notification which we submitted on 31 May 2013, in respect to interests in Cochlear Limited as of 30 May 2013. In reference to my original fax cover note*, I am confirming that no amendment is necessary. All trade and pricing data was complete and accurate in the original filing.

**Note from fax cover on original submission on 31 May 2013; "Attached is a shareholder cessation disclosure notification regarding Cochlear Limited reflecting that our interests have crossed below 5% as of 30 May 2013. Please note that we are collecting trade and pricing data and will amend this form to reflect that data when it is assembled. We are filing in this manner in order to provide timely notice of crossing below 5% to the Exchange, Market and Issuer within the 2 day disclosure timeframe."*

Regards,

Ivan Arias
